A Presentation to School Committee

June 3, 2020

Thank you.

Our Physical Education,
Health, and Family &
Consumer Science team
has been hard at work
keeping us healthy.

Why is THIS summer SO important?

Organizing for success is key

You have a 10% chance of making change if you say, “That’s a good idea.”

You have a 25% chance of making change if you say, “I’ll do it.”

You have a 40% chance of making change if you set a time to do it. **You have a 50% chance of making change if you plan HOW to do it.**

You have a 60% chance of making change if you make a commitment.

Stay Well & Get Smarter!

SPS Survey results suggest that:

- Families share our concerns about regression
- It's helpful to have tools that students can access independently
- A balance of online and “offline” learning is best
