7	He meets twice a week on zoom. Obviously he'd love to see his class more but that isn't realistic for these teachers and all the other meetings and managing their own family life.	5/1/2020 3:52 PM
8	As its only 2 days a week, the child does not feel the lively classes	5/1/2020 9:48 AM
9	They meet twice a week, anymore and the coordination would be tricky.	5/1/2020 8:01 AM
10	I appreciate that the teacher works on assignments given to the students. this does not happen with my other child's class. If required activities are done with the teacher, remote classes are helpful. If they're not done, then it just causes a lot of extra time for parents who need to try and work from home at the same time.	5/1/2020 12:18 AM
11	My son feels like he likes the once a week interaction and for a kindergartener i think it's enough	4/30/2020 8:46 PM
12	Might be useful if the interaction time is increased.	4/30/2020 7:29 PM
13	I think it's less time to interact with each child.	4/30/2020 6:58 PM
14	He enjoys seeing his classmates, but I wish he was able to "Zoom" with his class twice a week vs. once per week.	4/30/2020 4:19 PM
15	Need to do more..	4/30/2020 4:10 PM
16	The younger children can only handle so much zoom. We appreciate the teacher read alouds too.	4/30/2020 4:06 PM
17	It's great to see the classroom and I appreciate the teachers being vulnerable as they try new ways of teaching.	4/30/2020 2:25 PM
18	Interaction with teachers are very good and teachers are extremely engaging. Only concern is kids can have the fun experience of school if some online craft and art should be added and for that more time may need to be allocated.	4/30/2020 2:25 PM
19	I agree with the idea about zoom meeting	4/30/2020 1:16 PM
20	barely any socialization time	4/30/2020 12:36 PM
21	no comments	4/30/2020 12:22 PM
22	Kids feel happy to meet and greet everyone in the class room and can learn some difficult concepts easily as in class	4/30/2020 11:33 AM
23	Eventhough we meet his teachers he is not listening to them as much as he does at school	4/30/2020 11:01 AM
24	2	4/30/2020 11:00 AM
25	He has 1 meeting a week with his kindergarten class. I think that works but I know he will like to be able to see everyone more.	4/30/2020 9:33 AM
26	I agree	4/30/2020 9:16 AM
27	She meets with her class 3 times a week which is great. It keeps her in touch with her class and the assignments taught during this time are a huge help to me who is also working from home.	4/30/2020 9:15 AM
28	Live meetings have to be more frequent and more productive. Cover new topics and explanations, some practice, same as they did in class. Less unnecessary talking	4/30/2020 9:13 AM

