Hello Westside Families,

I am looking for parent volunteers for our Kids Heart Challenge (formally, Jump Rope for Heart) Event. Parent volunteers are needed to help with the various stations we will have so that every student stays active and enjoys the fun-filled day.

FEBRUARY CHALLENGE

This month we will be focusing on **EXERCISE AND SLEEP**. The American Heart Association promotes our youth to exercise for 60 minutes a day and sleep 10-12 hours a night. For one week the challenge is to keep track of exercise and sleep. Once the week is over, please look over the information and review what your son/daughter is doing well and what needs improving. Then have your child turn in this form to Mrs. Phillips to be entered into a drawing.

All our challenges are optional and are meant to encourage your child gain or maintain healthy habits: limiting sugar and salt, getting more exercise, sleeping more or eating more vegetables and fruits.

Healthy Habits begin at a young age, it is never too early to start.

Student Council will be
starting sales on Thursday,
February 7th!

--Cost is only \$1.00--

**All profits will be going to the
family of Leah Wurdinger.**

In early January, Leah, a 2nd grader at Westside, began to lose her balance while walking. It progressively worsened to the point she was unable to walk on her own. She also lost her appetite resulting in weakness and the ability to use her hands for simple tasks. She was admitted to Children's Hospital in Milwaukee on January 25th for doctors to run a lot of tests to figure out what was causing all these issues. She will be staying in the hospital for a week or longer and will continue with therapy afterwards. Leah misses her teachers and friends at school very much and can't wait to come back to Westside!

Student Council is accepting donations for Leah's family to pay for travel expense and other essentials.
