

MENOMINEE INDIAN SCHOOL DISTRICT

453.42

EPINEPHRINE STORAGE AND ADMINISTRATION

It shall be the policy of the Menominee Indian School District to keep a supply of epinephrine in the nurse's room in a locked cabinet at all times for allergic emergencies (anaphylaxis).

The epinephrine shall be prescribed annually by the District's medical consultant and replaced based on expiration date.

The epinephrine shall be used according to manufacturer guidelines. The nurse and/or designed staff shall be trained annually on how to administer and complete proper documentation.

The epinephrine training sheet shall be completed by official designee(s) annually.