## Beal Early Childhood Center Remote Learning Survey – April 2020

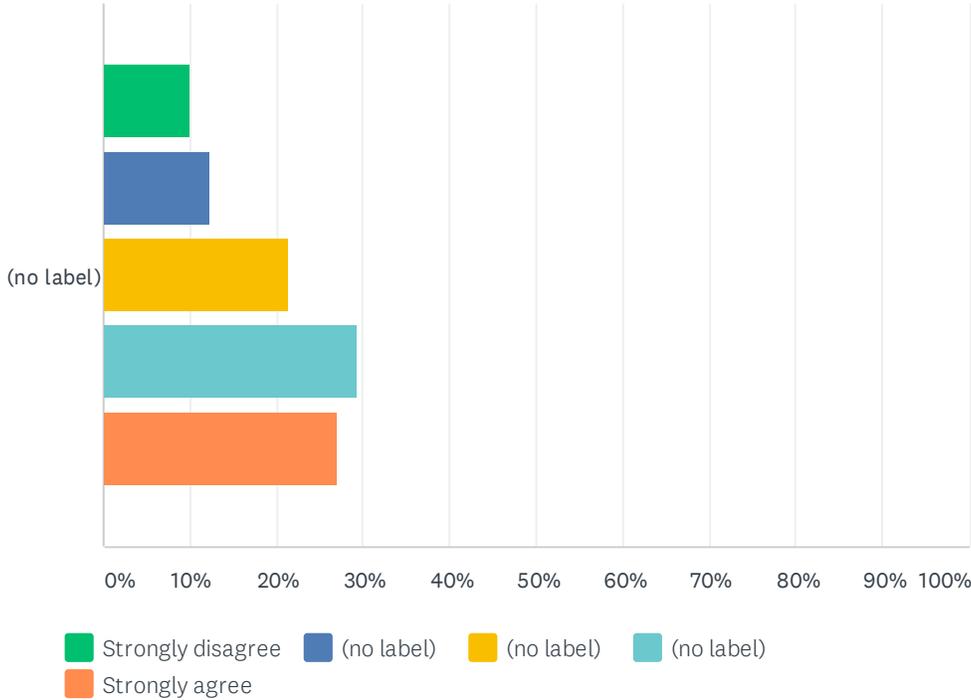

29	5/10. Meeting only once a week	4/30/2020 8:06 AM
30	Although there are barriers to remote learning as compared to traditional classes, my child's teachers have been able to keep him engaged for 30mins twice each week.	4/30/2020 7:40 AM
31	Only 30min per week	4/30/2020 12:17 AM
32	I think kids feel a little lost and left out during some of the sessions . Most of sessions we attend with my child to keep her focussed and enthusiastic about the class and participate	4/29/2020 10:26 PM
33	Live teacher sessions are plenty	4/29/2020 10:21 PM
34	I believe that we could take 30 minutes daily classes. Another important issue is ESL classes because my daughter arrived from Brazil in February / 2020 and still needs help understanding English. We should have exclusive online ESL classes.	4/29/2020 10:07 PM
35	Live interaction s frequency can be increased atleast two times a day	4/29/2020 10:06 PM
36	I think that once a week live Zoom is plenty for kindergarten. Remember, that this age still needs monitoring and this means that an adult has to sit with the child each time.	4/29/2020 9:48 PM
37	I think kindergarteners really need live help from their parents more than a lot of on screen videos. Kindergarteners can't be expected to pay attention to hours of online conferencing. Right now, my child is online sitting and watching a teacher for three thirty minute sessions a week and that is all my child can handle. Children need to be able to move around as they are learning!	4/29/2020 9:43 PM
38	She is getting two live session every week that's work well for her. She is enjoying and learning from them a lot.	4/29/2020 9:43 PM
39	Two meetings a week is plenty!	4/29/2020 9:39 PM
40	More then 30 minutes a week would be extremely helpful and should consist more of school things vs stories and saying hi	4/29/2020 9:19 PM
41	I'm not sure there is a magic amount	4/29/2020 9:14 PM
42	6	4/29/2020 9:13 PM
43	As much as it is hard to focus when you have other kids, I feel that zoom keeps the kids in the "school setting". It's nice that my daughters teacher does an assignment with the kids every week.	4/29/2020 9:00 PM
44	3 sessions in a week are perfect	4/29/2020 8:35 PM
45	Na	4/29/2020 8:27 PM
46	Interaction	4/29/2020 8:12 PM
47	Good	4/29/2020 8:10 PM
48	NA	4/29/2020 8:08 PM
49	Our child LOVES the live time he has with his teacher and peers. Obviously, we would love more live lessons, but are satisfied with the two zoom meetings per week.	4/29/2020 7:43 PM
50	Quite little interaction time is done at present.	4/29/2020 7:36 PM
51	They miss talking with their teacher. It would be great if there was a way that the teacher could send to her class a daily video, or an audio message talking about the day or something. My child is not feeling connected to her teacher/school. She is more connected to my other child teacher that sends daily videos for her classroom.	4/29/2020 7:13 PM
52	We feel it's the right amount of time as our child will not be able to focus for a longer time	4/29/2020 7:08 PM
53	Wish there were more live classes.	4/29/2020 7:06 PM
54	It's nice to have twice a week, but it's hard to balance those with my schedule of needing to be in my own staff meetings, student connection sessions. We are usually able to make it work. I appreciate the gatherings so he can see his friends. He loved the scavenger hunt. Sometimes the time runs a little long so we leave after 45 minutes because he just can't maintain focus for that long.	4/29/2020 6:44 PM

