 - project stages
 - timeline

Central School Boiler Replacement Project [Subscribe to Project Updates](#)

The Central Elementary School is utilized for Pre-Kindergarten through 2nd Grade (approximately 600 students). The School was originally built in 1950, with an addition constructed in 1961 and another addition (modular type) constructed in 2006.

The Boiler Replacement Project will replace the two Weil-Mclain gas fired steam boilers, which were installed in 1988 (31 years old). The E. Bridgewater School District filed the Grant Application in 2017 and was invited to participate in the Massachusetts School Building Authority's (MSBA) Accelerated Repair Program. The total cost for the Boiler Replacement Project is estimated to be \$1,540,910 of which approximately 56.26% will be funded by the MSBA.

Construction is expected to occur during the Summer of 2019 and completed in time for school to start August 28, 2019.

The boiler replacement project will improve energy efficiency and pave the way for other building repairs such as window replacements, roof repairs and ... [View more >](#)
