The Cove School Mission
And Vision Statement

MISSION STATEMENT

VISION STATEMENT

“The Cove School, a private K-12 day school, is a national leader in educating children with learning disabilities. Cove was founded by pioneers in the field of learning disabilities in 1947. Cove provides children from diverse backgrounds with an individualized educational experience in a safe and respectful environment. Cove’s dual purpose is to provide students with customized learning strategies to complete an academic curriculum, and facilitate the development of their social, emotional and self-advocacy skills. Cove’s approach to learning creates an environment for students to build the self-confidence necessary to make a successful transition to their community schools, or to make a post-secondary choice.”

To achieve these purposes, a collaborative working relationship between students, parents/guardians, and Cove School staff is valued and essential.

GENERAL INFORMATION

School Hours

The Cove School office is open from 8:00 a.m. to 4:00 p.m. on school days. All classes begin at 8:30 a.m. The school day ends at 3:00 p.m. for all elementary and junior high students. High school students will be dismissed at 3:30 p.m.

All students have early dismissal on Thursdays when the school day ends at 2:00 p.m.

Students should arrive at school on time. A late pass is required from the main office if a student arrives after 8:30 a.m. Any student who arrives after 8:40 will be considered tardy.

Registration of New Students

Students must be fully registered at The Cove School prior to being admitted to classes. All paperwork must be completed, including all permission forms and medical forms, and turned into the main office before a student will be allowed to attend school.

Arrival and Dismissal

All students should be dropped off at the front door as close to 8:30 a.m. as possible. An adult supervisor will monitor a.m. arrival from 8:00 to 8:30. If a student will be arriving late, please call the office. Elementary and junior high students will be available to be picked up at 3:00 p.m. (2:00 p.m. on Thursdays). High school students will be dismissed at 3:30 (2:00 p.m. on Thursdays). Students taking cabs are picked up on the west side of the building; students taking buses exit on the north side of the building; parents/guardians pick-up at the main entrance at the front of the school. Students will not be released to walk across the parking lot unescorted. Students will only be loaded into parent/guardian cars parked at the curb in front of the school. Please note that the traffic pattern is reversed at pick-up to improve traffic flow. Supervision will be provided until all students are picked up.

Late Arrival or Early Release

Parents/Guardians and students must sign in and out when arriving late or leaving early from school. High school students in the Work/Study program must sign in and out. The students, who take public transportation and leave early with parent/guardian permission, must also sign out.

Transportation

Authorization to Change Pick-Up Arrangements – Parents/Guardians must provide written authorization 24 hours in advance for a student to be released to anyone other than the regular transportation provider. If 24-hour notice is not provided, the Executive Director or designee must give authorization.
IF TRANSPORTATION PLANS CHANGE FOR ANY REASON, THE PARENT/GUARDIAN IS TO NOTIFY THE BUS/CAB COMPANY AND THE SCHOOL OFFICE. THE PARENT/GUARDIAN ALSO MUST NOTIFY THE BUS/CAB COMPANY TO RESUME TRANSPORTATION, OR THE BUS/CAB COMPANY MAY NOT PICK UP THE STUDENT.

**Breakfast Lunch and Activity**

Breakfast cereal bars and cereal are available upon request every school day from 8:00 a.m. to 8:30 a.m. and is available to all students. The lunch program is available for a fee (unless qualified for the free lunch program). Parents must fill out a Lunch Order form in advance and return it to the front office along with the fee for the days and lunches that are selected. The lunch order form is available online or contact the front office for a hard copy.

Students may bring a sack lunch from home for any day they chose not to participate in the lunch program. Microwaves are available on a first come/first serve basis in the lunchroom. Parents and/or students are asked not to have food delivered from fast food restaurants to the school for student lunches.

The school also offers a milk program and milk can be purchased in advance for students to have with their lunch.

Free or reduced price meals are available for qualifying students by contacting the Executive Director, the Principal or designee.

Parents/Guardians are encouraged to send nutritious and healthy food as part of an overall approach to wellness.

THE COVE SCHOOL IS A PEANUT-FREE ENVIRONMENT. ALLERGIC REACTIONS TO PEANUTS AND PEANUT PRODUCTS CAN BE LIFE THREATENING.

**Treats & Snacks**

Due to health concerns and scheduling, treats and snacks for any occasion must be arranged in advance with the classroom teacher. All treats and snacks must be store bought and prepackaged in individual servings. No homemade treats or snacks are allowed at school. Treats and snacks may not require refrigeration and must have a clearly printed list of ingredients on the packaging. We strongly encourage you to select a treat or snack with nutritional value.

**School Supplies**

The Cove School will provide most of the basic supplies and materials required for school, such as texts, workbooks, most art materials, and athletic equipment. However, all students must bring some basic supplies. The case manager/teacher will supply this list at the beginning or the school year or when a student transfers into the school. Supply lists are available on line of by contacting the school main office.
**Lockers**

All students will have a locker assigned. All lockers have a built in lock, with a combination and a key if needed. Some students have difficulty with the combination lock or are likely to misplace their key. Students who will find the supplied lock to be an unnecessary additional stressor in their day are encouraged to supply their own lock. A locker without a built in lock will be provided for them. All students who bring in a personal lock must share either an extra key or the combination code for the lock with their homeroom teacher. Students are responsible for keeping their assigned locker clean, both inside and outside. Damages to the locker will be charged to the responsible student. Although all students are closely supervised, theft can occur. The Cove School is not responsible for lost or stolen items. Students are encouraged to not bring expensive items (e.g., computer games, electronic equipment, etc.) or toys to school. If an expensive item is brought to school, it is to be locked in the student’s assigned locker until the end of the day to prevent loss, theft, or breakage.

**Lost and Found**

Articles found in and around the school should be turned into the main office where the owners may claim their property. Cove is not responsible for lost or stolen items. Any items not claimed at the end of the school year will be donated to charity.

**School Closing**

When weather conditions or an emergency situation require that school be cancelled, an announcement will be made on the local radio stations. School closing will also be posted on The Cove School website as well as at the Emergency Closing Center website, http://www.emergencyclosingcenter.com

The Cove School utilizes an emergency calling service to help communicate school closings in a timely manner. Whenever possible, you will be notified of an emergency closing by 6:00 a.m.

**Fines, Fees, and Charges; Waiver of Student Fees**

The school establishes fees and charges to fund certain optional activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment.

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. As student is eligible for a fee waiver if at least one of the following prerequisites is met:
1. The student currently lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act; or

2. The student or the student’s family is currently receiving aid under Article IV of the Illinois Public Aid Code (Aid to Families of Dependent Children).

Additional consideration will be given where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Unemployment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

Parents/guardians will be promptly notified as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process should be addressed to the Executive Director or designee.

Pursuant to the Hunger-Free Students' Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.
POLICIES AND PROCEDURES

Nondiscrimination

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religious beliefs, physical or mental disability, status as homeless, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact the Executive Director, the Principal or designee.

Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the Principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

Privacy and Dignity Policy

The Cove School offers the following in an effort to safeguard and uphold its students’ privacy and dignity: Private spaces for changing, single stall bathrooms, access to a nurse when needed, policies related to privacy when meeting with the school nurse are available. Additionally, students have therapy sessions in private rooms and are able to access their social worker when needed.

Attendance

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child’s age, shall assure that the child attends school during the entire time school is in session.

Student Absences

There are two types of absences: excused and unexcused. Excused absences include: illness, observance of a religious holiday or event, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause
reasonable concern to the parent/guardian for the student's mental, emotional, physical health or safety, attending a military honors funeral to sound TAPS, or other reason as approved by the Executive Director, the Principal or designee.

Additionally, a student will be excused for up to 5 days in cases where the student’s parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The school, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student’s parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that the student completes such assignments prior to their return to school.

All other absences are considered unexcused. The Executive Director or designee must approve pre-arranged excused absences.

The school may require documentation explaining the reason for the student’s absence.

In the event of any absence, the student’s parent or guardian is required to call the school at 847-562-2100 before 8:30 a.m. to explain the reason for the absence. If a call has not been made to the school by 10:00 a.m. on the day of a student’s absence, a school official will call the home to inquire why the student is not at school. If the parent or guardian cannot be contacted, the student will be required to submit a signed note from the parent or guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent or guardian, the reason for an absence will be kept confidential.

If a student is absent for 5 consecutive days or excessive tardy days accumulate, if applicable, the student’s home district will be notified.

**Release Time for Religious Instruction/Observance**

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the Executive Director or designee at least 5 calendar days before the student’s anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement.

**Truancy**

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and the student’s referring district.

Students who miss more than 1% but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior 180 regular school days are considered chronic truants. Students who are
chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and student’s funding district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State’s Attorney
- Appropriate school discipline

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

**Re-Entry of Returning Students**

The Dean of Students and/or other school administrators, the student’s Case Manager and Social Worker shall meet with a student and parent/guardian for a Re-Entry Meeting when returning to school from an out-of-school suspension, hospitalization or treatment program for mental or physical health, or a student who has been absent for an extended time for any other reason. The goal of this meeting shall be to support the student’s ability to be successful in school following a period of absence and shall include a plan for students to complete or make-up missed work for equivalent academic credit.

**Visiting the School**

Parents/Guardians who wish to meet with a teacher or specialist may contact the employee directly to arrange a convenient time. Former students who wish to visit with a teacher should contact the teacher directly and set up an appointment time. Former students who wish to visit the school must first contact the Dean of Students to arrange an appropriate time for a visit. Visits with students during the first month and last two weeks of school are not permitted.

All visitors, including parents and siblings, are required to enter through the front door of the building and proceed immediately to the main office. Visitors should identify themselves and inform office personnel of their reason for being at school.

Visitors must sign in, identifying their name, the date and time of arrival, and the classroom or location they are visiting. Approved visitors must take a tag identifying themselves as guests and place the tag to their outer clothing in a clearly visible location. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the main office and sign out before leaving the school.

Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct himself or herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

Visits shall be approved or rejected at the sole discretion of the Executive Director, the Clinical Director, the Principal, the Dean of Students or designee. Visitors will be
reminded that student activities may be confidential, and visitors shall not comment on observations made of any students to third parties without the express written consent of the Executive Director.

**Request to Access Classroom or Personnel for Evaluation or Observation**

The parent/guardian of a student, or an observer evaluating student eligibility, is afforded reasonable access to educational facilities, personnel, classrooms, and buildings. This same right of access is afforded to an independent educational evaluator or a qualified professional retained by or on behalf of a parent or child. Changes in classroom routine can be distracting and impede the learning of students. To provide access while preserving learning environment, all evaluation/observations of students or classes are by appointment only. The Executive Director, the Clinical Director, or the Principal will schedule all evaluation/observation appointments and one of the school administrators may accompany classroom observers. Observations are limited to one adult observer at a time. Observations will be limited to those that are deemed to be educationally and clinically necessary. Observations are typically limited to 45 minutes.

**School Volunteers**

All school volunteers must complete the “Volunteer Information Form” and be approved by the Executive Director, the Clinical Director, or other school administrator prior to assisting at the school. Forms are available in the school office. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. For school-wide volunteer opportunities, please contact the Director of Development.

Volunteers are required to check in and out at the main office and receive a visitor badge before going to their destination.

**Behavior Expectations**

All Cove students are expected to come to school ready to learn. Learning is not limited to classroom instruction, but includes all aspects of the entire day. Cove has adopted the six pillars of CHARACTER COUNTS! The six pillars are: Trustworthiness, Respect, Responsibility, Fairness, Caring and Citizenship. The behavioral expectation for all students is that they will conduct themselves in a manner that is consistent with these six pillars.

One of the primary expectations is that students will use respectful/appropriate language at all times. Swearing and foul language are unacceptable at The Cove School.

Students are expected to behave in a manner that supports and encourages learning and respect for all. To this end, we stress cultivation of attitudes and behavior conducive to learning comfortably in a group, self-knowledge, and acceptance of each individual's uniqueness.
The Cove School utilizes the **CHAMPS** model to support students in meeting expectations for each aspect of their school day. **CHAMPS** is an acronym describing the following components of the program:

**C** – **Conversation** - Can students talk to each other during this activity/transition? How Loud, to whom, about what?

**H** – **Help** - How can student get questions answered during this activity/transition?

**A** – **Activity** - What is the task/objective of this activity/transition? What is the expected end product?

**M** – **Movement** - Can students move around during this activity/transition? If so, for what reason?

**P** – **Participation** - What does active and responsible participations for this activity look and sound like?

**S** – **Success** - If a student meets the teacher’s CHAMP expectations, he or she will be successful.
Behavior Management Policy/Procedures

Rules of discipline have been established in order to foster a safe and productive learning environment for all our students. The maintenance of good discipline across our campus before, during, and after school hours is the collective responsibility of students, parents and staff members. Section 14-8.05 of the Illinois School Code vests staff members with the authority to supervise and discipline students during the school day and at school-sponsored events in the absence of parents/guardians, even if the student and the staff member may not know each other. If a student's off-campus conduct materially or substantially disrupts or poses a true threat and interferes with the school's educational functions, the student can be disciplined.

Consequences for misbehavior are automatic in some cases, but will often be decided on a case-by-case basis, taking into consideration individual needs and responses. In all cases of severe or repeated misbehavior, parent/guardian input and involvement will be sought, and possibly, required. If misbehavior continues to the extent that the safety and/or learning of the student and others is threatened, a more appropriate school setting will be considered, and a decision to transition may be made by Cove administrators at their discretion.

Whenever a “Disciplinary Referral” is made, the Dean of Students and others will take into consideration the student's behavior intervention or management plan, or the behavioral goals incorporated into the student's IEP.

The parent/guardian should be aware of and support the school's rules and discipline policies and procedures. It is also helpful for the parent/guardian to keep the school informed of their concerns and the problems their child is having. Parent/Guardian and staff members should confer about the student’s behavior intervention or management plan and other behavioral goals in the student’s IEP as they relate to discipline issues with the student. In addition, a manifestation determination will be conducted if necessary. Parent/Guardian are an important resource and can be involved in the problem solving process when teachers and the Administration are determining effective behavior management strategies for a student. The following are examples of behavior that may result in a suspension or dismissal.

Prohibited Student Conduct

Students may be disciplined for gross disobedience or misconduct, including but not limited to the following:

1. Using, possessing, distributing, purchasing, selling or offering for sale tobacco or nicotine materials, including electronic cigarettes or e-cigarettes.

2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, selling or offering for sale:

   a. Any illegal drug, controlled substance, or cannabis (including marijuana, hashish, and medical cannabis unless the student is authorized to be administered a medical cannabis infused product under *Ashley’s Law*).

   b. Any anabolic steroid unless it is being administered in accordance with a physician’s or licensed practitioner’s prescription.

   c. Any performance-enhancing substance on the Illinois High School Association’s most current banned substance list unless administered in accordance with a physician’s or licensed practitioner’s prescription.

   d. Any prescription drug when not prescribed for the student by a physician or licensed practitioner, or when used in a manner inconsistent with the prescription or prescribing physician’s or licensed practitioner’s instructions. The use or possession of medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited unless the student is authorized to be administered a medical cannabis infused product under *Ashley’s Law*.

   e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student’s use of asthma or other legally prescribed inhalant medications.

   f. “Look-alike” or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance or other substance that is prohibited by this policy.

   g. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

   h. Any substance inhaled, injected, smoked, consumed or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in a tablet or powdered form.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they have the prohibited substance, as applicable, in their possession.

4. Using, possessing, controlling or transferring a “weapon” or violating the procedures listed below under the Weapons Prohibition section of this handbook procedure.
5. Using or possessing an electronic paging device.

