

D140 School Year 2020-21 Planning Survey - Parent Response Summary

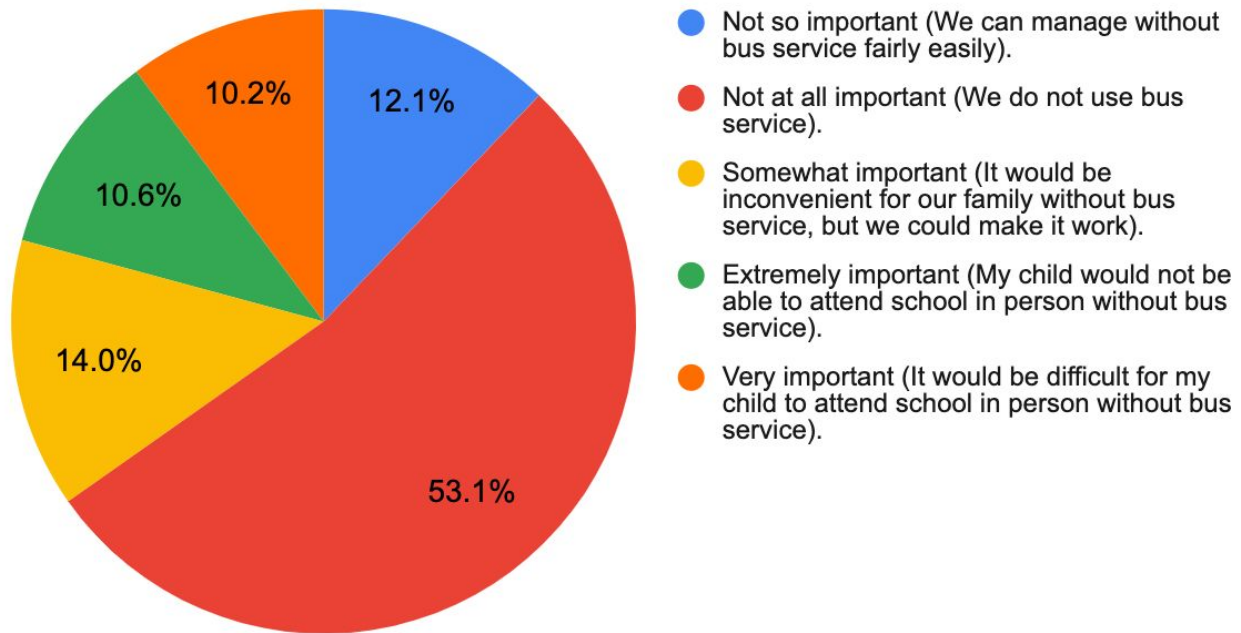

How safe do you feel about your child(ren) returning to IN-PERSON LEARNING if students and staff wore face coverings, social distanced when possible, and followed Illinois Department of Public Health (IDPH) and Illinois State Board of Education (ISBE) guidelines?

