COPPA Parent Approval Form

Northwest Tri-County IU5 is committed to the safety of our students, especially when it comes to young students using online resources. We have compiled a list of interactive websites and applications approved for use, found at https://tinyurl.com/IU5AppPrivacyPolicyList or on our website under Parent & Student Services. Each resource found on this page contains a link to a privacy policy, which describes how that website collects and uses student data. Northwest Tri-County IU5 is vigilant about protecting student information. We encourage you to explore the list to review the individual privacy policies. As Northwest Tri-County IU5 evaluates other online resources that meet our strict privacy standards, we will continue to update this list of apps and websites. We encourage you to check back periodically for the most updated information.

Some of the websites and applications require registration before use. **Because your child is under 13 years of age, the registration process requires parental consent. By signing below, you are consenting to allow your child’s teacher to indicate during the registration process that you have consented to the use of each of these websites and applications, and that you agree to the privacy policy terms as enumerated on each website.** Should you disagree with a website or app on the approved list, you may, of course, revoke consent at any time if you so choose. In such a case, the district may then have to develop an account without identifying information for your student to utilize, so they maintain full access to the resource.

The use of these applications and the collection of personal information from students will be for the use and benefit of the school and not for commercial purposes. For these reasons, the Intermediate Unit is permitted and will be providing the website of consent, on behalf of the parents without the need for individual parent consent for each website application, unless you elect to opt out of this common consent.

By signing below, you are consenting to allow your child’s teacher to indicate during the registration process that you have consented to the use of each of the resources, and that you agree to the privacy policy terms as enumerated on each website.

**By signing below, I confirm that I have read and agree to the following while my student is enrolled at Northwest Tri-County IU5:**

- I agree to allow my child to be registered on and use the resources.
- I understand that some personally identifiable information for my child including his/her screen name, first name, and/or work samples may be posted on the internet in a way that could be accessible to the public.

Student Name: ........................................... Date: ...........................................

Parent or Guardian Signature: ........................................... Date: ...........................................