6. Using a cellular telephone, smartphone, video recording device, personal digital assistant (PDA), or similar electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation, creating and sending, sharing, viewing, receiving or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device or cellular telephone, commonly known as "sexting." Unless otherwise banned under this policy or by the Principal, all cellular phones, smartphones and other electronic devices must be kept powered-off and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student’s individualized education program (IEP); or, (c) it is needed in an emergency that threatens the safety of students, staff, or other individuals.

7. Using or possessing a laser pointer unless under a staff member’s direct supervision and in the context of instruction.

8. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a staff member’s request to stop, present school identification or submit to a search.

9. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, altering report cards and wrongfully obtaining test copies or scores.

10. Engaging in bullying, hazing or any kind of aggressive behavior that does physical or psychological harm to a staff person or another student or encouraging other students to engage in such behavior. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network or other comparable conduct.

11. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning) and sexual assault.

12. Engaging in teen dating violence.

13. Causing or attempting to cause damage to, stealing, or attempting to steal, school property or another person’s personal property.

14. Entering school property or a school facility without proper authorization.

15. In the absence of a reasonable belief that an emergency exists, calling emergency responders (calling 9-1-1); signaling or setting off alarms or signals indicating the presence of an emergency; or indicating the presence of a bomb or explosive device on school grounds, school bus or at any school activity.

16. Being absent without a recognized excuse.

17. Being involved with any public school fraternity, sorority, or secret society.

18. Being involved in a gang or engaging in gang-like activities, including displaying gang symbols or paraphernalia.
19. Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism and hazing.

20. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

21. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.

22. Operating an unarmed aircraft system (AUS) or drone for any purpose on school grounds or at any school event unless granted permission by an administrator.

For purposes of these rules, the term “possession” includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student’s person; (b) contained in another item belonging to, or under the control of, the student, such as in the student’s clothing, backpack, or automobile; (c) in a school’s student locker, desk, or other school property; (d) at any location on school property or at a school-sponsored event; or (e) in the case of drugs and alcohol, substances ingested by the person.

Efforts, including the use of positive interventions and supports shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

**When and Where Conduct Rules Apply**

The grounds for disciplinary action also apply whenever the student’s conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an
attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

**Disciplinary Measures**

School administrators shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen or damaged property.
6. In-school suspension.
7. After-school detentions or Saturday detentions provided the student’s parent/guardian has been notified. (If transportation arrangements cannot be made in advance, an alternative disciplinary measure will be assigned to the student.)
8. Community service.
9. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
10. Suspension of bus riding privileges.
11. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.
12. Dismissal from Cove School and all Cove School activities. A dismissed student is prohibited from being on Cove School grounds.
13. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), “look-alikes,” alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the student’s home district, The Cove School and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.
Students’ Rights

1. The student has the right to know why he/she is being disciplined. It is the responsibility of the teacher or administrator to make this clear.
2. The Student has the right to speak in his/her own defense and to present any evidence of his/her innocence.
3. The student has the right to request that a significant adult (parent/guardian, employee of The Cove School) be with them to discuss their position.
4. When a disciplinary referral is made, it is the responsibility of the school administration to weigh all the information before making a final decision.

Disciplinary Guidelines

LEVEL I BEHAVIOR

Level I behaviors by a student are actions that interfere with orderly classroom, school, or bus procedures. Such misbehavior is usually handled by an individual staff member or classroom teacher but sometimes requires the intervention of the Social Work Department or the Dean’s Office. Examples include, but are not limited to, the following:

- Being tardy to class
- Disturbing a class
- Failing to clean up lunch litter
- Failing to follow proper attendance procedures
- Lying
- Non-defiant failure to complete assignments or carry out directions
- Using abusive language/general profanity
- Violating cell phone use policy
- Horsing around
- Violating transportation procedures
- Behavior resulting from emotional dysregulation

LEVEL I CONSEQUENCES*

There is immediate intervention by the staff member who is supervising the student or who observes the misbehavior. The staff member will maintain a proper and accurate record of the offense and disciplinary action. Disciplinary options include but are not limited to the following:

- Consultation
- Detention from teacher
- Parent conference
- Schedule change
- Special assignment
- Staffing
- Tardy probation
- Verbal reprimand
• Withdrawal of privileges
• Time spent in the Learning Resource Center

LEVEL II BEHAVIOR

Level II behaviors are defined as actions that disrupt the learning climate of the school. These infractions can result from the continuation of LEVEL I behaviors, and require the intervention of the Dean because the execution of LEVEL I disciplinary options has failed to correct the situation. Also included in this level are misbehaviors which do not represent a direct threat to the health and safety of others, but which cause educational consequences serious enough to require corrective action on the part of administrative personnel.

Examples include but are not limited to the following:

• Continuation of unmodified LEVEL I misbehavior
• Cutting class
• Leaving class without permission
• Being absent from classroom detention/homework room
• Bus vandalism/defacing school property
• Cheating
• Disrespect/insubordination
• Driving and/or parking violations
• Forging notes or misrepresenting phone calls
• Harassing/disrupting another student’s educational rights
• Inappropriate use of technology or electronic devices
• Loitering in washrooms, hallways, parking lots, or unauthorized areas
• Possessing/using/distributing/purchasing/selling tobacco on, or adjacent to school property or at a school-sponsored event
• Truancy
• Behavior resulting from emotional dysregulation

LEVEL II CONSEQUENCES*

The student will be referred to the Dean for appropriate disciplinary action. The administrator will meet with the student and/or teacher and decide on appropriate action. The teacher will be informed of the administrator’s action. The administrator will maintain a proper and accurate record of the offense and the disciplinary action. Disciplinary options include but are not limited to the following:

• Alternative assignment
• Apology to the offended party
• Assignment to homework room
• Attendance contract
• Behavior contract
• Detention(s) (Before/During/After School, Lunch)
• Disciplinary conference
• Parent conference
• Referral to outside agency
• Staffing
• Withdrawal of privilege

LEVEL III BEHAVIOR

LEVEL III behaviors usually involve acts directed against persons or property but whose consequences do not seriously endanger the health and safety of others in the school. These acts might be considered criminal, but most frequently can be handled by the disciplinary mechanism in the school. Corrective measures, which the school should undertake, however, depend on the extent of the school’s resources for remediation of the situation in the best interest of all students. Examples include but are not limited to the following:

• Continuation of Unmodified LEVEL II Misbehavior
• Leaving school without permission
• Absent from office detention
• Vandalizing school property/transportation
• Disruption of the educational environment
• Inappropriate touching
• Engaging in gang activity
• Fighting
• Gross insubordination
• Harassment
• Sexting
• Hazing/bullying
• Inappropriate use of technology
• Intimidating others
• Making threats
• Possessing/using/transfering a look-alike weapon
• Profanity directed to staff
• Stealing
• Trespassing
• Inappropriate use/ possession/distribution/purchase/ sale of a legal substance (including but not limited to inhalants, diet supplements, OTC’s or any prescription drug when not prescribed for the student by a licensed health care provider or when not used in the manner prescribed).
• Use/possession/distribution/purchase/sale of an illegal substance (drugs, look-alike drugs, alcohol, drug paraphernalia, and/or any anabolic steroid or performance-enhancing substance not administered under a physician’s care and supervision.)
• Vandalism

LEVEL III CONSEQUENCES*

The Dean initiates disciplinary action by investigating the infraction and conferring with staff and other administrators on the extent of the consequences. The Dean meets with the student about the student’s misconduct and the resulting disciplinary action. A parent
will be contacted. The administrator will maintain a proper and accurate record of offenses and disciplinary actions. Disciplinary options include but are not limited to the following:

- Behavior Contract
- Financial Restitution
- In-School Suspension
- Out-of-School Suspension
- Police Referral
- Referral to Outside Agency
- Saturday Detention(s)
- Staffing
- Suspension of Bus Privileges
- Temporary Removal from Class
- Withdrawal of Privileges

**LEVEL IV BEHAVIOR**

Level IV behaviors involve actions which result in violence to a person or his/her property and pose a direct threat to the safety of others in the school. These acts may be criminal and are so serious that they always require administrative actions, which may result in the immediate removal of the student from school, the possible intervention of law enforcement authorities. Examples include but are not limited to the following:

- Continuation of Unmodified Level III Misbehavior
- Arson
- Assault/battery
- Bomb threat
- Extortion
- False fire or disaster alarms
- Fighting
- Inappropriate use of technology
- Possessing/using/transferring a look-alike weapon
- Possessing/using explosive or incendiary devices
- Possessing/using/transferring dangerous weapons
- Presenting a danger to self/others
- Theft/possession/sale of stolen property
- Using/possessing/selling/distributing/purchasing or attempting to purchase an illegal substance (drugs, look-alike drugs, and alcohol)

**LEVEL IV CONSEQUENCES***

The Dean will verify the offense, confer with the staff involved and other administrators to determine the school’s response to the behavior. A meeting will be held with the student, parents, school administration and other staff as appropriate to outline the offence and the consequences. School administrators may contact a law enforcement agency and assist in prosecuting the offender. A complete and accurate report will be submitted to the Executive Director, Clinical Director, other administrators as appropriate, and Funding District (when applicable). Disciplinary options include but are not limited to the following:
• Alternative programs
• Dismissal
• Suspension
• Other School Action
• Police referral
• Referral to outside agencies

*Depending on circumstances as determined by the Administrative Team

**Corporal Punishment**

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

**Physical Restraints**

Both the Federal and State definitions describe physical restraint as consisting of planned holds or techniques to prevent a student’s movement (e.g., immobilization of the head, arms, legs, and/or torso). The use of these planned holds and techniques are only allowable in the event a student presents an imminent threat to the safety of self or others.

**Time Out**

Cove does not utilize Time Out. Time Out is defined as a student being alone in a monitored enclosure due to exhibiting behavior that poses an imminent danger to self or others.

**Prevention of and Response to Bullying, Intimidation, and Harassment**

Bullying is against school policy and Illinois state law.

Bullying, intimidation, and harassment diminish a student’s ability to learn and a school’s ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important school goals.

Bullying on the basis of actual or perceived race, color, national origin, immigration status, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:
1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student’s or students’ person or property;
2. Causing a substantially detrimental effect on the student’s or students’ physical or mental health;
3. Substantially interfering with the student’s or students’ academic performance; or
4. Substantially interfering with the student’s or students’ ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying to their teacher, a teaching assistant, their social worker, any administrator, or any staff member with whom the student is comfortable speaking. All school employees are available for help with a bully or to make a report about bullying. Any information obtained about actual or threatened bullying will immediately report it to the Dean of Students for further investigation and intervention. Anonymous reports are also accepted by phone call or in writing.

A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student’s act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

A student will not be punished for reporting bullying or supplying information, even if the school’s investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.
Sexual Harassment & Teen Dating Violence Prohibited

Sexual harassment of students is prohibited. A person engages in sexual harassment whenever he or she makes sexual advances, requests sexual favors, and/or engages in other verbal or physical conduct, including sexual violence, of a sexual or sex-based nature, imposed on the basis of sex, that:

1. Denies or limits the provision of educational aid, benefits, services, or treatment; or that makes such conduct a condition of a student’s academic status; or
2. Has the purpose or effect of:
   a. Substantially interfering with a student’s educational environment;
   b. Creating an intimidating, hostile, or offensive educational environment;
   c. Depriving a student of educational aid, benefits, services, or treatment; or
   d. Making submission to or rejection of such conduct the basis for academic decisions affecting a student.

The terms intimidating, hostile, and offensive include conduct that has the effect of humiliation, embarrassment, or discomfort. Examples of sexual harassment include touching, crude jokes or pictures, discussions of sexual experiences, teasing related to sexual characteristics, and spreading rumors related to a person’s alleged sexual activities. The term sexual violence includes a number of different acts. Examples of sexual violence include, but are not limited to, rape, sexual assault, sexual battery, sexual abuse, and sexual coercion.

Teen Dating Violence Prohibited

Engaging in teen dating violence that takes place at school, on school property, at school-sponsored activities, or in vehicles used for school-provided transportation is prohibited. For purposes of this policy, the term teen dating violence occurs whenever a student who is 13 to 19 years of age uses or threatens to use physical, mental, or emotional abuse to control an individual in the dating relationship; or uses or threatens to use sexual violence in the dating relationship.

Reporting a Complaint; Enforcement

Students are encouraged to report claims or incidents of sexual harassment, teen dating violence or any other prohibited conduct to their teacher, a teaching assistant, their social worker, any administrator, or any staff member with whom the student is comfortable speaking. A student may choose to report to a person of the student’s same sex. Anyone to whom a complaint is made will immediately report it to the Dean of Students for further investigation and intervention. Cell phone Complaints will be kept confidential to the extent possible given the need to investigate. Students who make good faith complaints will not be disciplined.

Any person making a knowingly false accusation regarding prohibited conduct will likewise be subject to discipline.
Public Display of Affection

Development in relationship building and expression of affection is a natural part of the maturation process. Just as important as learning about relationships and affection is the judgement to know what is appropriate for different times, places and audiences. In order to guide our students, the following is the policy for Public Displays of Affection (PDA) at Cove.

Students should demonstrate respect for themselves and others by conducting themselves in a manner appropriate for a public setting. Behaviors which are not appropriate in public make other people uncomfortable. School is not the place for prolonged public displays of affection.

Appropriate public displays of affection at Cove must be consensual and brief. Displays are limited to a brief hug and hand holding. These behaviors are appropriate only during non-instructional time. Public displays of affection that are in violation of this policy may lead to intervention or disciplinary action by the school.

Examples of inappropriate public displays of affection at Cove include, but are not limited to, prolonged hugs, kissing, fondling, groping or grabbing body parts, hands under clothing, and/or other sexual acts.

Helping students discern how and when different kinds of physical contact are appropriate is an important part of social education and personal safety.

School Dress Code/Student Appearance

Students are expected to wear clothing in a neat, clean, and well-fitting manner while on school property and/or in attendance at school sponsored activities. Students are to use discretion in their dress and are not permitted to wear apparel that causes a substantial disruption in the school environment.

- Student dress (including accessories) may not advertise, promote, or picture alcoholic beverages, illegal drugs, drug paraphernalia, violent behavior, or other inappropriate images.
- Student dress (including accessories) may not display lewd, vulgar, obscene, or offensive language or symbols, including gang symbols.
- Hats, coats, bandannas, sweat bands, and sunglasses may not be worn in the building during the school day.
- Hairstyles, dress, and accessories that are disruptive to the educational setting or may be banned from classes where they may pose a safety hazard; examples are: shop, laboratories, or during physical education.
- Clothing that is poorly fitting, are revealing or showing undergarments may not be worn at school.
- The length of shorts or skirts must be appropriate for the school environment.
- Appropriate footwear must be worn at all times.
- If there is any doubt about dress and appearance, school administrators or designee will make the final decision.
• Student whose dress causes a substantial disruption of the orderly process of school functions or endangers the health or safety of the student, other students, staff or others may be subject discipline.

**Bus/Cab Regulations and Rules**

Riding the school bus or cab is a privilege. Improper conduct on these vehicles will result in denial of the privilege or other disciplinary action. If necessary, a manifestation determination will be conducted.

While students are on the bus, they are under the supervision of the bus driver. In most cases, the bus driver can handle bus discipline problems. In the case of a written disciplinary referral, student bus problems will be investigated and responded to by the Dean of Students.

The student’s funding district may follow their policies and procedures as they are notified of all written transportation related issues.

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student’s parent or guardian to notify the school that the student does not have alternative transportation to school.