## Beal Early Childhood Center Remote Learning Survey – April 2020

55	This moment yes	4/29/2020 6:41 PM
56	Took me long time to figure out the zoom app( credentials) the time also is a little bit of challenge.	4/29/2020 6:35 PM
57	30 minutes (twice) is not enough to interact with all the students in the topics seen.	4/29/2020 6:34 PM
58	More teacher interaction would be nice, however, I wouldn't expect that of the teacher.	4/29/2020 6:25 PM
59	My child lives seeing the teacher and interacting. We wish it happened at least twice a week. Currently only once a week now	4/29/2020 6:23 PM
60	everything is going well.	4/29/2020 6:16 PM
61	Teacher has divided the live interaction into a session for weekend sharing / Socialize , a session to go through the that week's assignment as a class and a session to go through the curriculum . Teacher also makes sure that she stays on after the call in case some kids want to share anything or to answer any parents questions.	4/29/2020 6:11 PM
62	It's a good amount of interaction. My other child's school has longer sessions, which are unproductive and a waste of time so the short structured time we have at Beal is better.	4/29/2020 6:04 PM
63	Due to where my child is during the week he is unable to access all the zoom meetings	4/29/2020 5:47 PM
64	My oldest child meets 4 times per week (2 times per teacher) at the middle school. My youngest meets 2 times per week.	4/29/2020 5:37 PM
65	Hoping there would be frequent interactions so that kids have more of a motivation to do their school work.	4/29/2020 5:33 PM
66	I appreciate the recorded lessons and think it helps my student feel more connected to school.	4/29/2020 5:17 PM
67	I would like more then 30 minutes a week. It isn't really remote learning. It's more like the kids get to see each other via Zoom	4/29/2020 5:17 PM
68	My child needs more interaction with child and teacher	4/29/2020 5:15 PM
69	3 times a week my child gets to see her teachers and friends and that lightens her up	4/29/2020 5:14 PM
70	It would be helpful to have more time with her teacher.	4/29/2020 5:13 PM
71	It's nice for the children to see each other. I do wish my child could have 5 minutes a week with only his teacher having a one on one. I think he misses that. He doesn't need help completing assignments, but I think he misses the interaction. Maybe they could do a 5 minute lesson together?	4/29/2020 5:11 PM
72	My son is a little shy regarding the Zoom platform, so the number of meetings is just the right amount for us	4/29/2020 5:11 PM

18	The teachers and the school has been so helpful in keeping us connected to you.	4/30/2020 2:25 PM
19	It's going good . But it's lot of kids and cits online, so in the given 45mnts time frame each individual kids get very little attention given the requirements. So they can't really cover or express what they are doing or going through.	4/30/2020 2:25 PM

7	I have two boys. So my Beal student is my top priority, my youngest is in preschool so I fit in his learning when I can. I have a lot of zoom meetings with my job as a teacher too. I think if I had two kids in sps it may be more overwhelming but right now it's just enough communication from his teacher, specialists and administration. So Thank You!	5/1/2020 3:52 PM
8	Getting enough of communication	5/1/2020 9:48 AM
9	There was understandably so much communication at the beginning, but now is a good balance of information.	5/1/2020 8:01 AM
10	Waaaay too much email. Too many emails. Too much content. Send one email that has all the information for the week, including details for classroom meetings. 95% of email content can be ignored for working parents that don't have time to sort through 10 emails a day that are pages and pages long. Sometimes duplicate content, sometimes duplicate emails (e.g. when emailing and then a second email from a platform like classtag or seesaw)	5/1/2020 12:18 AM

25	I get an email from his teacher, the principle, the language teacher and the superintendent every week. I think that works- I'm working from home answering those emails all day so getting limited emails is easier for me to keep track of!	4/30/2020 9:33 AM
26	In an effort to communication clearly, there's a lot of redundancy. There's also too many platforms to toggle. It might be more effective to have all communications come directly from each teacher instead of the principle, then the teacher, then the music instructor, then the whomever... If things could be streamlined a bit, that would feel helpful.	4/30/2020 9:16 AM

