

Sponsored by The Wellness Center

co-occurring disorders:
out of the shadows and into the light

APRIL 16, 4:30PM
**UNDERSTANDING THE LINK:
MENTAL HEALTH &
SUBSTANCE
MISUSE/ADDICTION**

**With guest speaker Stephanie Marquesano,
founder of the harris project**

In 2013, Stephanie Marquesano's son Harris died by accidental overdose at the age of 19, after the rehabilitation system failed to address his COD. Stephanie founded **the harris project** to raise awareness, advance prevention programming, and advocate for integrated treatment for those with COD.

Learn about the link, the risk factors, and what we can do.

**Knowledge is
power: Let's talk
about co-
occurring
disorders**

**Did you know?
Approximately 10.2
million individuals
and their loved
ones are impacted
by co-occurring
disorders (COD) –
the combination of
one or more mental
health disorders
and substance
misuse/addiction**
