REGIONAL OFFICE OF EDUCATION #26

To the Members of the Regional Office of Education Community serving our four counties:

We would like to thank the staff members, supporters, and sponsors who have made this publication possible. Your support allows the Regional Office of Education #26 to distribute this directory to the teachers and staff members of our region.

Producing this directory is a labor of love, and we could not make it happen without the help of the organizations that purchased advertising space. Please take time to read the advertisements and consider visiting or doing business with these entities. Together, we make our communities and our region stronger and more successful.

I also want to thank the staff members in our local districts and at our ROE who have worked to make this directory the comprehensive resource it is. We cover 4 counties in our region, Fulton, Hancock, McDonough & Schuyler, and we will work to provide the best service possible to our schools and families. I trust you will find this directory an extremely helpful resource during the school year. "Champion our Community".

Sincerely,
John Meixner
Regional Superintendent of Schools

Taking You Where You Want To Go

Take the SRC challenge. Get out a calculator and compare one year of our tuition and fees to one year at any four-year school. On average, SRC costs 30% less than public universities and 80% less than private universities. So... how much money could you save by choosing SRC?
