3. **2018-2019 STAFFING AND CURRICULUM OVERVIEW**

Dr. Thiele stated this was the first of three reports providing an overview of staffing and curricular offerings. Mr. Theis shared enrollment is anticipated to increase by 100 students District-wide, resulting in a .8 FTE increase above the line for 2018-2019.

Sara Courington, North High Associate Principal for Curriculum and Instruction, and Georgia Hash, South High Associate Principal for Curriculum and Instruction, provided a department by department overview of enrollment trends. Gina Ziccardi shared the list of ten courses administration was recommending for cancellation for the 2018-2019 school year, based on low enrollment; and the seventeen courses administration was recommending for approval to run, despite low enrollment. Ms. Ziccardi noted students enrolled in Calculus III for 2018-2019 would be able to take the course at Lemont High School, as North Central College would no longer be offering the course on the District 99 campus.

Scott Wuggazer addressed additional staffing needs for Special Services, Counseling and Student Support Services (CSSS) and Safety for the 2018-2019 school year. He stated administration recommends the following additional staff allocations: North 1.2 FTE and South 2.8 FTE in Special Services; 1.8 FTE for District-wide services and T99; 1.4 FTE at North High for an additional
counselor and social work support; and 1.4 FTE at South High for social work support and support to hospitalized students. Additionally, Mr. Wuggazer stated administration was recommending an additional full time security person at each campus.

The Board inquired about the feasibility of having an additional School Resource Officer at each campus.

Mr. Theis stated at the March 5, 2018 meeting additional staffing information would be provided and if the Board had any questions to direct them to Dr. Thiele so they could be addressed at the March 5 meeting.

4. **Board Representation on the Parent Teacher Advisory Committee**

5. **Textbook Recommendations**

Ms. Ziccardi presented the new textbooks for 2018-2019 administration was recommending to go on display. She stated the textbooks recommended for Career and Technical Education were class sets; the current AP Calculus BC book is ten years old and the College Board recommends textbooks be no more than ten years old; the Discrete Math 300 book is the same book used by College of DuPage, which will prepare District 99 students for entry level college credit bearing coursework; and the AP Physics C book is an updated version of the book purchased last year, which is being provided to the District at no cost.

Dr. Thiele stated later in the agenda there is an Action item to vote to display the textbooks proposed for adoption.

6. **Parent Teacher Conferences 2018-2019 - Amended Calendar**

Dr. Thiele shared the Parent Teacher Conference Committee has spent the last 1.5 years looking at the Conference structure, which currently consists of a single day of Conferences. He stated the Committee proposed moving conferences from a full day on Wednesday, October 17, 2018, to Conferences from 3:30 – 8:30 p.m. on Thursday, October 18, 2018, after a 1:30 p.m. student dismissal; and Conferences from 8:00 – 11:00 a.m., with no student attendance, on Friday, October 19, 2018.

7. **Physical Education Exemption**

Gina Ziccardi reviewed when the School Code allows students to be excused from Physical Education (P.E.), and its expansion of Physical Education Exemptions to grades 7-12, from 11 and 12 only, for participation in an interscholastic sport. She also shared how the Physical Education Exemption for athletes will be administered, including the option for students to take a Physical Education course pass/fail, and what course content the students will be responsible for.
Dr. Thiele clarified the difference between a P.E. Exemption, where the student is not in P.E. during a specific sport season, and a P.E. waiver, where the P.E. requirement is waived, and the student would be eligible to enroll in a different course.

Student Board Members expressed their opinion on extending the P.E. exemption to 9th and 10th grade students, noting they believed all freshman should take Physical Education.

Member Pavinato stated the Policy Committee wanted to hear the full Board’s opinion of the inclusion of 9th and 10th grade students in Physical Education Exemptions before making a recommendation for a Policy change.

10. **BOND FUNDS**

Mark Staehlin stated Bond and Interest Fund Reserves come primarily from two sources: DuPage County adds 1% to original levy amounts to cover delinquencies and appeals, which in some cases can take years; and interest on the Reserves. He stated the Reserves are kept in a Debt Service Fund, which is audited every year. Mr. Staehlin noted District 99 holds less taxpayer money than any other DuPage County District.

The Board commended Mr. Staehlin for his stewardship of the taxpayers’ and District’s funds.
