Application

1. This code shall apply year round to all students who participate in extra-curricular activities involving competition or public performance—it is not a seasonal code.
2. Violations are accumulated throughout a student's career at DISTRICT 99;
3. Thus, the number of violations carry over from year to year as the activity related student athlete progresses from freshman to senior status.
4. *Reports of Code violations shall be reviewed by administration.*
5. *Any violations of the Code should be reported to the administration immediately. Any extended time between the violation and the reporting may limit administrative ability to enforce the Code.*
6. Students who violate the code must serve the penalties as outlined herein and/or complete prescribed programs as outlined prior to re-entry into extra-curricular activity.
7. While on suspension from an activity/sport, students must nevertheless practice or attend events/club meetings, unless barred from practice as part of their disciplinary action, and follow all rules and regulations for the sport/activity if they intend to rejoin the team/squad.
8. Students who are serving a code violation consequence must complete their suspension during the of their activity season and finish the season in good standing. This means the suspension will not be declared served if the student quits the team/activity or does not finish the season—even a partially served suspension.
9. If a Code suspension cannot be served in its entirety during a particular activity/sport, the remaining portion of the suspension shall continue to the next activity/sport season in which the student participates.
10. Failure to sign/accept the Code of Conduct does not exclude a student from being held accountable for the rules and regulations of this policy. Those choosing not to sign/accept the Code shall not be allowed to compete.

The Athlete and/or Activity Code of Conduct cannot anticipate every circumstance that may occur and, therefore, the District reserves the right to revise, supplement, deviate from or rescind any provision or portion of the Code from time to time **as school administration deems appropriate in its sole and absolute discretion.** The District will endeavor to post the most current version of the Code on the athletic and student activity web site and also make copies available in the Athletic and Activity Office. It is the responsibility of the student/family to check for updates and be aware of revisions regardless of the sport or activity season in which they are active.

The following rules apply regardless of whether the conduct occurs on or off school property; before, during or after school hours; and apply year-round regardless of whether the student's sport or activity is in season or not:

- A. Students shall not possess, actively seek, solicit, sell, or be under the influence of tobacco, alcohol, illegal drugs/controlled substances, look-alike drugs, steroids or other illegal performance enhancing drugs/supplements, or possess drug related paraphernalia.
- B. Students shall not attend or host a party primarily attended by students or for the benefit of students at which alcohol, tobacco, or any controlled substances are provided or at which the use of any such substances is permitted.
- C. Theft, possession of stolen property, or destruction of property.
- D. **Hazing acts, initiations, or bullying (as outlined in appendix 1)**
- E. Serious acts which are determined by the Administration to be detrimental to the individual, the coach/sponsor, the team/activity, or the school.
- F. Acts which violate the Student Handbook.

Consequences

The following consequences are guidelines which will be followed by the Athletic Director, Activities Director, or the Administration. Should such person or persons determine that the violation or violations committed are sufficiently serious to warrant such, any step may be omitted and any more serious consequence, up to and including permanent removal from athletics/activities, may be imposed.

1st Offense: The student shall lose eligibility for upcoming interscholastic contests or public performances totaling 25% of the total schedule. In cases of tobacco, alcohol, or drugs, a reduction to 10% of the total schedule may be awarded should a substance assessment and intervention program* be completed through the Student Assistance Coordinator. Programs must be approved by the Student Assistance Coordinator and all costs incurred are the responsibility of the student and his/her family. Please see below for specific regulations regarding the reduction option.

2nd Offense: The student shall lose eligibility for the next interscholastic contests or public performances the equivalent of one full season. The exact amount shall depend upon the activity in which the student has or shall be participating.

3rd Offense: The student shall be permanently suspended from participation in extra-curricular activities for the remainder of their high school career. The student may appeal the Principal in writing for reinstatement after one calendar year.

*Programs must be approved by the Student Assistance Coordinator OR Athletic Director, Activities Director, or Principal and all costs incurred are the responsibility of the student and his/her family. The assessment must occur within 10 business days of the first consultation with the Student Assistance Coordinator.

If a program is recommended by the assessor, the student/family are responsible for submitting written proof of registration to that program within 5 business days of that recommendation to the appropriate school Administrator. Failure to comply with these deadlines will result in the full 25% suspension being reinstated.

Students may participate in contests/performance while completing the recommended program from the assessor. Written notification of completion of the program must be presented to the Administration within 10 business days of the concluding date of the program as outlined in the initial enrollment in the program.

Voluntary Admission for Violations A and B

The purpose of this provision is to allow the student to seek help and be accountable for their decisions. At any time, the student may voluntarily admit a personal code violation prior to school official's knowledge. In these cases, the student may continue uninterrupted eligibility when it is verified that enrollment in and continuing participation is taking place in a school recognized substance assessment and intervention program. Programs must be approved by the Student Assistance Coordinator OR Athletic Director, Activities Director, or Principal and all costs incurred are the responsibility of the student and his/her family. The voluntary admission will be counted as one code violation. Voluntary admission may be used by a student one time during high school. All evaluations and treatments will be at the parent/student expense. Voluntary admission cannot be used for cases in which there was an arrest or other official documentation filed. Administration reserves the right to nullify the application of this provision if violations are of such a serious nature and are determined to be detrimental to the student, the team, or the school.
