3. **Life Safety Work**

Jim Kolodziej presented a list of Life Safety projects totaling $5,187,000. He explained that every ten years the District performs a Life Safety survey and that based on the findings from the survey a list of Life Safety Projects is prepared.

Mark Staehlin stated the District would be pursuing $3.5 million in Life Safety Bonds to fund the Life Safety Work and not the total $5 million because the Regional Office of Education may not approve all of the projects. Mr. Staehlin noted the Board president would be asked to call a public hearing for October 19, 2015 concerning the intent of the District to sell the bonds.

4. **2015-2016 Tentative Budget**

Mark Staehlin began by noting a correction to the fund balances from the original tentative budget presented that did not change the budget, but did change beginning fund balances. He then reviewed Revenues, which show a 3.4% increase over last year, attributable primarily to an increase in registration fees for 1:1 Learning. On the Expenditures side, capital outlay was decreased by 20.4% since some of the projects normally funded by capital outlay will be funded by the Life Safety bonds.

5. **Five-Year Financial Projections**

Mark Staehlin stated that five-year projections are used to assess the District’s ability to maintain stable educational programming and to guide budget preparation for the following year. Mr. Staehlin reviewed the changes in the CPI-U over the past ten years; historical compensation change for the different employees groups compared to one another and tax growth; and enrollment projections. He then presented projection scenarios that included no change in GSA and no property tax freeze; a property tax freeze; and the possible District funding of $2.9 million in TRS contributions without any funding source.

Mr. Staehlin said that hopefully by January or February decisions will be made at the State level which will inform the actions the District will need to take to maintain a balanced budget.