While I think there are enough emails from the principal I wish there was more teacher interaction (which I detailed in my previous answer).	4/29/2020 9:48 PM
36	We definitely do not need more communication; you are all doing an excellent job of communication via email and Zoom. Any more communication would unnecessarily cut into our quality time with our kids. So the amount of communication used currently is just right.	4/29/2020 9:43 PM

53	Too much, making me confuse with so many emails.	4/29/2020 6:35 PM
54	I like to hear from school with the current frequency	4/29/2020 6:34 PM
55	Just right	4/29/2020 6:25 PM
56	The amount of work and assignments offered in the curriculum leaves room for adding learning apps, free choice and family activities. Any more work would be too arduous.	4/29/2020 6:04 PM
57	Weekly emails from building principal at same time and weekly updates from classroom teachers with meeting reminders has worked well to plan the week.	4/29/2020 5:37 PM
58	Always well informed about things Happening. Not to many emails and not to little	4/29/2020 5:33 PM

60	So many emails and things to log into	4/29/2020 5:15 PM
61	communication from all the teachers. the principal. other teachers( arts. gym) mind you if you have more than 1 child you multiply that by the number of children as each class does things differently	4/29/2020 5:14 PM
62	Nothing to add	4/29/2020 5:13 PM
63	The weekly emails from Beal are enough. Especially with children in other schools in the SPS system.	4/29/2020 5:11 PM

1	I appreciate the teacher's videos and assignments. They are very creative and enjoyable for both the child and parents!	5/4/2020 11:01 AM
2	start regular hour of learning for students. including art and music classes.	5/3/2020 11:23 PM
3	It would be nice to have more options based on their level, the math is super easy for my child so I wouldn't mind something a little more challenging. Or resources to find some more challenging stuff.	5/3/2020 1:34 PM
4	Good so far	5/3/2020 9:56 AM
5	No additional comments	5/2/2020 9:08 AM
6	Very useful and make kids to be engaged.	5/2/2020 8:50 AM
7	Thank you for all your efforts	5/1/2020 4:09 PM
8	Honestly I think Beal is amazing. The remote learning plan were top notch from the very first week. All these teachers have brought their "A" game at a time in our lives which is very unsettling. Thank You	5/1/2020 3:52 PM
9	If possible the number of live meetings can be increased	5/1/2020 9:48 AM
10	In summary. One email with a link to one structured plan for the week with all the details in one place. If teachers are willing to go through the structured learning plans and reduce homework that needs to be turned in, more remote classroom meetings are fine. If that's not the case, then classroom meetings cause working parents to spend at least 45 mins for classroom meetings, and then another hour for homework throughout the day while trying to work themselves.	5/1/2020 12:18 AM
11	None	4/30/2020 8:46 PM
12	Interacting with other students and teachers should be helpful	4/30/2020 7:29 PM
13	Going good	4/30/2020 6:58 PM
14	N/A	4/30/2020 4:19 PM
15	Good so far	4/30/2020 4:10 PM
16	Thank you for all you're doing! The Shrewsbury teachers are knocking this out of the park!	4/30/2020 4:06 PM
17	Thank you for all that you do. I am frustrated with the parents who do not see the hard work that is going in.	4/30/2020 2:25 PM
18	It's all great Just wanted to add the craft and art or drawing session in the zoom meeting.	4/30/2020 2:25 PM
19	I love this	4/30/2020 1:16 PM
20	Could use a better way to get through this	4/30/2020 12:36 PM
21	Very helpful. Thanks for everyone's effort and time.	4/30/2020 11:33 AM
22	Teachers are a great help. Thank you so much for all the efforts of remote learning	4/30/2020 11:01 AM
23	.	4/30/2020 11:00 AM
24	It is well organized- the links are all working and in one place. I like getting the information on Friday and having the weekend to plan and get things ready for the week.	4/30/2020 9:33 AM
25	I recognize the times are unprecedented. Beal is doing the best possible job managing needs and expectations and you should all be commended for the efforts you're putting into not only our students but our community at large.	4/30/2020 9:16 AM
26	I do a lot of my own teaching and explanations and practice. I do my own art class and we have music teacher. I strongly believe that it is not enough live teacher meetings and meetings have to be productive. Otherwise this is homeschooling	4/30/2020 9:13 AM
27	Key emails which requires a response or actions from the parents can be short and crisp and can give in bullets instead of a paragraph in a lengthy email.	4/30/2020 8:06 AM

