- B. "Teacher" shall refer to each employee of the School Corporation who is a part of the bargaining unit as herein defined.
- C. "Board" shall include its authorized officers, representatives and designated agents of the PCSC Board of Trustees.
- D. "Association" shall include its authorized officers, representatives and designated agents of the Plymouth Education Association.

**ARTICLE III
COMPENSATION MODEL**

Section 1 - Salary Range

- A. The salary range for the compensation model is \$34,398 - \$66,646.
- B. Once teachers reach \$67,672 as their base salary, they will no longer receive a base salary increase but will be eligible for a stipend equivalent to any base salary increases all other teachers receive.

Section 2 - General Eligibility

- A. Except as provided in B below, a teacher who received an evaluation rating of ineffective or improvement necessary in the prior school year is not eligible for any salary increase and remains at their prior year salary.
- B. A teacher who is in the first two full years of instructing students who receives an evaluation rating of improvement necessary or ineffective is eligible for a salary increase.
- C. A teacher must work at least 120 days to qualify for a base salary increase.
- D. Any increase will not be paid to teachers who are no longer employed by PCSC as full time certified teachers.

Section 3 - Definitions:

- A. Certified Teacher Salary Savings will be defined as the difference between the compensation of a certified teacher who is no longer employed with the district and that of his/her replacement. If a certified position is not being replaced in an effort to prevent deficit financing, it will not be considered as part of the funds that are available through Certified Teacher Salary Savings. If the position that was not replaced is replaced one year later, then it will have a neutral effect on the calculation of Certified Teacher Salary Savings. If a position is added to the bargaining unit, it will not be counted against the Certified Teacher Salary Savings.
- B. Use of Certified Teacher Salary Savings
 - i. If the compensation model is fully funded or greater, none of the salary savings will be utilized. Raises will be based on 63% of the total amount of new money available for bargaining.
 - ii. If 63% of the new money available for bargaining is less than a fully funded model but more than \$200,000 then 33% of the certified teacher salary savings will be allotted to the bargaining unit.
 - iii. If 63% of the new money available for bargaining is less than or equal to \$200,000 but more than \$100,000, then 66% of the certified teacher salary savings will be allotted to the bargaining unit.
 - iv. If 63% of the new money available for bargaining is less than or equal to \$100,000, then 100% of the certified teacher salary savings will be allotted to the bargaining unit.
- C. A fully funded compensation model will be defined as having \$380,000 available to the bargaining unit.
 - i. Sixty-three percent (63%) of new money (estimate of general fund revenue available for bargaining) is designated to the bargaining unit. On years with an increase to health insurance premiums, 6% of the new money will be contributed toward the health insurance premiums and 57% of the new money will be for compensation.
 - ii. If the new money exceeds the amount needed to fund the compensation model, the additional new money will be distributed through a negotiated agreement, which may include an increase in the base salary.

Section 4 - Factors and Distribution

- A. Evaluation Rating - The teacher received a highly effective or effective evaluation rating for the prior year.
 - i. Two-thirds ($\frac{2}{3}$) of the amount available will be equally distributed to all teachers who satisfy the evaluation factor.

- 114 B. Year of Experience - The teacher was employed in the corporation for at least 120 days
 115 in the prior year.
 116 i. One-third (1/3) of the amount available will be equally distributed to all teachers
 117 who satisfy the experience factor.
 118 C. \$145,239 is available for the bargaining unit for the 2018-19 school year.
 119 D. Because all available funds will be distributed to eligible teachers, there will be no funds
 120 remaining to redistribute.
 121

The teacher of the non-AP or non-dual credit course shall receive a \$500 stipend if that teacher is not already earning the \$700 stipend. The teachers will evenly share the per student amount.

Section 1. Group Health Insurance

Immediately following severance, the teacher and his/her spouse, if any, shall have the option of remaining in the Corporation's current group health insurance plan if all of the following conditions are met as of the date of severance and thereafter:

- A. While the retired teacher and spouse, if any, remain enrolled in the health insurance plan, the retired teacher and spouse shall pay the entire insurance premium applicable to the insurance coverage, with the premium payment to be made monthly, said payments to be made on or before the first day of the month. The failure to make a payment when due (including the 30-day grace period) will result in the lapse of coverage or the cancellation of coverage as provided in the insurance plan.
- B. Within ninety (90) days of the severance date, the teacher has provided a written request to the School Corporation for continuing insurance coverage for the teacher and spouse, if any. In emergency circumstances, the school corporation may waive the ninety (90) day requirement.
- C. The teacher has attained at least fifty-five (55) years of age on the last day of the final year of teaching and is not eligible for Medicare.
- D. The teacher was enrolled in the Corporation's group health insurance plan during the school year immediately before severance.

When a retired teacher first becomes eligible for Medicare, the teacher's eligibility to continue to participate in the Corporation's group health insurance plan shall terminate, if not earlier terminated according to applicable law. (The same termination of eligibility shall also apply when a retired teacher's spouse first becomes eligible for Medicare.) It is acknowledged that the parties intend these provisions to comply with applicable federal and state laws that establish an eligible teacher's right to continue health insurance for the teacher and spouse, including if otherwise applicable, Indiana Code 5-10-8-2.6. The right to continue insurance coverage under this article shall be in addition to and not in lieu of rights for continued health insurance coverage under COBRA.

Starting, August 14, 2007, the school corporation shall contribute to a voluntary employees' beneficiary association ("VEBA") as described in section 501 (c) (9) of the Code. The Board agrees to contribute one and fifteen one hundredths of a percent (1.15%) of the teacher's base pay (as reflected on the salary range without adjustment for any extra-curricular pay). As of February 2, 2011, 1.15% of a teacher's base pay (as reflected by the teacher's placement on the salary range without adjustment for any extra-curricular pay) will be contributed to the individual's VEBA as follows: a) Medical expense reimbursement account – annually \$125.00, b) health insurance premium account – annually 1.15% of a teacher's base pay (as reflected by the teacher's placement on the salary range without adjustment for any extra-curricular pay) minus \$125.00. Additionally, for each teacher who is listed on Schedule 1 and whose initial VEBA contribution under Article IX of this Agreement is less than one thousand dollars (\$1,000.00) and for all teachers hired after June 30, 2004 and before ratification of this Agreement by the School Board, the School Corporation will make a one time deposit into that teacher's VEBA account of one hundred dollars (\$100.00). This one-time payment will be made at the time that the VEBA accounts provided for in Article IX are first funded. For teachers hired after the date of ratification of this Agreement by the School Board, the School Corporation will make a one-time deposit into that teacher's VEBA account of sixty dollars (\$60.00). This one-time payment will be made when the VEBA account is first funded.

The Board contribution under this provision shall be immediately vested and portable.
- B. The Board shall make equal monthly contributions throughout the school year, and will complete its contributions on or before September 1 of each succeeding year. There will be no commingling of accounts and each employee may determine how his or her account shall be invested among the investment options made available by the investment vendor for the VEBA Plan. The single investment vendor for the VEBA plan shall be determined through a mutual agreement between PEA and the Board.
- C. Upon deposit each participant is considered immediately vested in these individual VEBA accounts.