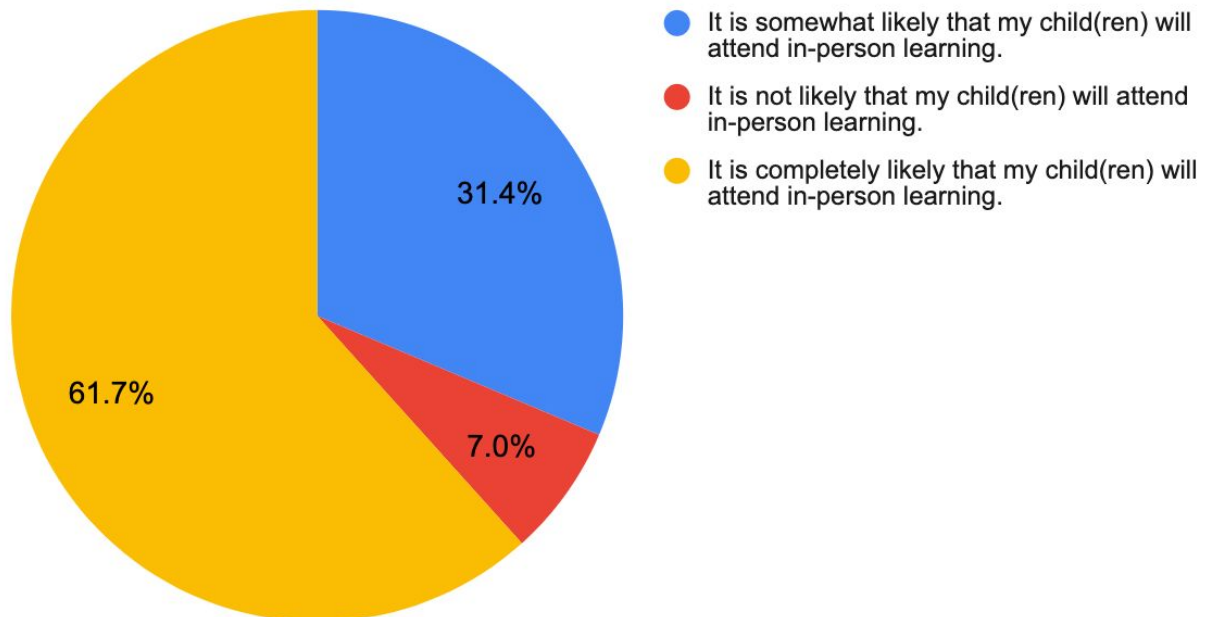

What measures would you need to know your school has in place in order to feel safe returning your child(ren) to in-person learning? (Mark all that apply)

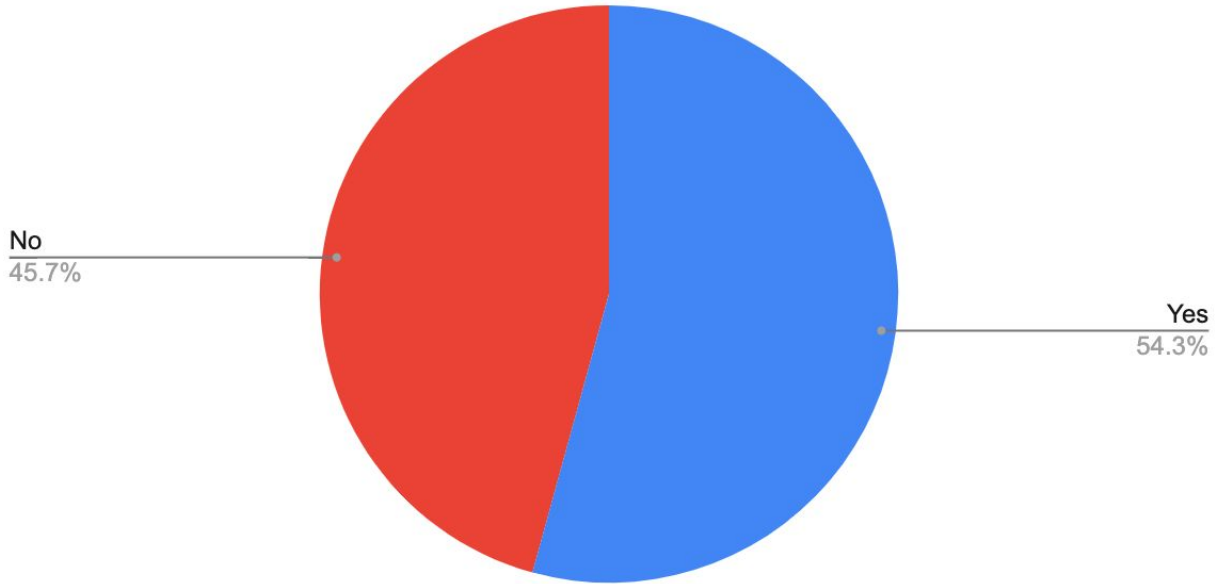

With the in-person model, how important is it for your family to have access to bus service?

If schools return to in-person learning within IDPH and ISBE guidelines, how likely are you to send your child(ren) to school?

