

UC Blue Ash College College Credit Plus (CCP) Program

NEW ADMISSION PROCESS FOR 2017-18

For the 2017-18 academic year, the College Credit Plus Program (CCP) at UC Blue Ash College is changing in order to streamline the process for admitting students.

New Streamlined CCP Process

- **Students and their parents will now complete their CCP application processing with just **one visit** to the college.**

No longer will there be separate dates for testing, orientation, information sessions, or submitting paperwork. Our complete CCP Processing Events are by reservation only with five dates from which to choose.

Note: Even though some of these CCP Processing Events are before your school's information session, you can still participate and then attend your school's information session.

- **All paperwork must be submitted by the student in person.**

We will no longer accept any paperwork from the counselor.

To demonstrate college readiness, the student needs to be able to follow the steps to participate in the program which include:

- Meeting with the counselor to complete the authorization forms and request a transcript in a timely manner.
- Completing the program paperwork properly and clearly.
- Completing the UCBA CCP Online Application, making a reservation and attending one of the six scheduled CCP Processing Events, and bringing all requested materials.

- **Faster application processing.**

Students, parents, and counselors will know within three weeks after the CCP Processing Event whether or not the student is accepted into the program.

We Provide Options

- **The goal of the UC Blue Ash College Credit Plus Program is to provide options for students in grades 7–12.**

- Students may take classes any term or any combination of terms.
- Even if accepted, students may elect not to participate in the program.
- Students may take one class or a full load (up to 30 hours without additional cost).
- Students may decide to take only one semester.
- Students may take day, evening, or Saturday classes.

STARTING IN JANUARY 2017:
