

201 DEVELOPMENT, ADOPTION, AND IMPLEMENTATION OF POLICIES

I. PURPOSE

- A. The purpose of this policy is to emphasize the importance of the policy-making role of the school board and provide the means for it to continue to be an ongoing effort.

II. GENERAL STATEMENT OF POLICY

- A. Formal guidelines are necessary to ensure the school community that the school system responds to its mission and operates in an effective, efficient and consistent manner. A set of written policy statements shall be maintained and modified as needed. Policies should define the desire and intent of the school board and should be in a form, which is sufficiently explicit to guide administrative action.

III. DEVELOPMENT OF POLICY

- A. The school board has jurisdiction to legislate policy for the school district with the force and effect of law. School board policy provides the general direction as to what the school board wishes to accomplish while delegating implementation of policy to the administration.
- B. The school board's written policies provide guidelines and goals to the school community. The policies shall be the basis for the formulation of guidelines and directives by the administration. The school board shall determine the effectiveness of the policies by evaluating periodic reports from the administration.
- C. Policies may be proposed by a school board member, employee, student or resident of the school district. Proposed policies or ideas shall be assigned by the Director to the appropriate committee for drafting or review. All school policies shall be reviewed periodically by the assigned committee.

D. Policy Review Procedure

- IV. **New Policy** - Once drafted in committee, a new policy shall be placed on the Board agenda and action taken pursuant to Paragraph IV Adoption of Policy.

- V. **Changes to Existing Policy** – If a committee recommends changes to an existing policy,

the policy with the proposed language shall be placed on the Board agenda and action taken pursuant to Paragraph IV Adoption of Policy. All policy changes shall be individually dated so the Board is advised of the final policy language to be voted on.

- VI. **No Change to Existing Policy** – If the assigned Board committee determines that no policy change is needed, the Committee Chair shall inform the Board Chair, the Director and the Board accordingly. The Director shall add the review date to the policy without the need for Board action.

VII. **ADOPTION OF POLICY**

- A. The school board shall give notice of proposed policy changes or adoption of new policies by placing the item on the agenda of two school board meetings. The proposals shall be distributed and public comment will be allowed at both meetings prior to final school board action.
- B. The final action taken to adopt the proposed policy shall be approved by a simple majority vote of the school board at a subsequent meeting after the meetings at which public input was received. The policy will be effective on the later of the date of passage or the date stated in the motion.
- C. In the case of an emergency, a new or modified policy may be adopted by a majority vote of a quorum of the school board. A statement regarding the emergency and the need for immediate adoption of the policy shall be included in the minutes. The emergency policy shall expire within one year following the emergency action unless the policy adoption procedure stated above is followed and the policy is reaffirmed. The school board shall have discretion to determine what constitutes an emergency situation.
- D. If a policy is modified because of a legal change over which the school board has no control, the modified policy may be approved at one meeting at the discretion of the school board.

VIII. **IMPLEMENTATION OF POLICY**

- A. It shall be the responsibility of the director to implement school board policies, and to develop administrative guidelines and directives to provide greater specificity and consistency in the process of implementation. These guidelines and directives, including employee and student handbooks, shall be subject to annual review and approval by the school board.
- B. Each school board member shall have access to this policy manual, and a copy shall be placed in the office of each school attendance center. Manuals shall be available in the central office and made available for reference purposes to other interested persons.

- C. It shall be the responsibility of the director, employees designated by the director, and individual school board members to keep the policy manuals current.
- D. The school board shall review policies at least once every three years. The director shall be responsible for developing a system of periodic review, addressing approximately one third of the policies annually.
- E. When there is no school board policy in existence to provide guidance on a matter, the director is authorized to act appropriately under the circumstances keeping in mind the educational philosophy and financial condition of the school district. Under such circumstances, the director shall advise the school board of the need for a policy and present a recommended policy to the school board for approval.