In the interest of the student’s safety and in compliance with State law, students are also expected to observe the following:

1. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.
2. Arrive on time at the bus stop, and stay away from the street while waiting for the bus.
3. Stay away from the bus until it stops completely and the driver signals you to board. Enter in single file without pushing. Always use the handrail.
4. Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.
5. Talk quietly on the bus. No shouting or creating loud noises that may distract the driver. Tablets, iPods®, iPads®, smart phones, and other electronic devices must be silenced on the bus unless a student uses headphones.
6. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus.
7. Always listen to the driver’s instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers. Remain seated, keeping your hands, arms, and head inside the bus at all times.
8. Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.
9. Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take five giant steps away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.
10. If you must cross the street after you get off the bus, wait for the driver’s signal and then cross in front of the bus. Cross the street only after checking both ways for traffic.

11. Never run back to the bus, even if you dropped or forgot something.

Video and audio cameras may be active on busses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

For questions regarding school transportation issues, contact the funding school district or the Dean of Students at The Cove School.

**Bus/Cab Conduct**

Students are expected to follow all school rules when riding the school bus. A student may be suspended from riding the bus for engaging in gross disobedience or misconduct, including but not limited to, the following:

1. Violating any school rule or school policy.
2. Willful injury or threat of injury to a bus driver or to another rider.
3. Willful and/or repeated defacement of the bus.
4. Repeated use of profanity.
5. Repeated willful disobedience of a directive from a bus driver or other supervisor.
6. Such other behavior the Dean of Students, or other administrator deems to threaten the safe operation of the bus and/or its occupants.

If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the student may be suspended from riding the school bus for a period in excess of 10 days for safety reasons.

A student suspended from riding the bus who does not have alternate transportation to school shall have the opportunity to complete or make up work for equivalent academic credit. It shall be the responsibility of the student’s parent or guardian to notify the school that the student does not have alternate transportation.
**Student Drivers**

Students who will be driving must notify the Dean of Students in order to obtain driving privileges. Students must provide proof of insurance, if required by the Executive Director. Students may not drive or sit in their cars during school hours or during their lunch period. Students must park in the assigned area.

**Homework Policy**

Homework is defined as any task assigned by teachers that is intended for students to complete outside of instructional hours and is one of the ways we can celebrate student learning.

The Cove School believes meaningful, carefully planned homework can be an important component of the learning process. The Cove School also understands that homework may impact family life, student workload, and student hobbies. If needed, teachers will work with parents/guardians and individual students to assure that the Homework Policy is effective for each child.

Homework has a variety of purposes including, promoting pre-learning, assess where students’ skills to guide instruction, check for understanding, provide practice at the application level and allow time for student reflection.

**Frequency**

- It is recommended that students read at least 20 minutes per night. The amount of homework assigned may be differentiated based on the individual student needs.
- Students might not have the same amount of homework each day or students may be given multiple days to complete an assignment.
- Students might not be assigned homework on weekends or holidays.

**Incomplete Homework**

Incomplete homework is handled on an individualized basis depending on student needs. Teachers will explore the reasons it was not completed and work with the student and/or parent/guardian to come up with a plan. The plan will consist of when and how the student will make up the assignment, including opportunities in school. Students will always be given the opportunity to make up any missed homework assignments.

**Parental Responsibilities**

Parents/guardians and teachers are educational partners. The role of the parent/guardian includes…

- Communicating with the teacher any concerns related to homework and completion thereof.
- Providing a space for their child to do homework
- Homework is intended to support learning, so parents/guardians are not expected to take on the role of a professional teacher
Parents may help their child interpret assignment directions or proofread work to point out errors.

**Grading Homework**

Homework will be checked for completion and understanding. Teachers will work individually with students regarding the impact each assignment has on the overall status of a student’s grade. Homework assignments are intended to help determine the next steps in teaching and learning.

Students will have opportunities to receive homework support throughout the day and/or by attending one of the school’s homework clubs.

**Make-up Work**

Students are to be allowed to make up all missed work during an excused absence. The student will receive full credit for these assignments. Generally, work or tests assigned prior to the absence that are during the dates of the absence, need to be turned in or taken (tests) the day of the student’s return. The teacher may make an adjustment for extenuating circumstances.

Students who miss class for special pullout sessions need to get their missed assignments finished and turned in to the teacher in a timely fashion so that they stay current with the work going on in class.

Assignments and tests/quizzes assigned during an excused absence are to be made up within a week’s time of a student’s return to class. The student and the teacher should meet to work out an acceptable timeframe.

**High School Homework Policy**

When a high school student does not have a homework assignment completed at the time it is due, or the homework needs to be redone, the student will be sent to the homework room for the lunch/activity period. Before and after school detentions may be assigned for chronic homework issues.

**Junior High and High School Tardy Policy**

1. Each teacher will keep track of each student’s tardiness to class.

A student is tardy if they are more than three (3) minutes late to class and do not have a valid written pass. A student is considered excessively tardy if they are more than ten (10) minutes late to class without a valid written pass. Excessive tardiness will be equal to three (3) tardies and be added to the student’s total number of tardies accumulated for the class.
2. After three (3) tardies to the same class have been accumulated:

• The teacher will complete a Disciplinary Referral and the parent/guardian will be notified.
• The student will serve one (1) lunch detention with the Dean of Students.
• A manifestation determination will be conducted if necessary.

3. After six (6) tardies to the same class have been accumulated:

• The teacher will complete a Disciplinary Referral Form and the parent/guardian will be notified.
• The student will serve three (3) lunch detentions with Dean of Students.
• Parents/Guardians will be notified by phone.
• A manifestation determination will be conducted if necessary.

4. After nine (9) tardies to the same class have been accumulated:

• The teacher will complete a Disciplinary Referral Form and the parent/guardian will be notified.
• The student will serve five (5) days of lunch detention with the Dean of Students.
• A parent conference will be held in which the student's attendance is required.
• A manifestation determination will be conducted if necessary.

5. For any additional tardies:

• The teacher will complete a Disciplinary Referral Form and the parent/guardian will be notified.
• A parent conference will be held in which the student's attendance is required.
• Lunch/activity privileges will be indefinitely suspended.
• A manifestation determination will be conducted if necessary.

**Student Use of Electronic Devices**

The use of electronic devices and other technology at school is a privilege, not a right. Students are prohibited from using electronic devices, except as provided herein. An electronic device includes, but is not limited to, the following: cell phone, video recording device, personal digital assistant (PDA), iPod®, iPad®, laptop computer, tablet computer or other electronic device. Pocket pagers and other paging devices are not allowed on school property at any time, except with the express permission of a school administrator.

Electronic devices must be kept powered-off and out-of-sight unless: (a) permission is granted by an administrator, teacher or school staff member; (b) use of the device is provided in a student's individualized education program (IEP); or (c) it is needed in an emergency that threatens the safety of students, staff, or other individuals.

Electronic devices may never be used in any manner that disrupts the educational environment, violates student conduct rules or violates the rights of others. This includes, but is not limited to, the following: (1) using the device to take photographs in locker rooms
or bathrooms; (2) cheating; and (3) creating, sending, sharing, viewing, receiving, or
possessing an indecent visual depiction of oneself or another person through the use of
a personal electronic device.

The Cove School is not responsible for the loss, theft or damage to any electronic device
brought to school.

Students in violation of this procedure are subject to the following consequences:

1. First offense – The device will be confiscated by school personnel. A verbal
warning will be assigned. The student will receive the device back at the end of the
day in the school office.

2. Second offense – The device will be confiscated. A detention will be assigned. The
student’s parent/guardian will be notified and required to pick up the device in the
school office.

3. Third offense – The device will be confiscated. A detention will be assigned. The
student’s parent/guardian will be notified and required to pick up the device in the
school office. Additionally, the student will be prohibited from bringing the device
to school for the next 10 school days. If the student is found in possession of the
device during this 10-day period, the student will be prohibited from bringing the
device to school for the remainder of the school year. The student will also face
consequences for insubordination.

4. Fourth and subsequent offenses – The device will be confiscated. The student will
be assigned a detention and will be prohibited from bringing the device to school
for the remainder of the school year. The student’s parent/guardian will be notified
and required to pick up the device in the school office. The student will also face
consequences for insubordination.

School administrators in accordance with provisions in this handbook may search cell
phones and other electronic devices.

**Technology Acceptable Use Policy**

It is the policy of Cove School to encourage the use of technology, including student use
of the school’s electronic communication network, Cove-issued email accounts, and
Cove-issued 1:1 devices. All use of electronic networks shall be consistent with The Cove
School’s goal of promoting educational excellence by facilitating resource sharing,
innovation, and communication. These procedures do not attempt to state all required or
proscribed behavior by users. However, some specific examples are provided. The
failure of any user to follow these procedures may result in the loss of privileges,
disciplinary action, and/or appropriate legal action.

**Receiving Your Device, Accessing Cove School’s Electronic Network, Cove School Email and the Internet**
The policies, procedures, and information within this document apply to all Chromebooks and devices used at The Cove School, including any other device considered by the school to come under this handbook. Teachers may set additional requirements for use in their classroom and integration with curriculum.

To receive your Cove-issued device and/or to obtain network access, students (referred to as “users”) must submit a signed copy of the Parent/Guardian Permission and Student Agreement. Each user will be required to submit a newly signed copy of the Agreement at the beginning of each school year. In the event a user’s device or electronic network privileges are suspended or revoked, that user will be required to submit a newly-signed Agreement before The Cove School will consider restoring the device and/or electronic network access privileges.

**Statement of Responsibility**

The use of The Cove School's technology equipment and network is a privilege, not a right. The privilege of using the technology resources provided by The Cove School is not transferable by a student to people or groups outside the school and terminates when a student is no longer enrolled at The Cove School. This handbook is provided to make all users aware of the responsibilities associated with efficient, ethical, and lawful use of the Chromebook computer. If a person violates any of the Policies, Procedures and Information contained in this handbook, privileges may be terminated, access to the school's technology resources may be denied, and the appropriate disciplinary action shall be applied.

The act of jail-breaking a Chromebook computer voids any warranty and is in strict violation of the Acceptable Use Policy and the guidelines in this handbook. Chromebook privileges will be terminated and appropriate disciplinary action shall be applied.

Student users should assume that none of their data is private or confidential. Any communication or data may be subject to review by network or school administration.

The user is responsible for what he/she says and does with the computer device and on the network. Communication with thousands of others is quick and easy. Therefore, it is important for the user to stop and think before communicating and to show respect for other people and for their ideas.

A crucial part of the 1:1 Learning Initiative is encouraging a strong partnership between teachers, parents and students. When students are using their school Google account, they are held responsible to the expectations outlined in The Cove School Acceptable Use Policy. This means that any inappropriate usage at home can still affect the learning process in the classroom. Parents are responsible for managing and monitoring Chromebook usage when at home. Teachers are expected to monitor student Google account activity, as it can affect the learning process. Teachers will have access to all students' Google account documents and activity.
Parent/Guardian Responsibilities

- Talk to your student about values and the standards that your student should follow on the use of the Internet just as you would on the use of all media information sources, such as television, telephones, movies, and radio.
- Monitor your student’s Internet activity and instruct your student on proper digital citizenship.
- Help your student maintain the Chromebook as a 1:1 learning tool in the pursuit of academic success.

School Responsibilities

- Provide Internet to its students at school.
- Provide Internet filtering of inappropriate materials as able.
- Provide network data storage areas. These will be treated similar to school lockers.
- The Cove School reserves the right to review, monitor, and restrict information stored on or transmitted via school owned-equipment and to investigate inappropriate use of technology resources. Privacy should not be assumed.
- Provide staff guidance to aid students in doing research and help assure student compliance of the Acceptable Use Policy.
- Provide an effective learning environment for seamless integration of 1:1 Learning tools (i.e., Chromebook)

Student Responsibilities

- Use computers/devices in a responsible and ethical manner.
- Obey general school rules concerning behavior and communication that apply to the Chromebook as well as all technology resources and network use according to The Cove School Acceptable Use Policy Agreement. The Chromebook agreement must be reviewed by both student and parent and signed each year through online registration. The Student Acceptable Use Policy is available online through school’s website. Students and their parents must sign these documents each year as part of this agreement.
- Use all technology resources in an appropriate manner so as not to damage school equipment. This “damage” includes, but is not limited to, jail breaking the Chromebook, the loss of data resulting from delays, non-deliveries, mis-deliveries, or service interruptions caused by the students’ own negligence, errors or omissions.
- Help The Cove School protect the computer network and devices by contacting a teacher, the Principal, or the Dean of Students about any security problems that may be encountered.
- Monitor all activity on your account(s) and keep passwords private and uncompromised.
- Always put the Chromebook to sleep after use and secure the Chromebook in the carrying case to protect your work and information.
- If you should receive email or other electronic message(s) containing inappropriate or abusive language or if the subject matter is questionable, alert a teacher or case manager.
Chromebook Care

- Chromebooks must be charged and ready for school each day.
- Students will be held responsible for maintaining their individual Chromebook and keeping it in good working order.
- Only labels or stickers approved by The Cove School may be applied to the computer. These school labels and stickers must not be tampered with. If there is a label or sticker that needs to be replaced, please contact the teacher or Technology Coordinator.
- Protective cases furnished by school must be kept in working condition with only normal wear and no alterations to avoid paying for a replacement.
- Chromebooks that malfunction or are damaged must be reported to the Technology Department via the Technology Coordinator through the LRC. The school will be responsible for facilitating repairs of Chromebooks that malfunction.
- Chromebooks that have been damaged from student misuse or neglect -- whether on campus or off -- will be repaired with a per-incident fee being borne by the student/parents.
- Chromebooks that are stolen must be reported immediately to the Technology Coordinator via the school office. A police report must be filed promptly with the Northbrook Police Department.
- Upon notification that the Chromebook has been lost or stolen, certain procedures will be put in place by the school in an attempt to secure data and prevent use of the device.

Repairing or Replacing the Chromebook

The Cove School recognizes that with the need to protect the investment by both the School and the Student/Parent. If the Chromebook should need repair, the Chromebook must be brought to the Technology Coordinator via the school's Learning Resource Center for damage assessment or determination of malfunction. The types of damage may include but not limited to: cracked screens, broken hinges, missing keyboard pieces, cracked plastic pieces, damaged ports, frayed cables, liquid damage, and inoperability of any kind. The following outlines the areas of protection.

Intentional Damage

If it has been determined by the school that there was intentional damage due to misuse, neglect, misconduct, or vandalism to a Chromebook, then the students/parents are responsible for full payment of the intentional damage or full replacement as determined by the Technology Coordinator. Warranty protection for the Chromebook DOES NOT cover intentional damage, even while in school.

Cost of Repairs

In cases where accidental damage occurs while the device is at school including, but not limited to: cracked screens, broken hinges, missing keyboard pieces, cracked plastic
pieces, damaged ports, frayed cables, liquid damage, and inoperability of any kind --the school will attempt to cover the cost.

**Enforcement**

Any violation of the terms of this agreement or of additional rules and regulations of electronic network access authorized by the Executive Director or designee may result in the suspension of electronic network privileges, revocation of device, disciplinary action, and/or appropriate legal action. Disciplinary measures, if any, shall be considered and imposed consistent with Cove School discipline policies.