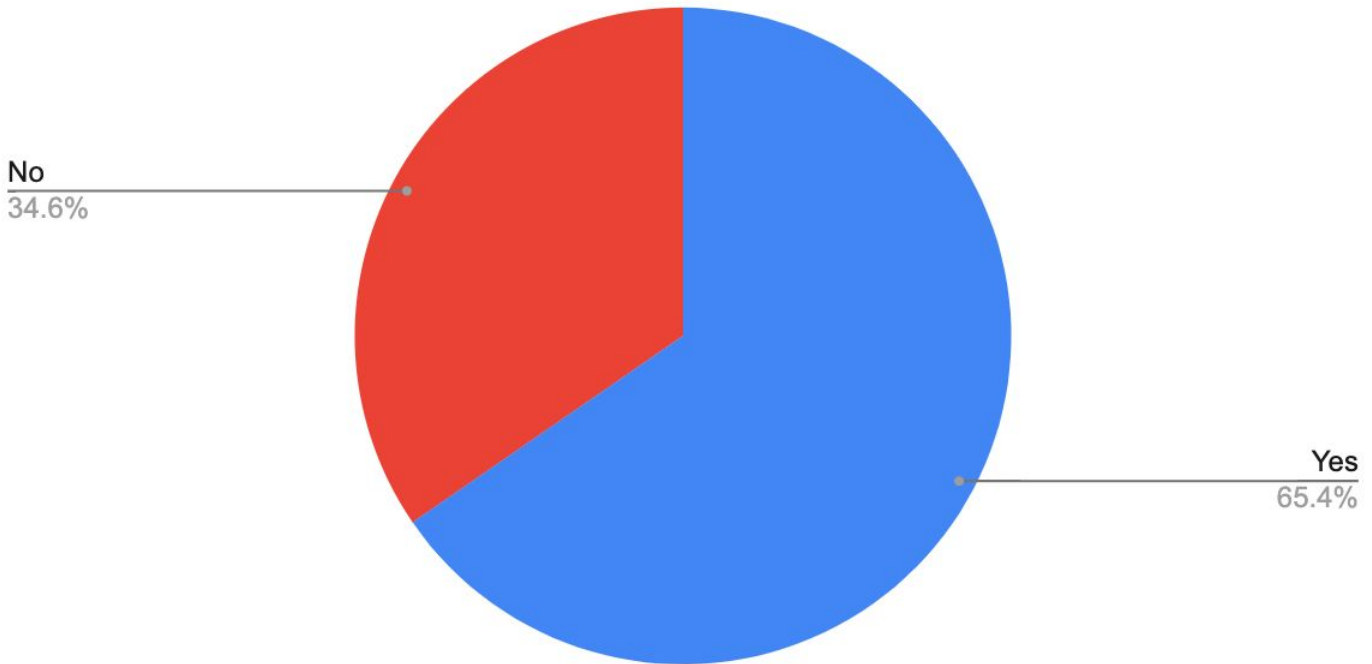

The REMOTE LEARNING MODEL proposed by the State of Illinois requires that staff and students engage in five (5) hours of both synchronous (live, web-based instruction) and asynchronous (independent learning activities) instruction each day. Grading and attendance procedures will be observed. Would such a model work for your family?

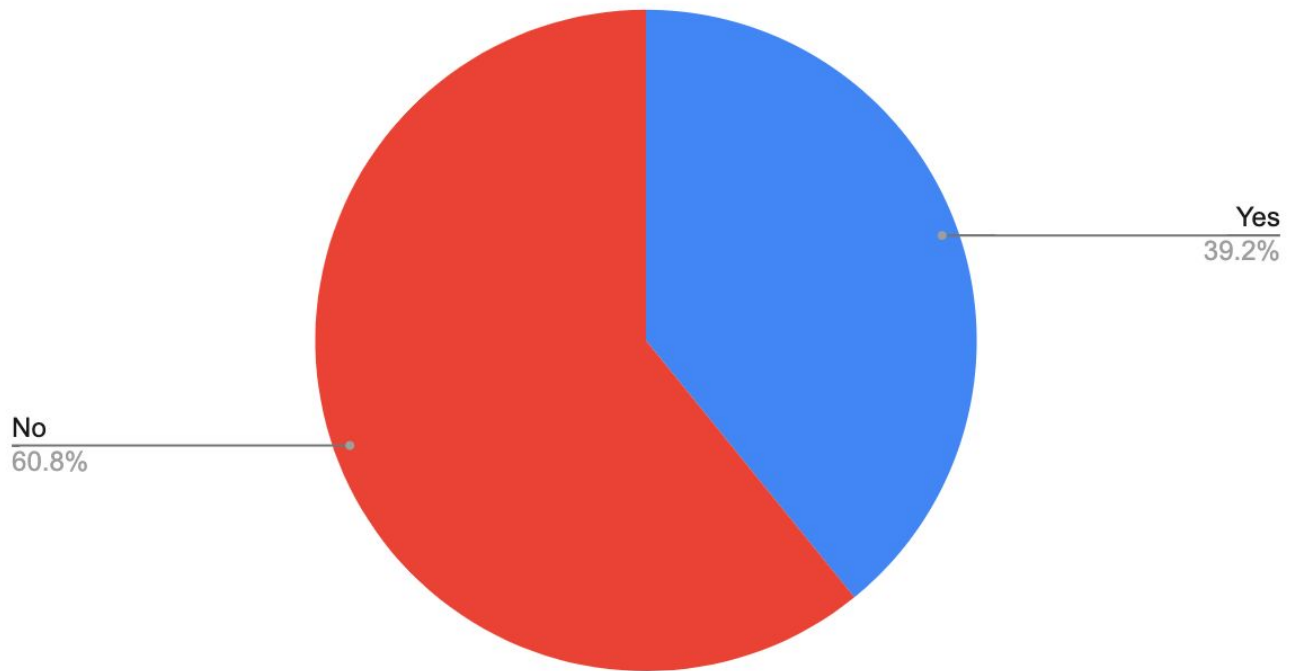

With the remote learning model, will your child(ren) be able to work independently or with your assistance on five (5) hours of instruction each day?

