

Hi boys and girls!

This week was great! I had lunch with the fourth graders and with Mrs. Callahan's third graders. I loved seeing everyone. I can't wait until next week – I'm going to have lunch with the rest of the third graders and with second grade!

Please make sure you hit the "Turn In" button on your assignments. And please don't send your teacher a message that just says, "Done" – follow the directions they give you! Finally, make sure you complete your assignments for art, library, music, and gym. They're important, and won't take long.

Lunches are still being passed out at the High School and Barrett Monday-Friday.

Since my office at school is shut down, I made a new one in Google Classroom – you've all been invited to stop by. It needs a lot of work! My office at school was covered with your pictures and stories. I know a lot of you like writing – if you send me a story I'll give you some feedback and when you're happy with it we can "hang it up" for the whole school to see! And we can hang up your pictures, too. I really miss the hard questions that the kindergarteners and first graders would ask at lunch – that was so much fun! If you have a hard question, please send it to me – we can ask the whole school!!!

Have a nice weekend boys and girls!