## Beal Early Childhood Center Remote Learning Survey – April 2020

28	needs online class	4/30/2020 12:17 AM
29	Please consider my suggestion to send weekly activities , learning schedule and resources at the start of the week so that we know what our child is learning . These remote learning sessions are eye opener about what my child is learning or struggling with . It will be of great help to parents to know so that they can help kids and keep them focussed on learning . Parents will have to not waste time on outside resources to educate as the school has lots of resources that can help and we dont know outside resources . Kida dont share everything about what is happening in school and what they are learning	4/29/2020 10:26 PM
30	Not enough science,	4/29/2020 10:21 PM
31	I would like to emphasize that online ESL classes are needed, especially for students who have recently arrived in the country.	4/29/2020 10:07 PM
32	Again, I would just like to reiterate that talking to other Beal parents, it seems like it depends who your teacher is the level of engagement. And although my child is not on an IEP, she was seeing a literacy tutor. I feel like this age is crucial to keep up with LEARNING HOW to read, and that is where I feel like she is regressing because I just don't know how to support her in a way that makes her excited. (We have other younger children in the house so it's hard to give my full attention.)	4/29/2020 9:48 PM
33	Remote learning for kindergarteners is expensive. To be a true partner to the teachers, parents have to invest in things like printer ink, markers, poster board, construction paper, glue, pencils. This is especially true for special education students who may need information presented in a different way than online. Is the superintendent considering using some of the \$ the school department is saving to help all families with these costs? If the superintendent is unable to help families, can a program be set up (maybe with St. Anne's) to deliver school supply specific gift cards to needy families that need school supplies?	4/29/2020 9:43 PM
34	I love the way teachers are taking care of the kids.	4/29/2020 9:43 PM
35	.	4/29/2020 9:19 PM
36	Even kindergarten kids should have more Zoom classes weekly rather than once in a week	4/29/2020 9:13 PM
37	Na	4/29/2020 9:00 PM
38	It would be great if we did a screen time detection activity even if it were amongst each classes and not whole of beal would be great.	4/29/2020 8:35 PM
39	Na	4/29/2020 8:27 PM
40	None	4/29/2020 8:08 PM
41	None	4/29/2020 7:43 PM
42	We are all doing the best we can under the new normal, thanks to all the educators	4/29/2020 7:08 PM
43	Kudos to everyone for doing the best they can in this current situation. I know how hard it is for everyone, but I appreciate all the connections and variety of activities shared.	4/29/2020 6:44 PM
44	Thank you for everything!	4/29/2020 6:41 PM
45	Could simplify one app for all! But I understand the circumstances that we all are.	4/29/2020 6:35 PM
46	Have we thought of a special tribute for children who graduate from kindergarten?	4/29/2020 6:34 PM
47	It's a good amount of work and we are supplementing with other educational and social activities.	4/29/2020 6:04 PM
48	We need to get the kids back in the classroom	4/29/2020 5:47 PM
49	Super supportive and actively working to keep kids engaged.	4/29/2020 5:37 PM
50	Hand outs or worksheet packs. Clean instructions	4/29/2020 5:15 PM
51	Its been a big change and adjustments. Our teachers over stepped up to the plate. Its amazing what they do. Everyone is chipping in and its so beautiful to experience. Thank you to everyone making it happen. We salute you all. content parent.	4/29/2020 5:14 PM
52	Nothing more.	4/29/2020 5:13 PM

Beal Early Childhood Center Remote Learning Survey – April 2020

53	Having a variety of online tools—Lexia, Happy Numbers, Raz Kids, etc. is really helpful. It keeps my son engaged, because the worksheets (math especially) are really easy for him and we breeze through well under the recommended time frame. They offer a good source of enrichment when I'm looking to supplement the "bare minimum"	4/29/2020 5:11 PM
