Edward Wehrer
Superintendent

February 12, 2021

Dear Steel Valley Families,

Beginning Monday, March 1, 2021, the Steel Valley School District will offer increased in-person instruction for all students who prefer that model. The in-person instruction will happen four days a week, Monday through Thursday, at each of our schools.

We are assuming that most families will prefer to remain with their current choice of either in-person or remote, so students currently attending school in our hybrid program will be placed automatically into the full in-person learning model. Likewise, students currently doing only remote learning will remain in full remote learning. **However, if you wish to change the instructional model for your child, whether they would be moving from hybrid to remote or from remote to in-person four days per week, you must notify your child's school of your intention to change by Friday, February 19, 2021.** This deadline will give us a full week to plan accordingly before March 1.

For your information, the livestreaming that will start on Tuesday, February 16, will remain in place on March 1 and throughout the remainder of the school year for our remote learners. Also, Fridays will remain the same as they are now.

Sincerely,

Edward Wehrer Superintendent