**Terms and Conditions**

**Rules for Acceptable Use**

- Students will access The Cove School’s electronic network, their Cove-issued email accounts, and use their Cove-issued device for the purpose of education or research.
- Student access must comply with Administrative Procedures, federal and Illinois law and all other disciplinary policies and regulations for the safety concerns of The Cove School.
- Students will act safely by keeping personal information off of the Internet. Students agree not to post or give out their last name, password, username, email address, home address, school name, city, other personal information or information of other students.
- Students agree to never log in as another student.
- Students are expected to treat instructional, interactive web spaces and Cove email as classroom spaces. Good online citizenship and netiquette are expected when using any online tools.
- Students will upload or download only with the permission of the teacher.
- Copyrighted information will be appropriately attributed and/or cited.
- Students will act responsibly when accessing email, electronic resources and information. Students will only open messages from familiar sources.
- Students must understand the use of Cove email and any approved online tools are for educational purposes - these are not personal accounts.
- Students will abide by all Cove’s terms of acceptable use as well as websites’ terms and conditions for use.

**Privileges**

The use of The Cove School’s electronic network and Cove issued email is a privilege, not a right, and inappropriate use will result in the suspension or revocation of those privileges. The Executive Director or designee will make the final decision as to whether a user violated these procedures. If a violation is found, the Executive Director or designee may then deny, revoke, or suspend the access privileges of any user who violates the Policy, these Administrative Procedures or any other terms or conditions governing the use of The Cove School’s electronic network.
Unacceptable Use

The user is responsible for their actions and activities involving the network. Any use which disrupts the proper and orderly operation and discipline of classes in The Cove School; threatens the integrity or efficient operation of The Cove School’s electronic network; violates the rights of others, is primarily intended as an immediate solicitation of funds; is illegal or for illegal purposes of any kind; or constitutes gross disobedience or misconduct is an unacceptable use. Use of The Cove School’s electronic network for any unacceptable use will result in the suspension or revocation of electronic network privileges, disciplinary action, and/or appropriate legal action. Unacceptable uses of The Cove School’s electronic network specifically include, but are not limited to, the following:

- Using the network for any illegal activity, such as fraud, libel, forgery or a violation of copyright laws of other intellectual property rights or contracts, or transmitting any material in violation of any State or federal law;
- Unauthorized downloading of any software, music, video or other media or other file to The Cove School’s electronic network without an educational or professional purpose, regardless of whether it is copyrighted or de-virused;
- Using the network for private financial or commercial gain including gambling or advertising;
- Continually using resources, such as file space, toner, or paper, in a wasteful manner;
- Hacking or gaining unauthorized access to files, resources, or entities including using another user’s account or password;
- Invading the privacy of individuals, which includes the unauthorized disclosure, dissemination, or use of information about anyone which is of a personal nature including a photograph;
- Posting material authored or created by another without his/her consent;
- Posting anonymous messages;
- Accessing, submitting, posting, creating, or otherwise possessing or disseminating any material that is defamatory, abusive, obscene, profane, sexually oriented, threatening, harassing, illegal or which violates the rights of others;
- Using the network while access privileges are suspended or revoked;
- Taking any steps which threaten, or which may reasonably be interpreted to threaten, any person, group of persons, building, or property with harm, regardless of whether the user intends to carry out such threat;
- Creating or sending e-mail or other communications which purport to come from another individual (commonly known as “spoofing”), or otherwise assuming an anonymous or false identity in communicating with other individuals, businesses, or organizations;
- Modifying, disabling, compromising, or otherwise circumventing any anti-virus, user authentication, or other security feature maintained on The Cove School network or on any external computer, computer system, or computer account;
- Creating or deliberately downloading, uploading, or forwarding any computer virus, or otherwise attempting to modify, destroy, or corrupt computer files maintained by any individual on any computer;
• Participating in, or subscribing to non school-related mailing lists, newsgroups, chat services, electronic bulletin boards, or any other association or service which would cause a large number of e-mails or other electronic messages to be sent to The Cove School’s electronic network;

• Participating in, or directly connecting with current Cove School staff in a social networking environment without an educational or professional purpose;

• Using encryption software or otherwise encoding or password-protecting any file which is created with, sent from, received by, or stored on The Cove School’s electronic network;

• Attempting to commit any action that would constitute an unacceptable use if accomplished successfully.

**Consequences for Unacceptable Use**

Students who do not abide by Rules for Acceptable Use will be subject to the following consequences and possible failing grade:

• Restriction of account privileges
• Cancellation of accounts
• Loss of computer use

**Network Etiquette**

The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

• Be polite. Do not become abusive in messages to others.
• Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.
• Do not reveal personal information, including the addresses or telephone numbers of students or colleagues.
• Recognize that electronic mail (e-mail) and use of The Cove School's electronic network is not private. System administrators have access to all e-mail, and detailed web log history. Any discovery of messages relating to or in support of illegal activities will be reported to the authorities.
• Consider all communications and information accessible via the network to be private property of The Cove School.

**No Warranties**

The Cove School makes no warranties of any kind, whether expressed or implied, for the service it is providing. The Cove School will not be responsible for any damages the user may suffer. This includes loss of data resulting from delays, non-deliveries, missed deliveries, or service interruptions, whether caused by The Cove School’s negligence or the user’s errors or omissions. Use of any information obtained via the Internet is at the user’s own risk. The Cove School specifically denies any responsibility for the accuracy or quality of information obtained through its electronic network services.
Indemnification

The user agrees to indemnify The Cove School for any losses, costs, or damages, including reasonable attorneys’ fees, incurred by The Cove School relating to, or arising out of, any violation or breach of the Policy, these Administrative Procedures or any other terms or conditions governing the use of The Cove School’s electronic network.

Security

Network security is a high priority. If the user observes a security problem on the network, the user must notify the system administrator or the Executive Director and should not disclose the problem to other users. Users are expected to maintain the confidentiality of their account and password. Users shall not use another individual's account without permission from that individual. Attempts to log-on to the network as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the network.

Vandalism

Any acts of vandalism committed by the user will result in cancellation of privileges, other disciplinary action and/or legal action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.

Privacy

Any electronic communications or files created on, stored on, or sent to, from, or via the electronic network are the property of The Cove School. Consequently, users do not have any expectation of privacy with respect to such messages and files. Users should remember that such messages and files can be recovered from the electronic network's back-up system even after they have been deleted from a user’s individual account. The Executive Director, Technology Coordinator, and/or their designees may access and review such messages and files when necessary to maintain the integrity and efficient operation of the electronic network; to monitor compliance with the Policy, these Rules and Regulations, and all other rules, regulations, or other terms or conditions of electronic network access authorized by the Executive Director or Technology Coordinator; and to further all other educational, safety and instructional concerns of The Cove School. The Cove School also reserves the right to intercept, access, and disclose to appropriate authorities all information created with, sent to, received by, or stored on the electronic network at any time, with or without user notice. Use of The Cove School's electronic network to create, store, send, receive, view, or access any electronic communication or other file constitutes consent by the user for The Cove School to access and review such files consistent with this paragraph.
Copyright Web Publishing Rules

Copyright law and Cove School policy prohibit the republishing of text or graphics found on the Internet or on Cove School websites or file servers without explicit written permission.

- Material from other electronic sources (including the Internet) must not be used unless the user has obtained written permission from the author. Additionally, any material so used, must be properly cited.
- The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission.
- The “fair use” rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.
- Material from software owned by The Cove School or school may not be used without permission or unless the licensing agreement specifically allows for such use.

Cooperation with Investigations

The Cove School reserves the right to participate and cooperate fully in any investigation requested or undertaken by either law enforcement authorities or a party alleging to have been harmed by the use of The Cove School electronic network. Evidence of illegal activity will be reported or turned over to appropriate authorities.

Internet Safety

Internet access is limited to only those “acceptable uses” as detailed in these procedures. The Cove School network for Internet access has a filtering device that blocks entry to Web sites that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children’s Internet Protection Act and as determined by the Executive Director or designee.

Non-School-Sponsored Publications/Websites

Students are prohibited from accessing and/or distributing at school any pictures, written material, or electronic material, including material from the Internet or from a blog, that:

- Will cause substantial disruption of the proper and orderly operation and discipline of the school and school activities;
- Violates the rights of others, including but not limited to material that is libelous, invades the privacy of others, or infringes on a copyright;
- Is socially inappropriate or inappropriate due to maturity level of the students, including but not limited to material that is obscene, pornographic, or pervasively lewd and vulgar, or contains indecent or vulgar language;
- Is primarily intended for the immediate solicitation of funds; or
- Is distributed in kindergarten through twelfth grade and is primarily prepared by non-students, unless it is being used for school purposes. Nothing herein shall be interpreted to prevent the inclusion of material from outside sources or the citation
to such sources as long as the material to be distributed or accessed is primarily prepared by students.

The distribution of non-school-sponsored written material must occur at a time and place and in a manner that will not cause disruption, be coercive, or result in the perception that the distribution or the material is endorsed by The Cove School.

**Bring Your Own Device (BYOD)**

The use of portable electronic devices in the classroom can add educational value when such devices deliver content and extend, enhance or reinforce the student learning process. Classroom teachers determine the appropriateness of in-class use of electronic devices, consistent with the school’s instructional objectives, and with approval of a school administrator.

The following devices may be approved (at the teacher's discretion) for use in the classroom:
- Mobile Tablet (iPad, Android Tablets, Windows Surface)
- Cell Phone
- E-Reader (Kindle, Nook, etc.)

Electronic devices may be used during the school day if:
- Use of the device is provided in the student’s IEP
- Permission is received from the student’s teacher.

The use of an approved personal electronic device is a privilege, and students may be denied access at any time. Students wishing to participate in the Bring your Own Device program must comply with the following guidelines and procedures. Students:

- Must abide by The Cove School Acceptable Use Policy and Regulations, and are subject to all student code of conduct restrictions and disciplinary consequences relating to use or misuse of technology.
- Are responsible for ensuring the safety of their personal devices. The Cove School is not responsible for the loss or theft of a device, nor are they responsible for any damage done to the device while at school.
- Will use approved devices only for an educational purpose, and only when directed by a classroom teacher or administrator.
- Must keep devices turned off when not directed to use them.
- May not use the camera feature to capture, record, or transmit audio, video or still photos of other students, faculty, or staff without explicit permission given by the subject of the photo or video.
- Are not to use the device in a manner that is disruptive to the educational environment.
- Exhibiting harassing, intimidating behavior or found bullying through the use of a personal electronic device are subject to discipline under The Cove School’s Hazing and Bullying policy and procedures.
- Are responsible for servicing their personal electronic devices. The Cove School is not responsible for servicing, repairing or maintaining any non-school owned technology brought to, and used at school by students.
Violations of any policies, regulations, or school rules involving a student’s personal electronic device may result in the loss of use of the device in school and/or disciplinary action may be taken. The school reserves the right to confiscate the device if there is reason to believe that the student has violated policies, regulations, school rules or has engaged in other misconduct while using their personal electronic device.

**Web 2.0 Tools**

Students will have the opportunity to use Web 2.0 tools, such as VoiceThread, Edmodo, Glogster and KidBlog - for collaborating, creating, editing and sharing user-generated content online. Web 2.0 provides ease of use as there is no need to download, and teachers and students can master many of these tools in minutes.

The safety and security of all students is a top priority. All the websites and web tools we will be using have been thoroughly vetted by experienced educators and are commonly used in education today. In order for students to use Web 2.0 tools, they must have parent/guardian permission, and both parent/guardian and student must agree to the terms of service. The only information required for an account will be the teacher’s class code, student first name/username and password.

It will be the student’s responsibility to follow the rules of acceptable Internet and computer use. It will be the teacher’s responsibility to ensure compliance with the terms of service for each online tool.

**Policy Modifications**

The Board of Trustees may modify the terms and conditions of electronic network use and/or the provisions of the Policy and these Administrative Procedures at any time. The Executive Director or Technology Coordinator may also disseminate additional rules, regulations, or other terms or conditions of electronic network access as may be necessary to ensure the safe, proper, and efficient operation of the computer network. Notice of any such modifications or additional rules, regulations, or other terms of conditions of access shall be promptly communicated to all authorized users, including by posting such modifications on the electronic network or in a conspicuous place at access locations. Use of the electronic network constitutes acceptance of the terms of the Policy, these Administrative Procedures, and any additional rules, regulations, or other terms or conditions of electronic network access, which may have been promulgated by the Executive Director, Technology Coordinator, or their designees.

**Access to Student Social Networking Passwords & Websites**

School administrators may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student’s account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.
Food in the Classroom

Food in the classroom can lead to distraction from learning. Some students travel a great distance and may become hungry before lunchtime. Students are encouraged to bring healthy snacks to eat before classes begin. Eating in the classroom is allowed only with the teacher’s special permission or if specifically provided in the student’s IEP.

Age of Majority

Students who reach eighteen years of age will continue to be subject to school rules and regulations.

Reports on academic performance, absences and misbehavior are sent to parents/guardians of students who are eighteen or over if the student is living with and/or supported by his/her parent/guardian, as are notices of student decisions made in lieu of parental/guardian consent.

Parents/guardians of students, age eighteen and older, are still required to call the office to report an absence.

Field Trips, Internships and Participation in Off-Campus Activities

Students take field trips for the dual purpose of learning and enjoyment. For all field trips, the parents/guardians will be informed in writing of the nature of the trip and any fees. Written permission will be required and will include a consent form to perform emergency medical services.

Field trips and off-campus activities are a privilege for students. Students must abide by all school policies during transportation and during all off-campus activities, and shall treat all activity locations as though they are school grounds. Failure to abide by school rules and/or location rules during an off-campus activity may subject the student to discipline.

All students who wish to attend a field trip or off-campus activity must receive written permission from a parent or guardian with authority to give permission. Students may be prohibited from attending for any of the following reasons:

Failure to receive appropriate permission from parent/guardian or teacher;
Failure to complete appropriate coursework;
Behavioral or safety concerns;
Denial of permission from administration;
Other reasons as determined by the school.

Behaviors leading to intervention by the Dean of Students may indicate that a student is not ready to participate in off-campus activities. If a student is referred to the Dean two (2) times in a two-week period, a student may not be able to participate in off-campus activities. Additionally, if a student is referred to the Dean’s Office for level-3 or level-4 behavior as described in the Parent/Student Handbook in the two weeks preceding an
off-campus activity, the student will need to demonstrate the following prior to participation:

1. Awareness of the behavior
2. Take responsibility for their behavior
3. A willingness and ability to behave in a manner consistent with school rules and expectations
4. Demonstrated self-management of behavior for a period of time to be determined by an administrator as appropriate for the student and the behavior

Parents and students will be informed of any behavior that results in losing the privilege to participate in an off-campus activity as soon as possible, and alternate plans for working at the school during that time will be in place that focus on building the readiness for the next off-campus opportunity.

Students must take transportation provided by the school if the field trip begins and ends during the school day. Students will use their regular transportation to get to and from school. Parents/Guardians who are serving as a chaperone may bring their child to and from the field trip event.

**School-Sponsored Sports, Performances, Dances, Parties and Extracurricular Activities Code of Conduct**

Attendance and participation in school-sponsored sports, performances, dances, parties and extracurricular activities is a privilege and is therefore subject to meeting the expectations outlined below.

**Requirements for Participation in Extracurricular Activities**

A student must have the following fully executed permission slip to participate in the specific activity signed by the student's parent/guardian that includes:

1. All after school practices
2. Participation all scheduled events
3. Emergency contact information
4. Transportation plan for after school events

**Eligibility**

Selection of participant roles in extracurricular activities is at the discretion of the designated teachers, sponsors, and coaches.