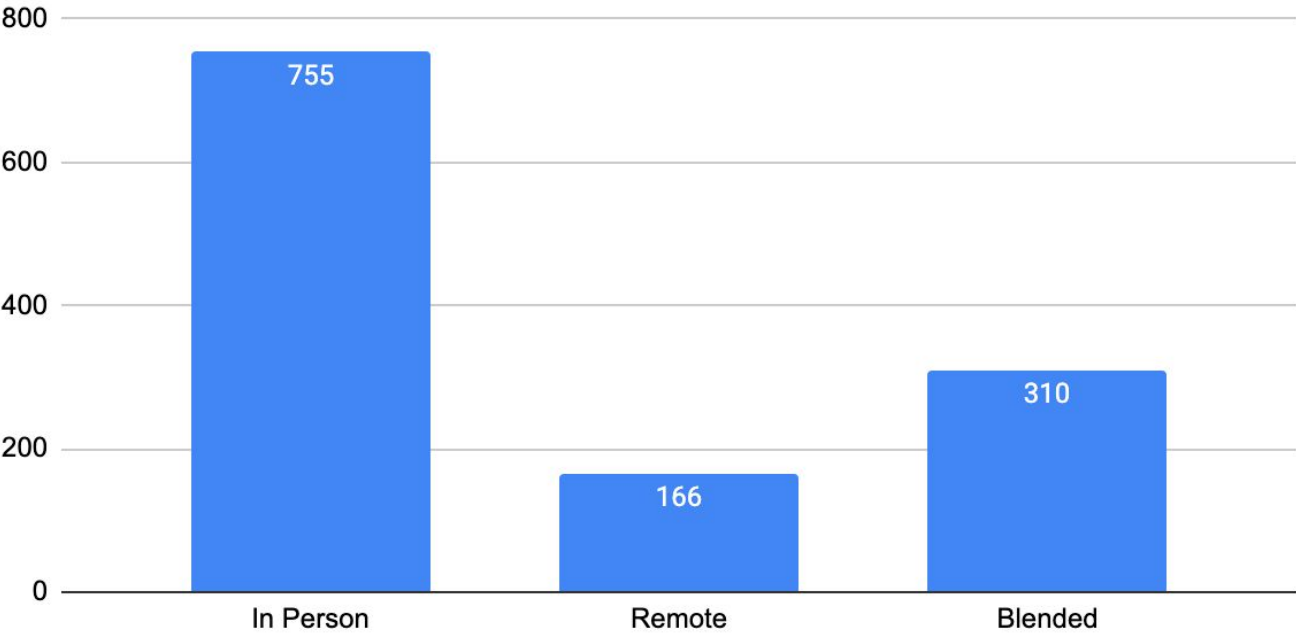

In order to accommodate social distancing, one model being considered by schools across the state is a BLENDED MODEL. This model has an A/B Schedule meaning each student is on either an A or B schedule. One group (A) attends in-person and the other group (B) is at home with remote learning. Groups would alternate days. Would such a schedule work for your family?

