- This clinic is the second dose clinic for those who attended the August 24th clinic at the high school. It is also an opportunity for ANYONE interested to begin the vaccination series or complete their series, as long as it has been 3 weeks since their first vaccination. Booster doses are not yet approved.
- Registering online ensures that VaccinateRx will bring adequate doses to the clinic but walk-ins will be welcomed.
- If insured, please enter your insurance information in the online registration. Once registered online there is no need to bring an insurance card to the clinic. Everyone will be vaccinated free of charge regardless of insurance coverage.
- Please complete the consent form online, print it out and bring it with you to the clinic. Those under 18 *must* have a consent form signed by a parent or guardian. There will be additional consent forms at the clinic.
- Please plan on staying 15 minutes after being vaccinated or 30 minutes for those who have had an anaphylactic reaction to any medication
