

Dear Senior Parents:

Plans are well underway for our Twentieth Annual After Prom Party. The evening promises to provide a safe night of fun, food, and prizes following the Bishop Stang prom on May 22, 2020.

Many years ago we introduced what has become an after prom tradition: The Wall of Fame. A designated area is covered with individual posters, one for each senior, made by their family. These 16"x 20" x 1/4" collages are as varied as the seniors, mementos of their school years (K-12), milestones in their lives, their four years at Bishop Stang. It all depends on what your family decides to do. The students are thrilled to find their poster on the wall and to see their friends' as well. Students can bring their collage home at the conclusion of the After Prom.

Three important points about making these posters:

- Please DO NOT stray from the guidelines stated above. We have a big class and want to give each senior equal billing. We know that you are proud of your son or daughter, but we cannot dedicate a whole wall to him/her.
- Please DO NOT include irreplaceable family heirlooms or photos on this collage. It is recommended that photos be color copied and the copies be used on the collage.
- Finally, in previous years some students were very hurt to not find a poster for themselves on the wall. Our goal is 100% participation. If this is a problem for you, please call or email me and I can help you with your poster.

We have a supply of pre-cut cardboard in the Business Office for you or your senior to pick up. Completed boards may be returned to me via the Business Office by May 1, 2020. We want the finished product to be a surprise, drop your poster off or send it with a sibling. If you must send it with your senior, wrap the collage in such a way that the student cannot see it.

Thank you for your anticipated cooperation.

Sincerely,

Amy Rodgers

Senior Class Advisor
