

This is a message for parents and guardians of Park Elementary students.

We have a few important announcements:

- Tomorrow, Wednesday, September 9th, students should log into all of their Google Classrooms. If issues arise, classroom teachers and technology support will be available to assist. This process will ensure that all students will be able to access their Google Classroom sessions prior to the first day of synchronous remote learning. Students will also complete a Digital Citizenship lesson in Mrs. Chalus's Google Classroom so they will be better prepared to safely and effectively use technology.
- Beginning Thursday, students should plan to join their teacher's Google Classroom page at 8:00 each day and follow their daily schedule. We encourage all students to participate in the live instruction. Lessons will be recorded and posted on Google Classroom pages for two days, if that is not possible.

Thanks, and have a nice afternoon!
