FRESHMAN REQUIREMENTS

1. A 9th grade physical examination on the State of IL form is required for high school entrance (sports physical IHSA forms are not acceptable).
[Click here for State of Illinois Form](#)
2. Complete immunization records must be included for Tetanus/Diphtheria/Pertussis (Tdap), Polio, MMR (Measles, Mumps and Rubella) Hepatitis B and Varicella.
3. The Health History section (yes/no questions) must be completed, signed and dated by the parent/guardian of the child.
4. Return the completed physical form to Health Services prior to **August 1, 2018** for processing. 9th grade physical examinations may be used for athletic participation for one (1) year.
5. Students will not be eligible to receive a registration packet on Schedule Pick-up Day on August 7 unless all required information has been submitted.
6. Freshman students will be excluded on the first day of school, and every day thereafter, until complete immunization records, physical examination and parent/guardian health history have been received and approved by Health Services.

12TH GRADE/SENIOR REQUIREMENTS

1. Two doses of Meningitis vaccination are required for entry into 12th grade. Any child entering the 12th grade shall show proof of having received two doses of meningococcal conjugate vaccine prior to entering the 12th grade. The first dose shall have been received on or after 11th birthday, and the second dose shall have been received on or after the 16th birthday, at least eight weeks after the first dose. If the first dose is administered when the child is 16 years of age or older, only one dose is required.
[Click here for Meningococcal Vaccination info and form](#)
2. Senior students will not receive a registration packet on Schedule Pick-up Day in August until the required vaccination information has been received and approved by Health Services.
3. Senior students will also be excluded from attending class on the first day of school, and every day thereafter, until documentation of the required vaccine has been received by Health Services.

TRANSFER STUDENTS

1. Students transferring from an Illinois school must present a copy of their ninth grade school physical examination and a complete immunization record at the time of registration.
2. Students transferring from another state or country must present current immunization records and physical examination at the time of registration.
3. Students transferring to an Illinois public school for the first time are required to have a vision examination conducted by a physician or licensed optometrist and submitted to Health Services.

HEALTH CONCERNS

1. If your child has specific health concerns, please note these concerns on the Illinois Certificate of Child Health Examination form. Contact the school nurse at the beginning of the school year to coordinate care and plan for potential emergency response.

[Click here for Child Health Examination form](#)

2. Please remember to update emergency contact information as needed throughout the school year.
3. As of January 2017, Illinois State law (PA 99-0843) requires that an Asthma Action Plan be requested from parents of children with asthma. An Asthma Action Plan is a written plan developed by the child's physician indicating how to treat and control their asthma symptoms during the school day. The Asthma Action Plan is to be submitted to Health Services at the beginning of the school year. The plan will remain valid for the current school year and must be renewed each school year or when updated by the physician, or as requested by the school nurse.

MEDICATION

All over-the-counter and prescription medications taken during the school day must have a District 99 Medication Authorization form on file in our Health Service office signed by the prescribing physician and parent. Students are prohibited from carrying medication or storing medication in their lockers.

[Asthma](#) and emergency epinephrine medication are the only medications permitted to be carried by the student. Please inform the school nurse if your child will be carrying these medications.
