## DAVID OTTAVIANELLI

CLASS OF 1986

Respected.

David Ottavianelli treated others with respect, and earned the respect of his coaches, teammates and opponents alike. In the middle of brothers Mark and Steve, David was a quiet and humble young man. However, on the field and on the court, he commanded respect and he served in a leadership role, playing strongly and confidently for his team, embodying the persona of player-coach.

David played the trifecta of football, basketball and baseball at Stang. He was the captain of all three teams in his senior year. Best known for his outstanding football career, he was a three year starting quarterback under Coach Lanagan, and received the prestigious Otto Graham Award in 1985.

“Otto” also played two years on the varsity basketball and four years on the varsity baseball team. He received the Carlin Lynch Award in 1986.

David went on to serve our country. After attending the United States Military Academy at West Point, David served for nine years of active duty in the US Army.
