IU5 Crisis Response Procedures

Crisis event occurs in the school district.

During regular business hours, the superintendent calls the Intermediate Unit's Crisis Response line (866-207-6474) and reports a crisis situation. The superintendent is connected with an Intermediate Unit administrator for assistance.

After regular business hours, the superintendent calls Professional Communications answering system at 814-452-8941. This answering system contacts an Intermediate Unit administrator who calls the superintendent.

The Intermediate Unit administrator consults with the superintendent and gleans basic details of the crisis situation and the school district's need for Intermediate Unit staff assistance.

The Intermediate Unit crisis staff are mobilized and deployed by the Intermediate Unit administrator.

The Intermediate Unit crisis staff will arrive at the school district crisis site and follow the school district administrator's direction according to the school district's crisis plan.
