

This December you can help to

Light up the Circle of Hope

And join a Norwood tradition

The Norwood Circle of Hope Foundation was established in 1988 in an effort to offer financial aid to people of Norwood who are stricken with catastrophic illnesses.

Saturday evening December 5, 2015 the Norwood Circle of Hope Foundation will be lighting up the center of town with luminaries (candles) to celebrate life, hope, the season, and in remembrance of others.

The luminaries will be placed on the Town Common beginning at 5:00 p.m. to brighten the night for passersby. Come listen to the Colonial Boys and join in this breathtaking display!

You can help light up the Circle of Hope by writing your message and purchasing a luminary for \$5.00. Return this form to your school nurse if you are interested. If you wish to decorate your own luminary bag, they are also available for purchase from your school nurse.