In order to be eligible to participate in extracurricular athletic activities, a student must be current with all school assignments. Any student who has incomplete classwork or homework will be suspended from the sport or activity until all academic work is turned in to the assigning teacher. The assigning teacher will make the determination if the work has been competed as assigned.
Absence from School on Day of Sport or Activity

A student who is absent from school after noon is ineligible for any sport or activity on that day unless a school administrator has approved the absence in writing. The designated teacher, sponsor or coach may make exceptions for justifiable reasons, including:

1. A pre-arranged medical absence; or
2. A death in the student's family
3. A religious ceremony or event

School administrators may suspend a student who has one or more truancies or who has been suspended from school from participation in the sport or activity.

A student who is absent from school on a Friday before a Saturday event may be withheld from Saturday sports and activities at the sole discretion of the designated teacher, sponsor or coach.

Travel

All students must travel to extracurricular and athletic activities and return home from such activities with their team by use of school approved transportation. A waiver of this rule may be issued by the teacher, sponsor or coach in charge of the extracurricular or athletic activity upon advance request of a student's parent/guardian and provided the parent/guardian appears and accepts custody of the student.

Suspensions and Detentions

If a student receives an Out-Of-School Suspension (OSS), he/she may not be on the school campus. If a student receives in Out-Of-School Suspension (OSS) or and In-School Suspension (ISS) he/she may not attend any school function for any reason, including attendance at a school dance or participation in any extracurricular/co-curricular activity practice session, rehearsal, competition, or performance on the day of and/or during an OSS or ISS. A school administrator must approve any exceptions.

If a student receives a detention, he/she may attend an after-school activity or event, but may lose part or all of the privilege to participate in, any extracurricular/co-curricular activity practice session, rehearsal, competition, or performance on the day of the detention.

School Sponsored Social Activities and Dances

Only students who attend the school may attend school-sponsored dances, unless a school administrator approves a student’s guest in advance of the event. A guest must be “age appropriate,” defined as 1 year younger or 1 year older that the age group that will be attending the event.
All school rules, including the school’s discipline code and dress code are in effect during school-sponsored dances. In particular, students shall not:

1. Violate the school rules and School District policies on student discipline including policies and procedures on student behavior;
2. Ingest or otherwise use, possess, buy, sell, offer to sell, barter, or distribute a beverage containing alcohol;
3. Ingest or otherwise use possess, buy, sell, offer to sell, barter, or distribute tobacco or nicotine in any form;
4. Ingest or otherwise use, possess, buy, sell, offer to sell, barter, or distribute any product composed purely of caffeine in a loose powdered form or any illegal substance (including mood-altering and performance enhancing drugs or chemicals) or paraphernalia;
5. Use, possess, buy, sell, offer to sell, barter, or distribute any object that is or could be considered a weapon or any item that is a look alike weapon;
6. Attend a party or other gathering and/or ride in a vehicle where alcoholic beverages and/or controlled substances are being consumed by minors;
7. Act in an unsportsmanlike manner;
8. Violate any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism and reckless driving;
9. Haze or bully other students;
10. Violate the written rules for the extracurricular or athletic activity;
11. Behave in a manner that is detrimental to the good of the group or school;
12. Be insubordinate or disrespectful toward the activity’s sponsors or team’s coaching staff; or
13. Falsify any information contained on any permit or permission form required by the extracurricular or athletic activity.

_Hazing_ is any humiliating or dangerous activity expected of a student to belong to a team or group, regardless of their willingness to participate. _Bullying_ includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student’s or students’ person or property;
2. Causing a detrimental effect on the student’s or students’ physical or mental health;
3. Interfering with the student’s or students’ academic performance; or
4. Interfering with the student’s or students’ ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.
Students who violate the school’s discipline code will be required to leave the dance immediately and the student’s parent/guardian will be contacted. The school may also impose other discipline as outlined in the school’s discipline code.

**Special Olympics**

Eligibility for the Special Olympics is governed by the rules of the Special Olympics. All participants must meet criteria and deadlines determined by the Special Olympics.

**Extra-curricular Sports Fees**

To defray the cost of extra-curricular sports activities, there is a fee for participating students. If a student is unable to pay, arrangements will be made to the extent practicable to permit the student to participate in extra-curricular activities.

**Student Athlete Concussions and Head Injuries**

Student athletes must comply with Illinois’ Youth Sports Concussion Safety Act and all protocols, policies and bylaws of the Illinois High School/Elementary School Association before being allowed to participate in any athletic activity, including practice or competition.

A student who was removed from practice or competition because of a suspected concussion shall be allowed to return only after all statutory prerequisites are completed, including without limitation, the school’s return-to-play and return-to-learn protocols.

A student athlete who exhibits signs, symptoms, or behaviors consistent with a concussion in a practice or game will be removed from participation or competition at that time. A student athlete who has been removed from an interscholastic contest for a possible concussion or head injury may not return to that contest unless cleared to do so by a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer. If not cleared to return to that contest, a student athlete may not return to play or practice until the student athlete has provided the school with written clearance from a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches in Illinois.

**Guidelines for School-Sponsored Publications, Productions and Websites**

School-sponsored publications, productions and websites are governed by the Speech Rights of Student Journalists Act, school policies and the Parent/Student Handbook. Except as provided below, a student journalist has the right to exercise freedom of speech and of the press in school-sponsored media, including the right to determine the news, opinion, feature, and advertising content of school-sponsored media.

Student journalists are prohibited from using school sponsored media in a way that:

1. Is libelous, slanderous, or obscene;
2. Constitutes and unwarranted invasion of privacy;
3. Violates Federal or State law, including the constitutional rights of third parties; or
4. Incites students to (a) commit an unlawful act; (b) violate any school district policy or student handbook procedure; or (c) materially and substantially disrupt the orderly operations of the school.

All school-sponsored media shall comply with the ethics and rules of responsible journalism. Text that fits into numbers one through four above will not be tolerated and school officials and student media advisers may edit or delete such material.

The author’s name will accompany personal opinions and editorial statements. An opportunity for the expression of differing opinions from those published/produced will be provided within the same media.

No expression made by students in the exercise of freedom of speech or freedom of the press under this policy shall be deemed to be an expression of the school, school district or an expression of school board policy.

**Search and Seizure**

In order to maintain order safety and security in the schools, school administrators are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects.

**School Property and Equipment as well as Personal Effects Left There by Students**

School administrators may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

Executive Director or designee may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

**Students**

School administrators may search a student and/or the student’s personal effects in the student’s possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school’s student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student’s age and sex, and the nature of the infraction.
School administrators may require a student to cooperate in an investigation if there is specific information about activity on the student’s account on a social networking website that violates the school’s disciplinary rules or school policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school’s policies or rules, evidence may be seized and impounded by a school administrator, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

Video and/or Audio Monitoring Systems

A video and/or audio monitoring system may be in use on school busses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline.

Student Privacy Protections

Surveys by Third Parties

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student’s parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents who object to disclosure of information concerning their child to a third party may do so in writing to Executive Director.

Surveys Requesting Personal Information

School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or home district) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student’s parent/guardian.
2. Mental or psychological problems of the student or the student’s family.
3. Sexual behaviors or attitudes Behavior or attitudes about sex.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student’s parent/guardian.
8. Income other than that required by law to determine program eligibility for participation in a program or for receiving financial assistance under such program. The student’s parent/guardian may: (1) inspect the survey or evaluation upon, and within a reasonable time of their request, and/or (2) refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

**Selling or Marketing Students’ Personal Information Is Prohibited**

No school official or staff member may market or sell personal information concerning students (or otherwise provide that information to others for that purpose). The term personal information means individually identifiable information including: (1) a student or parent’s first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) a telephone number, (4) a Social Security identification number or (5) driver’s license number or State identification card.

The above paragraph does not apply: (1) if the student’s parent/guardian have consented; or (2) to the collection, disclosure or, use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions.

**Instructional Material**

A student’s parent/guardian may inspect, upon their request, any instructional material used as part of their child’s educational curriculum within a reasonable time of their request.

**Health Policy**

**Immunization, Health, Eye and Dental Examinations**

**Required Health Examinations and Immunizations**

All students are required to present appropriate proof of a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering kindergarten or the first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student’s grade.

Proof of immunization against meningococcal disease is required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must
provide a statement from a physician assuring that the student was “risk-assessed” or screened for lead poisoning.

Beginning with the 2017-2018 school year, an age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination.

Failure to comply with the above requirements by October 15 of the current school year may result in the student’s exclusion from school until the required health forms are presented to the school, subject to certain exceptions. A student will not be excluded from school due to their parent/guardian’s failure to obtain a developmental screening or a social and emotional screening.

New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. An appropriate medical professional must sign the schedule and statement of medical reasons.

**Eye Examination**

All students entering kindergarten or the school for the first time must present proof by October 15 of the current school year of an eye examination performed within one year. Failure to present proof by October 15, allows the school to hold the student’s report card until the student presents: (1) proof of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

**Dental Examination**

All students entering kindergarten, second and sixth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. Failure to present proof allows the school to hold the child’s report card until the student presents: (1) proof of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

**Exemptions**

A student will be exempted from the above requirements for:

1. Medical grounds if the student’s parent/guardian presents to an administrator a signed statement explaining the objection;
2. Religious grounds if the student’s parent/guardian presents to an administrator a completed Certificate of Religious Exemption;
3. Health examination or immunization requirements on medical grounds if a physician provides written verification;
4. Eye examination requirement if the student’s parent/guardian shows an undue burden or lack or access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
5. Dental examination requirement if the student’s parent/guardian shows an undue burden or a lack of access to a dentist.

Medication Administration Policy

The following is The Cove School's Medication Administration policy which a copy of which will be furnished to each family at the start of each school year and may also be accessed at any time in The Cove School's Parent/Student Handbook.

Medication Administration

Students shall not be administered medication during regular school hours or during school-related activities unless it is absolutely necessary for a student’s critical health and well-being. When a student’s licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication, whether prescription or over-the-counter (OTC)/non-prescription, during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to their child by completing Cove School's “Student Medication Administration Authorization Form” and otherwise follow the school’s procedures on dispensing medication. Medication administration to students will be by appropriate, trained/licensed school staff in compliance with the Illinois School Code provision applicable to the school. Cove’s school nurse will disburse medication or, if the nurse is unavailable, by an administrator or trained certified staff member who has been designated by the school nurse.

No school employee shall administer to any student, or supervise a student’s self-administration of, any prescription or nonprescription medication until a completed “Student Medication Administration Authorization Form” is signed by a licensed Health Care Provider as well as the parent/guardian and is submitted to the school Health Office. This form is valid for the current school year only, and needs to be renewed annually.

Prescription medication must be brought to the school in the medication’s original package or container, labeled appropriately by the pharmacist or licensed prescriber, including the child’s name, prescriber number, medication name and dosage, administration route or other directions, date of medication and refill/expiration, licensed prescriber’s name, the pharmacy name, address and phone number and the name or initials of the pharmacist. Over-the-counter (OTC) (non-prescription) medication shall be brought in with the manufacturer’s original label with the ingredients listed and the child’s name affixed to the container. Any remaining medication should be picked up from the health office at the end of the school year or it will be discarded.

Self-Administration of Medication

No student shall possess, consume or self-administer any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for by this procedure.
A student may possess medication prescribed for asthma or Epinephrine (EPI-PEN®) for immediate use at the student’s discretion, provided the student’s parent/guardian and health care provider have completed and signed the Authorization for Student Self-Administration of Medication Form. Cove School shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from the administration of medication, including the self-administration of an epinephrine auto-injector or asthma inhaler, or the storage of any medication by Cove School. A student’s parent/guardian must agree to indemnify and hold harmless the school and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of the administration of medication, including a student’s self-administration of an epinephrine auto-injector and/or asthma inhaler, or the storage of any medication by Cove School.

Students who are diabetic may also self-carry and self-administer diabetic testing supplies and insulin, upon authorization of the parent/guardian and pursuant to the student’s Diabetes Care Plan.

This Medication Administration Policy applies to all students requiring medication to be administered at The Cove School during regular school hours or during school related activities regardless of the duration of the administration of medication.

**Care of Students with Diabetes**

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to an administrator and the School Nurse. Parents/guardians are responsible for and must:

a. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.

b. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.

c. Sign the Diabetes Care Plan.

d. Grant consent for and authorize designated School representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact a school administrator.

**Medical Cannabis Administration by Designated Caregiver Policy**

The Compassionate Use of Medical Cannabis Pilot Program Act allows a parent/guardian of a minor to register with the Illinois Department of Public Health (IDPH) as a designated caregiver to administer medical cannabis to their child. A designated caregiver may also be another individual other than the child’s parent/guardian. Pursuant to Section 22-33 of the Illinois School Code (105 ILCS 5/22-33), a student who is a registered qualifying patient may have his/her parent, guardian or other IDPH registered designated caregiver (who must be at least 21 years old) administer a medical cannabis infused product to the student on the premises of The Cove School or on the school bus if:
1. Both the student and the designated caregiver possess valid registry identification cards issued by IDPH;

2. Original registry identification cards are provided to The Cove School for copying by the school; and

3. The student’s parent/guardian has completed, signed, and submitted The Cove School Medical Cannabis Authorization Form & Release and returned it to the Health Office (Note: Portions of the authorization form must be signed and completed by both the prescribing physician and the parent/guardian). Copies of the form may be requested in the Health Office.

Medical cannabis infused products (“Product”) permitted for administration in school include oils, ointments, foods, and other products that contain usable medical cannabis, but do NOT include medical cannabis products that are to be smoked or vaped. Smoking and/or vaping medical cannabis in school is prohibited.

The administration of the Product to the student, who is a registered qualifying patient, while on school property, including on the school bus, is only permitted to be conducted by the registered designated caregiver. A school employee shall not administer or assist in the administration of the Product to the student. The registered designated caregiver is responsible for bring with him/her the Product to be administered to the student and immediately after administering the Product to the student, the designated caregiver shall remove it from school premises or the school bus. No medical cannabis product may be stored at any time at The Cove School. The Product may not be administered in a manner that, in the opinion of The Cove School, would create a disruption to the educational environment or cause exposure of the product to other students.

Students are not permitted to bring medical cannabis to school and are not permitted to self-administer the medical cannabis product. Cannabis, medical or otherwise, brought to school by a student and not in compliance with this policy, is subject to the disciplinary policies of The Cove School.

Discipline of a student for being administered a Product by a designated caregiver pursuant to this policy is prohibited. Additionally, a student will not be denied eligibility to attend The Cove School solely because the student requires the administration of a medical cannabis product.

**Emergency Medical Care**

If there are minor injuries during the school day or school-related activity which might require professional medical treatment, a parent/guardian will be notified and interim first-aid care will be provided until the child can be referred to a physician through the parent/guardian. When a child becomes injured or ill at school, the health and school staff will use their best judgment to determine if the case is an emergency. In a medical emergency, the paramedics will be called and the pupil will be transported to the appropriate hospital. The parent/guardian will be notified immediate and the emergency information required by the school will serve as a resource if parents/guardians cannot
be reached. Appropriate emergency information is taken to the hospital or medical office where the child may receive treatment. Please keep any pertinent medical information for your child up-to-date in the Health Office. Parents/guardians are solely responsible for all costs related to emergency medical transport and treatment that may be required in the instance of a medical emergency.

**Communicable Diseases**

The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

1. Parents are required to notify the school nurse if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
3. The school will provide written instructions to the parent and guardian regarding appropriate treatment for the communicable disease.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student’s doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

**Head Lice**

The school will observe recommendations of the Illinois Department of Public Health regarding head lice.

1. Parents are required to notify the school nurse if they suspect their child has head lice.
2. Infested students will be sent home following notification of the parent or guardian.
3. The school will provide written instructions to parent or guardian regarding appropriate treatment for the infestation.
4. A student excluded because of head lice will be permitted to return to school only when the parent or guardian brings the student to school to be checked by the school nurse and the child is determined to be free of the head lice and eggs (nits). Infested children are prohibited from riding the bus to school to be checked for head lice.

