March 2, 2020

Dear Parents and Guardians,

The Director of Innovation and Strategic Initiatives, two principals, two content specialists, and four classroom teachers from the Quaker Valley School District spent the day at Park Elementary. They had the opportunity to meet with students and staff, tour the school, and sit in on classes.

Park is the only school in Allegheny County that has been asked to support the National Center on Education and the Economy as it works with the Pennsylvania Department of Education to put an advanced credentialing system in place for educational leaders. Park is also the only elementary school in Pennsylvania west of Harrisburg that has been recognized by Apple as an Apple Distinguished School. For these reasons, and others, Park Elementary will serve as a model school for educators from across the region.

Please thank the teachers and staff for their hard work, and congratulate your children for the great job they have done to put the school in this position. And, as always, thank you for your continued support.

Sincerely,

Dr. Thomas Shaughnessy  
Principal  
Park Elementary School
