MESSAGE FROM OUR DISTRICT ADMINISTRATOR

Greetings Tomah Area School District Families! February 1st-5th is National School Counselors Week! Join me in celebrating and thanking our amazing school counselors serving Tomah Area School District students every day! Their extraordinary skill sets provide our students with the tools to succeed! The National Association of School Counselors captures the meaningful impact counselors have in the school setting through their description of a school counselor's role: **"School Counselors help students form healthy goals, mindsets and behaviors. With the aid of a school counselor, students learn to develop effective collaboration and cooperation skills, to practice perseverance, to develop time management and study skills, and to learn self-motivation and self-direction habits."** Thank you, Tomah Area School Counselors, for making our school district a great place for students to learn and grow along each step of their educational journey! We are grateful!

- Dr. Hanson