**Students with Food Allergies**

State law requires our school to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the school nurse at 847-562-2100 X2112.
Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying medical disability, a plan will be developed as part of the IEP process and implemented to provide the needed supports so that your student can access their education as effectively as students without medical disabilities.

**Home and Hospital Instruction**

A student who is absent from School, or whose physician, physician assistant or advance practice registered nurse anticipates their absence from school, because of a medical may be eligible for instruction in the student’s home or hospital.

A student who is unable to attend school because of pregnancy may be provided home instruction, correspondence courses, or other courses of instruction before (1) the birth of the child when the student’s physician indicates, in writing, that she is medically unable to attend regular classroom instruction and (2) for up to 3 months after the child’s birth or a miscarriage.

Home and hospital instruction cannot be supplied by Cove School, and should be provided by the home school district, if applicable for information on home or hospital instruction, contact your home school district.

**Weapons Prohibition**

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be dismissed from Cove School. Additional action may be taken by the student’s home school district:

(1) A firearm, meaning any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the Unites States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 1961.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including “look-a-likes” of any firearm as defined above.

The Cove School dismissal requirement may be modified by the Executive Director on a case-by-case basis.

**Gang & Gang Activity**

“Gang” is defined as any group, club or organization of two or more persons whose purposes include the commission of illegal acts. No student on or about school property or at any school activity or whenever the student’s conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang
symbols; commit any act or omission, or use either verbal or non-verbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of school policies, (5) or incite other students to act with physical violence upon any other person.

**Safety Drill Procedures and Conduct**

Safety drills will occur at times established by the school. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement drill to address an active shooter incident, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. Drills will not be preceded by a warning to the students.

**Transition Policy**

A student may be transitioned from Cove when the achievement test scores, motivational level, social-emotional functioning, study and/or work habits, etc., are at a sufficient level that would indicate he/she is ready to return to the home school, and that conclusion has been confirmed by convening an IEP meeting and after modification to the student’s IEP. A student graduating from 8th grade may transition if the skill levels suggest readiness to return to his/her home school.

Cove believes that the success of the student is dependent upon a collaborative and positive relationship with our families. Meetings will be called and transition to a home school may be considered if Cove is no longer able to meet the needs of the student.

**Pesticide Application Notice**

The school maintains a registry of parents/guardians of students who have registered to receive written or telephone notification prior to the application of pesticides to school grounds. To be added to the list, please contact the school office.

Notification will be given before application of the pesticide. Prior notice is not required if there is imminent threat to health or property.

**Animals on School Property**

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by Executive Director or designee in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.
**Student Fundraiser Policy**

Students who wish to raise money for clubs and organizations not associated with Cove School may approach Cove School staff and faculty and ask if they want to support them. Students **MAY NOT** transact any fundraising with other students on the school property or during school hours.

**No Smoking Policy**

The Cove School is a smoke-free facility and environment. Smoking tobacco and/or using tobacco products by students is not permitted on school buses, in the school building, on school property, or at any school-sponsored activity. Lighters, matches, and any smoking or tobacco products are not permitted in school at any time. In addition, it is unlawful for minors to smoke or possess tobacco products in Northbrook. In compliance with Northbrook Ordinance No. 97-4, the police will be notified and the student ticketed.

**Alcohol and Drug Abuse Policy**

**Admission Policy**

The Cove School does not accept students who are currently using controlled substances not prescribed by a physician. Students with a substance abuse history may be accepted under the following conditions:

- 6 months of sobriety.
- Cooperation and follow through on all treatment recommendations given by a qualified substance abuse professional.
- Willingness to participate in voluntary random urine drops.
- Education and sobriety are taken seriously as reported by all relevant parties.

Student use of alcohol and drugs is a serious violation of the law as well as a violation of school regulations. The use or possession of alcohol or illegal drugs or drug-related paraphernalia will not be permitted while students attend school, school sponsored activities, or school functions. Drugs, drug paraphernalia, or any item or substance that may result in harm to students or staff will be confiscated. The office will be notified, the parents/guardians will be called, and an incident report will be filed. A manifestation determination will be conducted if necessary.

If the possibility of a student's drug involvement arises, the intervention team of staff members and administration will meet to determine the results and evaluate concerns. If needed, the parents/guardians will be contacted and substance abuse evaluation will be recommended. Any physical symptoms of possible drug or alcohol use will be treated as a health issue. The student will be taken to the office and the parents/guardians called to take the student home. A conference with the parents/guardians will follow to determine if a substance abuse evaluation is needed. Informal "drug talk" by students will also be considered suspicious behavior.
Use/Possession

If a student possesses, sells/distributes or uses controlled substances without a doctor’s prescription while at school or a school related event, parents/guardians will be contacted immediately. The student will be suspended pending a staffing by the district of residence to consider an alternate setting. If the student is not funded by a school district, he/she will be suspended pending a staffing with the parents/guardians to consider an alternative setting. A manifestation determination will be conducted if necessary. In compliance with Public Act 91-0491, The Cove School is required to notify the Northbrook Police Department.

Readmission Policy

Any student who is out of school for a substance use related issue will not be readmitted to The Cove School if the use is identified by treatment professionals as being anything more than experimental use. If the use is judged to be experimental, the student will be readmitted under the following circumstances:

- Cooperation and follow through on all treatment recommendations given by a qualified substance abuse professional.
- Willingness to participate in voluntary random urine drops
- The student’s education and sobriety are taken seriously as reported by all relevant parties.

Vandalism and Property Damage Policy

Students who destroy or vandalize school property will be required to repair or pay for losses or damages. If students willfully destroy school property, suspension and subsequent transfer may be necessary. A manifestation determination will be conducted if necessary. If a student should accidentally damage property, he/she should immediately report the incident to a teacher, the main office, or the Dean of Students.

Sex Offender & Violent Offender Community Notification Laws

State law requires that all school districts provide parents/guardians with information about sex offenders and violent offenders against youth.

You may find the Illinois Sex Offender Registry on the Illinois State Police's website at: http://www.isp.state.il.us/sor/

You may find the Illinois Statewide Child Murderer and Violent Offender Against Youth Registry on the Illinois State Police’s website at: http://www.isp.state.il.us/cmvo/

Sex Offender Notification Law

State law prohibits a convicted child sex offender from being present on school property when children under the age of 18 are present, except for in the following circumstances as they relate to the individual’s child(ren):
1. To attend a conference at the school with school personnel to discuss the progress of their child.
2. To participate in a conference in which evaluation and placement decisions may be made with respect to their child's special education services.
3. To attend conferences to discuss issues concerning their child such as retention or promotion.

In all other cases, convicted child sex offenders are prohibited from being present on school property unless they obtain written permission from the Executive Director.

Anytime that a convicted child sex offender is present on school property - including the three reasons above - he/she is responsible for notifying the Executive Director or designee upon arrival on school property and upon departure from school property. It is the responsibility of the convicted child sex offender to remain under the direct supervision of a school administrator at all times he/she is in the presence or vicinity of children. A violation of this law is a Class 4 felony.

**Electronic Communication With Students Policy**

Cove recognizes that today’s students are deeply engaged in electronic forms of communication for their daily interactions with friends, family and their larger social networks. As educators, we too have turned to email, websites, blogs, text messaging, and use of social media websites such as Twitter, Facebook, Snap Chat, and others to communicate with similar groups. Whereas these forms of communications are dynamic, mobile, and quickly reach their audience through technologies that have become an integral part of our online lives, they may, in many circumstances, not meet the public and professional standards for communicating with students that we set for ourselves here at Cove.

Students and parents should not expect teachers and staff to share personal phone numbers or email addresses or to respond to requests to network on social media sites.

**Cost of Controversy Policy**

The Cove School Corporation occasionally finds itself involved in legal proceedings related to our students initiated by the children’s parents. One example is advocacy to convert the funding for a child in our day program from private pay to public funding for some or all of the services we provide. Another example is domestic relations proceedings. In all of these instances, the family is responsible for all of the Corporation’s costs and for the time of its staff and may be charged fees as described within some of the detail below.

1. In the process of advocacy for a change of funding from private to public, there are often legal proceedings in which we receive a court order or a subpoena for documents and for witnesses. We will not contest these subpoenas in toto, but we do retain counsel and attempt to quash any subpoenas or vacate any court orders that have the effect of taking away from our students. We do cooperate with *bona*
fide properly issued and tendered subpoenas and ongoing legal proceedings by having a Director participate and/or attend and testify in the legal process.

2. In domestic relations proceedings involving the family of one of our students, we will resist involvement in the proceedings. We will generally not comply with subpoenas in domestic relations proceedings, but instead will contest them. If we are ordered by a court to participate and/or produce documentation involving one of our students, the family is responsible for any and all legal fees and other expenses incurred by The Cove School Corporation.

Any legal fees and expenses by The Cove School Corporation for counsel to enforce its policies or otherwise respond to any legal process are passed on to the family and they are responsible for payment of these fees and expenses. Additionally, the time of staff, who are required by their participation to be away from their responsibilities caring for our students, will be charged a fee as well. Charges are made for document production, preparation time, travel time as well as actual time in participating directly in any court proceedings.

**Mandated Reporters**

All school personnel, including teachers and administrators, are required by law to immediately report any and all suspected cases of child abuse or neglect to the Illinois Department of Children and Family Services.
SCHOOL PROGRAMS

Standardized Testing

Standardized achievement testing is part of the academic program at Cove. These tests help us assess the progress your child has made throughout the year in reading and math, and serve as one measure upon which to base annual goals and benchmarks for the coming year. Testing occurs at the start of the school year and may occur near the annual review date of your child’s IEP.

In addition, students and parents/guardians should be aware that the State and Districts require students to take certain standardized tests. The subject area and time of year is based on the current grade of the student.

Parents/Guardians are encouraged to support students in preparing students for the standardized testing, because the quality of the education the school can provide is partially dependent upon the school’s ability to continue to demonstrate its success in the state’s standardized tests. Parents/Guardians can assist their students achieve their best performance by doing the following:

1. Encourage students to work hard and study throughout the year;
2. Ensure students get a good night’s sleep the night before exams;
3. Ensure students eat well the morning of the exam, particularly ensuring they eat sufficient protein;
4. Remind and emphasize for students the importance of good performance on standardized testing;
5. Ensure students are on time and prepared for tests, with appropriate materials;
6. Teach students the importance of honesty and ethics during the performance of these and other tests;
7. Encourage students to relax on testing day.

Instructional Program

K - 8 Program

The K - 8 program serves students with learning disabilities from age five to fifteen. The class composition is determined by age, social maturity, academic achievement and curriculum requirements. Language arts, mathematics, science and social studies are taught. In addition, study skills, critical thinking skills, auditory, receptive and expressive language are emphasized throughout the program. Students also receive instruction in physical education, music, art, computer, and library skills. Students may also receive related services in Social Work, Speech/Language Therapy, and Occupational Therapy. Eighth grade students are eligible to receive an eighth grade diploma. A passing score on both the State and Federal Constitution tests are required for graduation. Tuition reimbursed students are also entitled to an eighth grade diploma from their local school district.
Elementary and junior high students receive grades as percentages. Some may be graded on a pass/fail basis.

**Senior High School**

The senior high school program serves students with learning disabilities from age fourteen to twenty-two. The high school curriculum includes courses in English, creative writing, reading/decoding; math (life skills, consumer math, pre-algebra, algebra, geometry); science (biology, earth science, physical science/chemistry); social science (U.S. History, world history, humanities, government); PE, health, consumer education, vocational/career education. These courses teach not only the specific content objectives, but also the critical thinking, auditory, receptive and expressive language, and study skills related to the subject matter. The integration of these areas provides a means for improving and expanding the students' thinking skills, oral language abilities, study skills, and content area knowledge.

Depending upon the students' needs, the senior high school program offers self-contained and departmentalized classes. Students are placed in English and Mathematics classes on the basis of their achievement level and social maturity.

Electives may consist of courses from the following categories: English Language Arts, Mathematics, Social Science and History, Physical Health and Safety, Fine and Performing Arts, Foreign Language and Literature, Computer and Information Sciences, Communication and Audio/Visual, Business and Marketing, Hospitality and Tourism, Human Services, Agriculture and Natural Resources, Architecture and Construction, and Miscellaneous. See the High School Academic Handbook for specific courses and information.

The Cove School awards a standard High School Diploma to students who satisfy the graduation requirements of the State of Illinois. Tuition reimbursed students also must meet their district’s requirements to receive a district’s High School Diploma. See the Cove High School Academic Handbook for more information on graduation requirements.

**Credit for Proficiency, Non-District/Cove School Experiences, and Course Substitutions**

Credit for proficiency, non-district/non-Cove School experiences and course substitutions must be pre-approved through the IEP process.

If a student receives pre-approval to participate in any non-district/non-Cove School experience or course, the student will assume responsibility for any fees, tuition, supplies, and other expenses. Students are responsible for (1) providing documents or transcripts that demonstrate successful completion of the experience, and (2) taking a proficiency examination, if requested.

The IEP team shall determine which, if any, non-District/non-Cove School courses or experiences, will count toward a student’s grade point average.
Substitutions for Required Courses

A student in grades 9-12 may satisfy one or more high school courses (including physical education) or graduation requirements by successfully completing related vocational or technical education courses if:

1. The IEP team approves the substitution and the vocational or technical education course is completely described in curriculum material along with its relationship to the required course; and
2. The student’s parent/guardian requests and approves the substitution in writing on forms provided by the District.

Volunteer Service Credit

A student participating in a district’s Volunteer Service Credit Program, if any, may earn credit toward graduation for the performance of community service. The amount of credit given for program participation shall not exceed that given for completion of one semester of language arts, math, science, or social studies.

Exemption From Physical Education Requirement

In order to be excused from participation in physical education, a student must present an appropriate excuse from their parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request.

A student in grades 9-12 may submit a written request to a school administrator requesting to be excused from physical education courses for the reasons stated below.

1. Enrollment in a marching band program for credit;
2. Enrollment in Reserve Officer’s Training Corps (ROTC) program sponsored by the District;
3. Ongoing participation in an interscholastic or extracurricular athletic program
4. Enrollment in academic classes that are required for admission to an institution of higher learning (student must be in the 11th or 12th grade); or
5. Enrollment in academic classes that are required for graduation from high school, provided that failure to take such classes will result in the student being unable to graduate (student must be in the 11th or 12th grade).

A student in grades 7-8 may submit a written request to a school administrator requesting to be excused from physical education courses because of the student’s ongoing participation in an interscholastic or extracurricular athletic program. Requests will be evaluated on a case-by-case basis.

Special activities in physical education will be provided for a student whose physical or
emotional condition, as determined by a person licensed under the Medical Practices Act, prevents their participation in the physical education course.

State law prohibits the School District from honoring parental excuses based upon a student’s participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course:

1. The time of year when the student’s participation ceases; and
2. The student’s class schedule.

Exemption From Physical Education for Special Education Students

A student who is eligible for special education may be excused from physical education courses in either of the following situations:

1. They (a) are in grades 3-12, (b) their IEP requires that special education support and services be provided during physical education time, and (c) the parent/guardian agrees or the IEP team makes the determination; or
2. He or she (a) has an IEP, (b) is participating in an adaptive athletic program outside of the school setting, and (c) the parent/guardian documents the student’s participation as required by the funding district or designee.

A student requiring adapted physical education will receive that service in accordance with the student’s Individualized Education Program.

