

## **Player passes for parents and guardians of our student athletes**

Home sporting events will begin this week. Steel Valley High School will be issuing two player passes to parents and guardians of our student athletes. The passes must be used by an adult - no students or children will admitted.

There will also be a personal symptom screening form that will be provided. No senior citizen passes will be accepted. Player passes and the symptom screening form must be presented to enter the stadium. Spectators will be required to wear a mask and follow social distancing guidelines. The district is committed to providing the safest environment for spectators, staff, and our student athletes. Your cooperation during this unprecedented time is appreciated by staff and administration.
