

Bishop Stang High School 2018 Athletics Hall of Fame

TRACY JACKSON

CLASS OF 1997

Unwavering.

Tracy Jackson is best known for her outstanding basketball career at Bishop Stang, but her abilities were not restricted to the gym.

An incredible athlete, Tracy was a four year starter on varsity basketball, serving as captain during both her junior and senior year. Tracy also played four years as shortstop for the varsity softball team. She was also an outstanding varsity field hockey player for Coach Connell. Tracy's teams celebrated many successes as a result of her outstanding performance, and never-give-up mentality.

Tracy was a natural athlete who performed at a high level in multiple sports despite fighting through injuries that would have sidelined most high school athletes. Her teams were exponentially better when Tracy was in the game.

Tracy won the Theresa Dougall Award in 1997 and she received a scholarship to play basketball at Franklin Pierce College, where her natural talent and unwavering effort led her to be named captain in her junior year.