Family Life & Sex Education

Students will not be required to take or participate in any class or courses in comprehensive sex education instruction on both abstinence and contraception for the prevention of pregnancy and sexually transmitted diseases, including HIV/AIDS; family life instruction, instruction on the prevention, transmission, and spread of AIDS; instruction on diseases; recognizing and avoiding sexual abuse; or instruction on donor programs for organ/tissue, blood donor, and transplantation, if their parent or guardian submits a written objection. The parent or guardian’s decision will not be the reason for any student discipline, including suspension or expulsion. Nothing in this Section prohibits instruction in sanitation, hygiene or traditional courses in biology.

Request to Examine Instructional Material

Parents or guardians may examine the instructional materials to be used in any sex education class or course. If you are requesting to examine this material, please contact the Executive Director.
Grading Policy and Progress Reports

High school students, grades 9 through 12, receive letter grades. The grades of high school students reflect the following areas: attendance, tests and quizzes, homework completion, final exams, class participation and behavior. In addition, a high school student's attendance record must be in good standing in order to pass the courses and receive academic credit. Excessive absences may result in reduced credit or lowered grades. Since the Cove High School is accredited, high schools and colleges accept Cove students' transcripts and grades.

Progress Reports

At the end of each semester, progress reports are completed to provide information on the student's growth and achievement in each course. High school students will be assigned a letter grade for each class based on the High School Grading Schedule as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>100 to 97%</td>
</tr>
<tr>

Cove High School Transcripts

Transcripts are provided for all high school students, grades 09 - 12. Transcripts are transmitted three times per year: at the conclusion of both semesters and at the end of ESY (extended school year/summer session). It is the responsibility of the Transition Services Director to transmit transcripts to students’ respective Districts. Transcript recipients are District SPED Case Managers and/or high school Registrars.

Note that in addition to providing Cove Transcripts to the CPS Case Manager, Grade and Credit Report forms are also transmitted three times per year. The forms are completed using CPS course titles/numbers that correspond to Cove High School course titles.

Transcript requests by college admissions departments, former students, or prospective employers, are processed as follows:

- The student’s transcript is copied
- The transcript is stamped with the signature stamp of Cove’s Executive Director
- The transcript is affixed with the official Cove School seal
- A Transcript Transmittal form is completed and included in the mailing. A copy of the form is attached
IEPs (Individualized Education Program)

Every Cove student has an IEP. IEPs are updated in accordance with the Individuals with Disabilities Education Act, as amended, the Illinois School Code, and all related rules and regulations.

The Cove School utilizes a secure web hosted IEP application to generate and store IEP information. If you have any concerns or questions about this online service, please contact a Cove administrator.

Parent Conferences

Parents/Guardians, teachers, or the Administration at any time throughout the year may initiate a request for a conference. There are two scheduled conferences during the school year; one parent–teacher conference, and one IEP meeting. The Cove School staff will attend a staffing held at the request of the parents/guardians or the school district.

High school students are required to attend their conferences. Upper elementary and junior high students who are 10 years or older may participate in the conference dependent upon their parents'/guardians' and/or teachers' recommendations. Student attendance facilitates understanding of one's learning disabilities, strengths, and IEP goals. By starting at an early age to understand their learning strengths and weaknesses, the students are better prepared as adolescents and adults to be their own advocates in high school, post-secondary programs, college, and the work place.

Related Services

Speech and Language

Speech/Language Therapy is an integral part of the comprehensive program offered at Cove School. Based on student needs, intervention may be provided in individual sessions and/or group lessons that are integrated within the student's academic and social curricula. Students are evaluated using a variety of standardized Speech and Language protocols, clinical observation and team discussion to help identify their needs. As part of the IEP process, results of evaluations lead the Speech-Language Pathologist and the student’s team of specialists to develop and implement Speech and Language goals. Throughout a student’s time at Cove, emphasis is placed on strengthening social communication skills, improving self-advocacy, and developing communication strategies with the aim of academic, social and vocational success within as well as beyond Cove.

Social Work Services

Social Work services are designed to accommodate the unique social and emotional needs of each student. Students receive weekly services to provide the support and guidance that will assist him/her in reaching the Social Emotional Learning (SEL) standards required by the Illinois State Board of Education (ISBE). Social Workers are integral in working on the transitions that are inherent within school and social contexts. Services are provided individually, in dyads, small groups, and classroom groups to
promote confidence; the belief in one’s own capability and the opportunity to build satisfying peer relationships. On a systemic and more collaborative level, social workers may also co-facilitate groups with speech and language pathologists, learning disabilities specialists, and the school Art Therapist. In each of these areas of intervention, strong consideration is given to the unique biological, physiological, psychological, and social development of each student. The goal is to intervene at the level of the student’s emotional development, and to promote ongoing growth at a pace that is conducive to his/her success.

Art Therapy

Art Therapy is a form of expressive therapy that uses the creative process of making art to improve a person’s physical, mental, and emotional well-being. The creative process involved in expressing one’s self artistically can help students resolve issues as well as develop and manage their behaviors and feelings, reduce stress, and improve self-esteem and awareness. Art Therapy may promote personal development, increase coping skills, enhance cognitive abilities, and develop the enjoyment of the life-affirming pleasures of making art. Services are provided individually or with a dyad to support students’ needs. The Art Therapist may also co-facilitate groups that incorporate Art Therapy directives with social workers, speech and language therapists, occupational therapists, and support staff to meet the unique needs of each student.

Occupational Therapy

Best Practice Occupational Therapy is an integrated service delivery model, working in collaboration with the classroom teachers to help improve occupational performance. Within Cove School, each child continues to receive individualized treatment, although the focus is to prepare our students for life/academics outside of the school walls. Treatment sessions are incorporated into the classroom setting (push in) with less focus on individualized (pullout) sessions. This allows for generalization of skills within a more natural environment. If specific skills or areas of need are present that would benefit from individualized pullout sessions. They are scheduled into the student's school day with minimal disruption to academic classes.

Cove School students are also given explicit instruction in Executive Functioning through a curriculum based Executive Functioning Program that was specifically developed for The Cove School by a team of staff members and Dr. Peg Dawson. All case managers and classroom teachers assist the students in maintaining organized files and assignment notebooks; they also help students with assignment organization. These skills are vital to success outside of Cove, in both academics and in the world-of-work.

Assistive Technology

As defined by The Technology-Related Assistance for Individuals with Disabilities Act of 1994 (PL 103-218), “An assistive technology device is ...any item, piece of equipment, or product that is used to increase, maintain, or improve the abilities of people with disabilities. An assistive technology service is...any service that directly assists a person
with a disability in selecting, obtaining, or using an assistive technology device.” By law, AT (Assistive Technology) must be considered for every student with an IEP.

At Cove we believe that AT should be an integral part of all our students’ education. Cove provides a 1:1 Chrome Book program for all of our students. Every device has a full complement of assistive technology tools. These tools enable our students to access the material being taught and to demonstrate their knowledge and understanding in the most accurate and productive manner. Every student at Cove is individually screened to determine what tools and strategies best suit their skills and needs. Students are provided with instruction, both 1:1 and in small groups. They are also encouraged to advocate for themselves – to assure that they have access to the AT that they require to succeed, in both an academic or vocational setting. Knowledge and use of assistive technology will enable our students to become active, engaged learners.

Career/Transition Services

Beginning at age 14, students are assigned to and meet privately with a transition counselor and/or with an advisory teacher in an advisory class to develop a Transition Portfolio. Sessions may include the following:

- Scheduling individual student meetings
- Developing and reviewing the student’s current IEP Transition Plan, post-secondary outcomes, and goals
- Updating and reviewing the student’s transcript and graduation requirements
- Accessing career exploration and college planning websites
- Assistance in completing interest and learning style inventories
- Assistance in preparing for college entrance exams, (e.g., PSAT, SAT, and ACT) and Khan Academy registration and test preparation
- Assisting students with the college search and application process and guidance in writing a personal essay
- Updating college readiness guides
- Providing assistance to facilitate the financial aid process for college admissions
- Providing parent education programs
- Scheduling individual parent meetings/conferences
- Providing information for adult services
- Providing internships, job shadows, career-related field trips, and the annual Cove all-school Career Day
- Providing post-secondary planning assistance

Additional Programs

Technology and STEAM (Science, Technology, Engineering, Art, Math) Education

Technology is an integral part of the learning process at Cove that supports the core mission of the school. Customized tools are provided to enhance students’ individualized education while preparing them to independently access life strategies to support their
short and long-term academic and transition goals. Students at Cove are equipped with a personal device as part of the 1:1 laptop program to support this mission.

Technology skills and concepts are integrated and embedded throughout the entire K-12 curriculum. Students learn basic computer skills such as keyboarding, word processing, and multimedia design as part of their classroom experiences. In addition, students also learn about and use technology to practice and develop 21st century skills such as: critical thinking, collaboration, creativity and communication. This integrated experience is at the heart of the STEAM program, which lets students apply these skills to solve real-world problems using the Design Thinking framework.

**Media Center Services and Fines**

Media center services are available to all students. At the elementary and junior high levels, an appreciation of literature is developed through listening to stories and selecting materials to read for pleasure. Junior high students also learn to use reference materials for reports and research papers. High school students use the media center for reading enrichment. Whenever possible, media center instruction is integrated with classroom instruction.

Students may have up to three books checked out in their name. If a student’s borrowing history demonstrates repeated lost, damaged and/or overdue materials, then a limit will be imposed. Books are checked out for two weeks and may be renewed. Fines for lost books must be paid before the school year ends in June.

**Physical Education**

All elementary, junior high and senior high school students receive physical education. (Senior high students may/may not be scheduled for PE each semester depending on progress toward fulfillment of graduation requirements and/or course space availability.) Modifications to the program will be made if necessitated by the student’s IEP.

The ultimate goal of the program is to improve each student's movement capabilities and to stimulate and encourage physical activity as a way of life. Understanding of basic task concepts and game rules are addressed. In addition, the classes are designed to enable each student to enjoy social experiences through play, to play cooperatively with others, to teach courtesy, fair play and good sportsmanship, and to develop an appreciation of health. Perhaps the greatest benefit is the development of self-esteem through physical fitness. In addition, the physical education instructor works closely with the Occupational Therapist to coordinate individual students' programs. Many of the physical education classes are adapted to meet the individual student needs. Skills are broken down into small steps, and equipment and activities are modified for the individual students.

**After-School Programs**

The Cove School offers a variety of after school programs that run on a quarterly basis. Programs may run from 1 to 4 quarters in length. After school programs are offered so that students may get support for homework and to offer enrichment opportunities. Student behavior is subject to school rules during after-school programs. Students who
require continued behavior intervention during after-school programs might lose the privilege of attending.

Parents/guardians are responsible for setting up transportation for students participating in after-school programs. It is important that students be picked up on time at the conclusion of the activity. It is understood that at times circumstances arise that are beyond and individual's control, however repeated late pickup of a student may result in a late pickup fee.

**Driver Education**

The Cove School may contract with a driving school to offer the required 30 hours of classroom education and six hours of behind-the-wheel training. Students may choose to take Driver Education in their districts.

**Driver Education Fee**

The contracted driving school sets this fee. The student’s parent/guardian is responsible for the course fee.

**Work/Study**

A work/study program is offered to high school students. Students are enrolled in a one-hour per week class and are assigned to work-related jobs in the afternoon, after school, and/or on weekends.

**Fine Arts Program**

It is Cove's belief that students with learning disabilities need to be exposed to the arts so that they can understand their strengths and pursue their talents and career interests. The fine arts programs are designed not only to improve the student's self-esteem but also to foster any interest a student may have in the arts. Thus, the fine arts program is considered an integral part of the broad-based educational program, which has an impact on the total development of the student. Modifications to the program will be made if necessitated by the student's IEP.

**Art**

It is the goal of the art program to facilitate both cognitive and emotional growth as well as artistic ability. Through the use of cognitively oriented experiences in drawing, painting, printmaking, photography and sculpture, the students are able to develop visual perceptual skills to organize and order their world. Through the art activities, areas that are a focus for development include the following: motor development, visual perception, body awareness and image, tactile and kinesthetic perception, and memory. Modifications to the program will be made if necessitated by the student's individual IEP.
Music

The goals of the music program are to 1) develop an awareness and sensitivity to various types of music; 2) develop skills, talents and techniques useful in musical expression; 3) help each student develop choral or instrumental talents; and 4) integrate rhythmic, reading and singing activities and large and fine motor skills as they relate to musical expression. Modifications to the program will be made if necessitated by a student’s IEP. The Cove Choir is an elective for students in grades 7 through 12. The Choir participates in the winter choral concert and the spring musical.

Dance

The goal of the Dance Program is for students to strengthen their muscles, improve their coordination, align their bodies and build their confidence through the joy of dance and movement. Throughout the course the students will study a variety of dance styles, which will help them become versatile in dance and in life. They will develop a sense of rhythm that will help with their reading and math skills outside of dance. Social skills are a large component of dance and the students will learn to work together, move with synchronization and feel confident creating their own dances within a group. The students will learn choreography that will be performed at the musicals. Modifications to the program will be made if necessitated by the student’s individual IEP.

ESY – Extended School Year – Summer Program

Academic Program

Cove offers a six-week summer program for K-12 students with learning disabilities. Academic classes include mathematics, reading, and writing. Speech and language therapy, occupational therapy, and social work services also are available. Additional courses are offered in the afternoon and vary each year. Senior high school students, if they are to receive academic credit, may not miss more than three (3) classes during the summer session.

Tutorial

In conjunction with the summer program, Cove also provides individual tutoring on an appointment basis.
# HOME-SCHOOL RELATIONS

## General Information

Communication between home and school is important for an understanding of individual needs. Parents/Guardians should keep the school informed of any home events that may affect the student's school performance. The student's Case Manager/teacher will inform parents/guardians when he/she can be reached during the day. To the extent practicable, communications between home and school will be in writing. If written communication is not possible, verbal communications, in-person meetings or e-mails are appropriate.

## Party Invitations and Gifts

Party invitations or gifts for classmates should not be brought to school to be distributed. Items such as these are of a personal nature and should be mailed home using the list in the school directory. The office is unable to release addresses and phone numbers of students who are not listed in the school directory.

## Parent Association

The Parent Association’s goal is to serve Cove’s unique and diverse community — a community dedicated to the continued growth and support of all students, past and present. We provide ongoing assistance to Cove through fundraising, school programs and events, student social activities and outreach. All members of the Cove community are invited to be a part of the Parent Association - whether it’s attending the PA meetings which feature a speaker on a topic near and dear to our community’s heart, helping plan a student or family activity or volunteering at one. We also have a variety of volunteering opportunities throughout the year. Please consider donating some of your time and talent - not only are you supporting our students and helping build our community but it’s also a great way to connect with other parents. We greatly appreciate any assistance you can lend.
PARENT/GUARDIAN RESPONSIBILITY AT COVE

If parents/guardians have a question about something that took place or is taking place in their child's classes, it is recommended that they consult with the teacher. In addition, the Executive Director, the Clinical Director, the Principal, the Dean of Students, Social Workers, and clinical consultant are available for consultation. Parental/Guardian input and concerns are always welcome.

Other Important Parental/Guardian Responsibilities Include:

- Full support of the school, its policies and procedures.
- Participation and support of the Parent Association and its activities. We urge parents/guardians to join in the social and educational activities sponsored by the Parent Association.
- Participation and support of the school's fundraising activities.

