WHY OUR PROGRAM?
The Master of Science (MS) degree is designed to meet the advanced, multidisciplinary educational requirements of students interested in attaining leadership positions in a variety of technical professions. TESU is dedicated to continually enhancing its position as a leader in engineering technology and applied science education to advance the professions and empower our graduates to succeed in all aspects of their academic, professional and civic endeavors.

PREPARE TO LEAD TODAY’S TECHNICAL ENTERPRISES
Our Master of Science (MS) degree program provides graduate study in the modern tools of business management, leadership, applied science and technology. Whether you would like to prepare for a new career in a technical industry or transition to a managerial position, the MS program can help you develop the research-analysis and critical-evaluation skills necessary to support decision making and problem solving required to lead today’s technical enterprises.

PROGRAM ADVANTAGES
- Develop necessary research-analysis and critical-evaluation skills
- Demonstrate leadership in the workplace through the use of advanced technological and management tools and techniques

AREAS OF STUDY
You may also specialize in one of the following areas of study:
- Aviation Management
- Clinical Trials Management
- Information Systems
- Nuclear Energy Technology Management
- Technical Studies

“My graduate work has been a crucial asset in allowing me to better understand the inner workings of the pharmaceutical and risk management industries. The flexibility of the program was what drew me in and one of the best parts of the program, aside from the course content, was the interaction I had with my peers, particularly those who were stationed overseas in the military.”
Allison Adamousky, MS ‘16
WHY CHOOSE TESU?
As one of the first schools in the country designed specifically for busy, motivated adults, Thomas Edison State University is dedicated to providing you with a high-quality education — anytime, anywhere.

- **Exceptional Value:** Competitive tuition and fees. Plus, financial aid and scholarships are available.
- **Barrier Free:** Students who receive an undergraduate degree with a GPA of 3.0 or higher will be automatically admitted to a graduate program.* No GRE/GMAT or recommendation letter required.
- **Degree Flexibility:** Engage in your courses whatever time of day works for you. Courses are available 24/7.

*Several programs have additional requirements beyond GPA for admission.

ONLINE. ACCREDITED. RESPECTED.
Three words that characterize Thomas Edison State University’s (TESU) unique approach to providing quality higher education in today’s technology-fueled times.

Dedicated to educating adult learners for five decades, TESU has set the standard in online learning. As the leader in online education and a national leader in the assessment of adult learning, TESU is accredited by the Middle States Commission on Higher Education and has been called “the college that paved the way for flexibility” by *The New York Times*.

Our innovative online and independent study courses and credit-by-exam programs give you the flexibility to pursue your degree when and where it is convenient for you. With more than 100 areas of study, TESU offers associate, bachelor’s, master’s and doctoral degrees and undergraduate and graduate certificates. One of New Jersey’s senior public institutions, TESU’s liberal credit transfer policies and tuition models remove barriers for adults pursuing higher education. Our resume-relevant programs provide career-building skills to help you meet your educational and professional goals.
