

Follett Textbook Purchasing Instructions Bishop Stang High School

This year we have partnered with Follett School Solutions as our textbook vendor. Below are the instructions to purchase books. Digital textbooks will be available for download the first day of classes, provided they were purchased at least 7 days prior to our start date.

1. Please go to our dedicated website with Follett by clicking [here](#) or using the web address <https://www.bkstr.com/bishopstanghsstore>. Then 'Sign In' and/or 'Create Account'.
2. Fill in the required information to create an account. You will be brought to the welcome screen where you can check on recent order, enter payment and shipping information, or enter into a textbook rental agreement. Once done, click 'Shop' and 'Buy Books'.

3. The school name and term will be displayed. The term should be 'School Year 2020-2021'. If not, click on the dropdown and select that. Click 'Submit'.

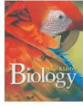

4. You may now search by department and then course. Courses will have required and recommended items. All required items are necessary. Recommended items are where you will have the choice of digital or print. You have the ability to select the format you wish and are not required to purchase both the print and digital textbook.

Course Materials for SCIENCE: 1 x

5. Check the items you are purchasing and you will either continue shopping or view bag and checkout. As you checkout, you may receive a prompt asking if they can swap out your book for one of a different condition. From here, you will enter your payment and shipping information if you have not done already done so.