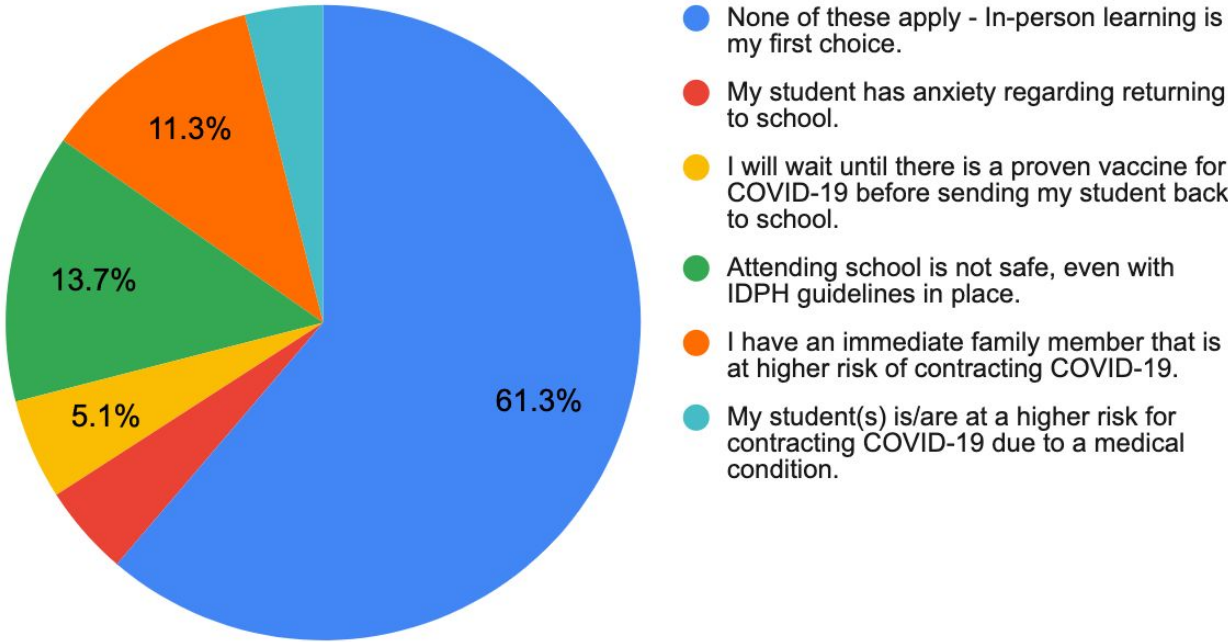

During the 2020-21 school year, would your student need childcare if they were not in-person at school?

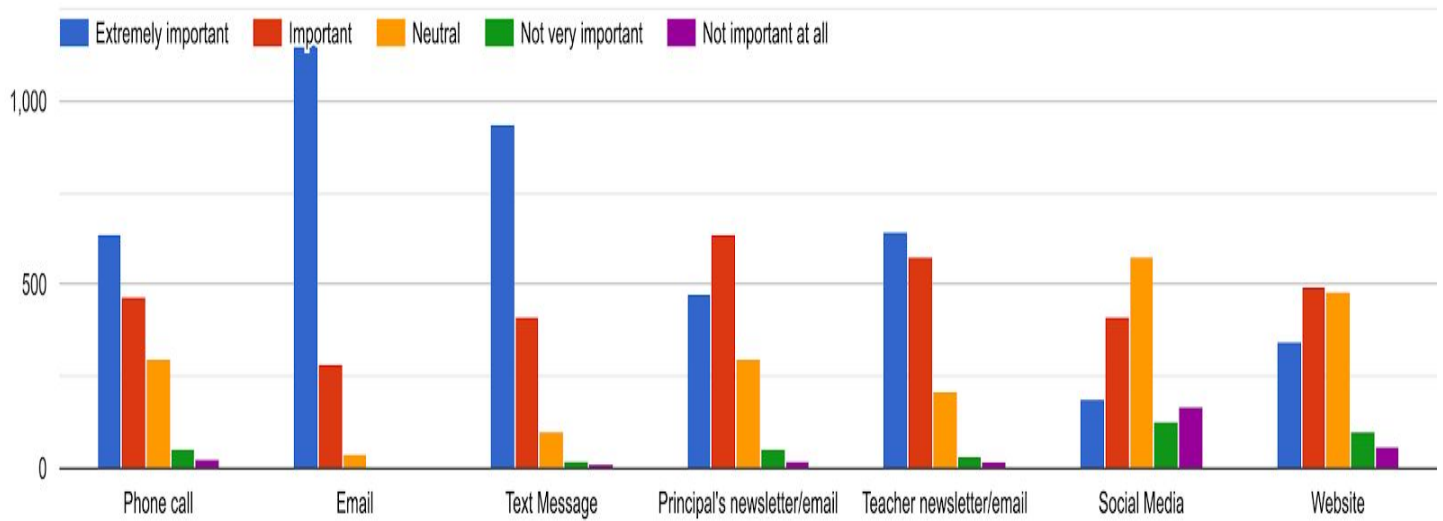

Guidelines from federal and state health agencies and the Illinois State Board of Education allow for three options during the 2020-21 school year. If given a choice, what type of learning would you prefer for your child(ren)?

If you chose Blended or Remote Learning as your first choice, what is your primary reason for that choice?

How would you prefer to receive information and updates from D140 throughout the 2020-21 school year? Please rate the importance of each of the following methods of communication.

Can any of the following school staff be helpful in connecting with your student or family in advance of the start of the 2020-21 school year? [211 Requests for Assistance](#)
