## DIVERSITY IN EDUCATION VIRTUAL NETWORKING FAIR

For Secondary Education Teachers Grades 9-12

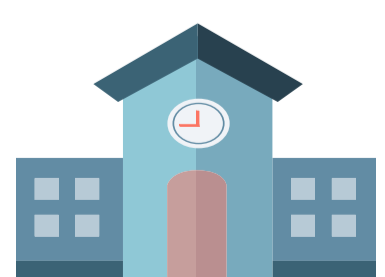

The NorthWest Personnel Administrators (NWPA) education human resources consortium is conducting a Diversity in Education Virtual Networking Fair for high school teachers. Our consortium's mission is to recruit top quality teaching talent for careers in our elite high schools. While the purpose of this networking fair is to connect our schools with a diverse group of talented teachers from across the nation, we are granting free video resume introduction opportunities to ALL educators with diverse personal or professional backgrounds and who are licensed to teach grades 9-12 in Illinois or in other states across the nation.

Sign up to create your video resume and to introduce yourself to school officials representing 49 suburban Chicago high schools! This is your opportunity to efficiently network with some of Chicago's top educational professionals to learn how to make a great living while making a difference in the lives of students!