Cove's Tuition and Placement

If the parents/guardians indicate that they want to seek admission to Cove and ask how they can obtain tuition reimbursement, then the following information is provided:

- If the child is not currently attending a public school, the parents/guardians need to register him/her at the local home school as a "non-attending handicapped student."
- The parents/guardians should contact the Special Education Department of their home school and request a meeting. An evaluation may be necessary that will lead to a staffing.
- The school district states that it does not have an “appropriate” program to meet the child’s educational needs, then the evaluation team recommends other schools/programs.

Cove will provide any written reports, IEPs, or test scores that may be needed at a staffing or due process hearing. While at a staffing, the Cove representative will describe Cove’s program and the student's progress. The Cove representative cannot attend a due process hearing since a neutral position is taken.

Since The Cove School is a third party contractor with many school districts, it is essential for Cove to maintain a harmonious working relationship with each of the funding districts.

Parents/Guardians and the IEP Process

Parents/Guardians are considered part of the team in the writing of the IEPs. Parents/Guardians are requested to share the child’s strengths, the concerns for enhancing the child’s education, and their vision of the child’s future.
CASE STUDY EVALUATION AND RE-EVALUATION

Prior to admission to The Cove School, all students must have a completed case study evaluation, which consists of a psychological assessment, an educational assessment, health, school and social history, and a medical examination. In some cases, neurological, ophthalmologic, and psychiatric examinations may be necessary. It is recommended that both private pay and reimbursed students complete a re-evaluation every three years.

The case study evaluation can be conducted without charge through the student's public school district or the local district in which The Cove School resides. Parents/Guardians can elect to have the evaluations completed for a fee through a local hospital, a university clinic, or with a professional in private practice.

FINANCIAL INFORMATION

General Financial Information

It is Cove's policy that prior to any transcripts, progress reports, or school records being mailed to parents/guardians and/or at the parent's/guardian's request, to any district, college, or agency all fees must be paid. Such fees include the following: tuition, graduation, lost or damaged textbooks, library non-returned books, and extracurricular sports (if the child participates). Fees may be waived at the Executive Director's discretion if the student can demonstrate financial need.

Tuition Payment

There are several methods of payment for private pay students. Parents/Guardians should consult with Cove's Director of Finance for more information. A service charge for tuition payments received after the due date will be assessed. Payments two months in arrears will result in removal of the student until the account is reconciled.

Income Tax Deduction Information

Educational expenses at Cove may be tax deductible. The following tax guide information has been taken from the Tax Guide for Parents/Guardians, published by the Family Resource Center, (312) 939-3513. Parents/Guardians should consult with their accountant or lawyer to determine whether you qualify for a tax deduction. Cove makes no representation in these matters.

Educational services at Cove may be tax deductible as medical expenses "if they are incurred to alleviate your child's physical or mental condition":

- Tuition costs for a special class in a regular school (Revenue Ruling 70-285).
• Tuition costs for a special class in a parochial school (Revenue Ruling 71-347).
• Tuition and tutoring fees for learning disabled children caused by a neurological disorder (Revenue Ruling 78-340, 9/18/78).
• Remedial reading or language training for a child with dyslexia or other disability (Revenue Ruling 69-607, C.B. 1969-2, 40).
• Special instruction or training--such as lip reading, sign language, speech instruction, Braille (Section 213-1/e/Internal Revenue Code 2954)."

Parents/Guardians also will need to obtain certification from the child's doctor that the expense has been made for one or more of the following: "diagnosis, cure, alleviation, prevention, treatment, or dysfunction of the child's mental or physical condition."

Financial Aid

Parents/Guardians may apply for limited financial assistance from The Cove School. Application forms can be found on The Cove School website, www.coveschool.org. For further information, refer to Financial Aid Policy.

Insurance Reimbursement

Parents/Guardians may be able to recover some of the cost of the child's speech, Occupational Therapy, and Social Work services through medical insurance.

Please check with your insurance carrier to find out if these services are reimbursable. If an insurance claim is filed, The Cove School must be informed in advance by contacting the Director of Finance.

As the parent/guardian will still be responsible for full tuition payments to The Cove School, please advise the insurance carrier to send reimbursements to you. The Cove School cannot be responsible for claim disputes or settlement of claims.

Graduation Fees

There is a fee for eighth grade and senior high graduates. The fees cover the following: diploma, diploma cover, programs, invitations, graduation ribbon, cap and gown, reception, and stage flowers.

FINANCIAL AID

It is the policy of The Cove School to extend financial assistance awards to individual families based on proven economic need and the school's available resources. Families needing tuition assistance must be determined to be eligible. School and Student Service for Financial Aid (SSS), an outside independent processing service, determines eligibility. Families wishing to be considered for financial aid will be required to complete a Parents'/Guardians' Financial Statement (PFS) provided by SSS, pay an SSS application fee and complete other appropriate documentation. Application fee waivers are available
to families who qualify. The responsibility for the processing of all application materials shall fall upon the applicant. Only those applications for which all documentation, including the SSS Computation of Estimated Family Contribution, is complete by March 31st of the school year preceding the year for which the award is requested, will be considered for an award.

The Financial Aid Fund in a given school fiscal year will be comprised of all donations made for the purpose of financial aid during the twelve months ended June 30th of the immediately preceding school fiscal year.

The Computation of Estimated Family Contribution provided by SSS will be the factor used to determine the amount dispersed from the Financial Aid Fund to any given applicant. The overall funds received in the Financial Aid Fund may limit the total amount of financial aid awarded in a given school year.

Decisions on the size of individual awards will be made and communicated to all applicants during July of the school year preceding the year for which the award is requested. Financial assistance will be awarded to families who have demonstrated an economic need based on the following priorities:

- Current students on financial assistance
- New applicants for financial assistance from the current student body
- New applicants to the school

**Principles of Good Practice**

The school shall not discriminate in the administration of its financial aid policies because of race, color, religion, national origin, sex, or age in violation of existing state or federal laws or regulations.

The school recognizes that the primary responsibility for financing a student’s independent school education rests with their family.

The school shall require adequate documentation of family resources when determining need.

The school shall use a uniform methodology to assess annually, in a consistent and equitable manner, each family’s ability to pay for education.

The school shall use a uniform methodology to award annually, in a consistent and equitable manner, prorated awards in the event the cumulative need in a given school fiscal year exceeds the size of the available Financial Aid Fund for that year.

The school shall not use financial need as a consideration in determining a student’s eligibility for admission.

The school shall notify accepted aid applicants of financial aid decisions before expecting a binding reply to an offer of admission.
The school shall not set different standards of behavior and academic performance for its financial aid recipients.

Subject to the availability of financial aid funds, the school shall continue to fund a student until graduation or transition, unless he or she no longer demonstrates need; therefore, preference will be given to current financial aid recipients over all other applicants.

The school shall use its best efforts to maintain in complete confidence the amount of financial aid awarded to a family and/or the fact that a family has applied for financial aid.

The school shall safeguard the confidentiality of all financial information supplied by a family.

FAMILY GIVING AT THE COVE SCHOOL

The Cove School is a not for profit 501(c)3 organization that relies on the generosity of our families, extended families, board members, alumni, and friends to maintain our superior program and facility. Tuition pays for only part of the cost of educating a child at Cove.

We encourage all families to make a meaningful gift to Cove’s Annual Fund and to make Cove one of their top three charities.

Cove’s Annual Fund

The cost of tuition at Cove, whether paid through the school districts or privately, does not fully cover the entire cost of educating our students each year. To close this gap, we need support from our entire Cove community.

Dollars raised through our Annual Fund enable us to recruit specialists in the field of learning disabilities; they allow for the development of new experiential learning opportunities, and they ensure that we provide the best individualized education program for which Cove is known.

Each year we strive for 100% participation from our families. Requests are mailed in the fall and spring. Donations can also be made online at www.coveschool.org.

Benefit 2020

Each year, Cove hosts an annual benefit, using the proceeds from the gala event to support crucial programs. Mark your calendar now for our next sensational event, Saturday, February 22, 2020.

The Benefit’s success depends on the work of many volunteers and contributors. Cove families work as volunteers and are key in securing auction prizes, and bringing friends and associates to the event. Corporate sponsorship opportunities are available. We encourage you to become involved with this important fundraiser for Cove.
**One Step at a Time 5K**

Join us in June for our annual 5K run or walk! Proceeds will benefit The Cove School Scholarship Fund.

**Tribute and Memorial Gifts**

Celebrate your important personal milestones or send a loving note to a friend in need with a Tribute or Memorial Gift at Cove. Say “thanks” to a special teacher, honor a student or send best wishes to a friend or loved one on special occasions such as graduations, birthdays, holidays and more. With your donation, Cove will send a card to the recipient you wish to honor, acknowledging the generous gift you have made in his/her name. Gifts can also be made online at www.coveschool.org.

If you would like more information or have questions about giving at The Cove School, please contact:

Stephanie Sanderman, Director of Development
ssanderman@coveschool.org
847-562-2100.
APPENDIX

Parents'/Guardians' Rights and Responsibilities for Special Education

It is required that The Cove School informs parents/guardians of their rights for special education.

As the parents/guardians of a child who may or will receive special education benefits, you have certain rights, which are safeguarded by state and federal statute. The rights to which you are entitled are listed below in abbreviated form under nine headings.

Student Records

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school buses or other transportation) that are created in part for law enforcement, security, or safety reasons or purposes though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student’s school records. They are:

1. The right to inspect and copy the student’s education records within 10 business days of the day the District receives a request for access.

   The degree of access a student has to their records depends on the student’s age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student who is currently enrolled at Cove School or, students who have graduated and were not funded by a district, should submit to the Executive Director a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the Executive Director, or designee, will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. If the student is no longer enrolled at Cove School or has graduated, contact should be made with the funding district. In certain circumstances the District may request an additional 5 business days in which to grant access.

   The District may charge a fee per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.
These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. **The right to have one or more scores received on college entrance examinations included on the student’s academic transcript.**

Parents/guardians or eligible students may have one or more scores on college entrance examinations included on the student’s academic transcript. The District will include scores on college entrance examinations upon the written request of the parent/guardian or eligible student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be included.

3. **The right to request the amendment of the student’s education records that the parent/guardian or eligible student believes are inaccurate, irrelevant, or improper.**

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the Principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought.

If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

4. **The right to permit disclosure of personally identifiable information contained in the student’s education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.**

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by The Cove School or a home school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing their tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill their professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible
student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5. The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student’s change in attendance centers, whichever occurs first. Records for students funded by a district are returned to and maintained by the district after a student has transferred or graduated from Cove.

6. The right to prohibit the release of directory information.

Throughout the school year, the school may release directory information regarding students, limited to:

- Name
- Address
- Grade level
- Birth date and place
- Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
- Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
- Academic awards, degrees, and honors
- Information in relation to school sponsored activities, organizations, and athletics
- Major field of study
- Period of attendance in school
Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the Executive Director, or designee within 30 days of the date of this notice.

7. **The right to request that military recruiters or institutions of higher learning not be granted access to your student’s information without your prior written consent.**

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students’ names, addresses, and telephone numbers, unless the student’s parent/guardian, or student who is 18 years of age or older, submits a written request that the information not be released without the prior written consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the Executive Director, or designee.

8. **The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student’s temporary record which such individual may obtain through the exercise of any right secured under State law.**

9. **The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.**

The name and address of the Office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington DC 20202-4605  

Please note that if your district funds your student, a release of records may need to be requested directly to the district prior to the release from The Cove School. Contact the Executive Director, or designee at The Cove School if you have questions.

**Confidentiality of Information**

- Right to restrict access to your child's records by withholding consent to disclose records.
- Right to be informed before information in your child's file is to be destroyed.
- Right to be told to whom information has been disclosed.
Notice

- Right to notice before the agency initiates or changes (or refuses to initiate or identification, evaluation or placement of your child).
- Right to have that notice in writing, in your native language, or other principal mode of communication, at a level understandable to the general public.
- Right to have the notice describe the proposed action, explain why it is proposed, describe the options considered and explain why those options were rejected.
- Right to be notified of each evaluation procedure, test, record or report the agency used as a basis for any proposed action.

Consent

- Right to give consent before an evaluation is conducted and before initial placement is made in special education.
- Right to revoke consent at any time.

Evaluation Procedures

- Right to have a case study evaluation of your child’s educational needs completed within (60) sixty school days of referral.
- Right to have more than one criterion used in determining an appropriate educational program for your child.
- Right to have the evaluation performed by a multidisciplinary team.
- Right to have your child assessed in all areas related to the suspected disability.
- Right to have a re-evaluation every three (3) years or more frequently if conditions warrant or if you or your child's teacher requests it.

Independent Evaluation

- Right to an independent educational evaluation.
- Right to have the local public school district pay for the independent evaluation if it is determined through a due process hearing that the district’s evaluation was not appropriate.
- Right to be informed of the procedures for obtaining an independent evaluation at public expense.
- Right to have the independent evaluation considered when placement and program decisions are made.

Least Restrictive Environment

- Right to have your child educated with non-handicapped children to the maximum extent possible.
- Right to have your child removed from the regular education environment only after supplementary aids and services were tried and found unsatisfactory.
- Right to have placement in the school your child would attend if non-handicapped unless the individualized education plan requires some other arrangement.
• Right of your child to participate with non-handicapped children in nonacademic and extracurricular services and activities, such as meals, recess, counseling, clubs, athletics, and special interest groups.

Complaint Resolution and Mediation

• Complaints alleging violations of parent/guardian and special education student rights can be referred to your local public school district’s due process unit.
• Complaints alleging violation of parent/guardian and special education rights can be referred to the Department of Special Education, Illinois State Board of Education, for review, investigation and action within (60) sixty days.
• Illinois’ mediation service is designated as an alternative to the Due Process Hearing as a means of resolving disagreement regarding the appropriateness of the provision of special education and related services. This service is administered and supervised by the Illinois State Board of Education and is provided upon request at no cost to the parties. Parents/guardians and/or local school districts who wish to request mediation services or to know more about the State Board of Education complaint resolution system may contact the Department of Special Education, Illinois State Board of Education, at (217) 782-6601.

Hearing

• Right to request an impartial due process hearing to question the district's identification, evaluation, or placement of your child or to question the district's provision of a free appropriate public education.
• Right to be informed of the procedures to follow to make a request for an impartial due process hearing (i.e., to whom, how, what to include in the request, timelines, etc.).
• Right to be informed of any free or low-cost legal and other relevant services available (i.e., expert on handicapping conditions that may be a witness at the hearing).
• Right to have the hearing conducted by a person not employed by a public agency involved in the education of your child or otherwise having any personal or professional interest in the hearing.
• Right to see a statement of the qualifications of the hearing officer.
• Right to be advised and accompanied at the hearing by counsel and to be accompanied by individuals with special knowledge or training in problems of the handicapped.
• Right to have your child present at the hearing.
• Right to have the hearing open to the public.
• Right to present evidence and confront, cross-examine, and compel the attendance of witnesses.
• Right to prohibit the introduction of any evidence at the hearing that has not been disclosed at least five (5) days before the hearing.
• Right to have a record of the hearing.
• Right to obtain written findings of act and a written decision within forty-five (45) days after the initial request for the hearing.
• Right to appeal for a final administrative decision and receive that decision within (30) thirty days of the filing of the appeal.
• Right to have a hearing and an appeal set at a time reasonably convenient to you.
• Right to bring a civil action in the circuit court.
• Right to have your child remain in their present educational placement during the administrative proceeding unless the parent/guardian and district agree otherwise.
• A request for a due process hearing should state the reasons that the hearing is being requested. The request should be sent to your district superintendent.
• Right to seek to recover reasonable attorney’s fees if you prevail in hearing or court action.
