## 2019-20 SCHOOL YEAR | WE'RE HIRING!

The Tunbridge Out-of-School Time (OST) Program offers Tunbridge families a high quality option for students in pre-k through grade eight before and after school. The Tunbridge mission is to teach our children to live healthy, balanced lives — during the school day and before and after school, too. Our OST Program abides by the standards set by the Maryland Out-of-School Time Network (MOST).

The Tunbridge OST Program is looking for after school program counselors and activity leaders. Candidates must enjoy kids, be passionate about working with elementary and middle school age children, and be willing to help them to be engaged and have fun. It is also a priority for candidates to feel comfortable with maintaining order and the program expectations for their group.

**COUNSELORS:** Please apply only if you adore children and are available to work every Monday - Friday from 2:15 - 5:30 pm on all days when school is open.

**ACTIVITY LEADERS:** Needed to run activities during the last hour of our program in areas such as chess, robotics, Rubix Cubes, Stocks in the Future program, knitting, Zumba, tumbling, Spanish, Russian, Pipeline Soccer, STEM activities, Magic the Gathering club, Maryland Science Olympiad, Bridges program, and more!

**QUESTIONS?** If you are interested in one or both of the positions listed please send your resume to Ricarda Easton, OST Coordinator at [reaston@afyabaltimore.org](mailto:reaston@afyabaltimore.org) by **AUGUST 1, 2019**. Hiring process will begin August 5th so please be available for interviews.
