ASSESSMENT OF PAST PROGRESS

Describe your progress on your previous year's objectives:

Objective 1: Provide support services to students and staff.

Connection to results from assessment of student learning and/or other plans: Insure the availability of services to our students.

Summary of Progress: In the 2011-12 fiscal year the actual expenditures were represented fairly by the submitted budget. The actual expenditures were largely represented by uncontrollable cost increases, i.e. insurance, legal, occupancy guarantee.

Resources/Budget Used: In 2011-12 fiscal year there was a significant adjustment to uncollectible student accounts. This adjustment which increased expense was unbudgeted. Overall the total expenditures were in line to the corresponding overall budget. There were many unknowns that had to be estimated at the time of the budget input. Some significant expenses were not known until late in the year.

Objective 2: Manage District expenditures related to budget and cash flow needs.

Connection to results from assessment of student learning and/or other plans: Will maintain responsible and effective management of institutional resources.

Summary of Progress: With State deferrals and reductions due to mid-year cuts the District was able to operate based on a balanced budget and a well position cash reserve.

Resources/Budget Used: The District was not required to spend any additional reserves and was able to conclude the year in a strong financial position.

CURRENT YEAR PROGRESS AND OBJECTIVES

What objectives and tasks are you working on this year? (You may continue objectives from the prior year.) Will your allocated resources be sufficient given your objectives?

<p>Objective 1: Provide support services to students and staff.</p>	<p>Action Plan (include who is responsible): The Business Services is attempting to manage the current year budget in providing convenient access to the services of the department to all students. Specific times of operations and access with dependable customer service is what is expected. The Chief Financial Officer is responsible for the management of the Business Services program at Feather River College. Officer.</p>
<p>Connection to results from assessment of student learning and/or other plans: Insure the availability of services to our students.</p>	<p>Unbudgeted Resources Needed: Currently there are no unbudgeted resources needed.</p>

<p>Objective 2: Manage District expenditures related to budget and cash flow needs.</p>	<p>Action Plan (include who is responsible): The goal of this year is to maintain the same level of services without any additional requests for resources. Cash flow and the securing of lines of credit from banking institutions will support and secure payments regarding District liabilities. The Chief Financial Officer is responsible for the management of the Business Services program at Feather River College. Officer.</p>
<p>Connection to results from assessment of student learning and/or other plans Will maintain responsible and effective management of institutional resources.</p>	<p>Unbudgeted Resources Needed: Currently there are no unbudgeted resources needed.</p>

NEXT YEAR’S NEW OBJECTIVES (FISCAL YEAR 2013-14)

What objectives and tasks will you take on for next year? (You may continue objectives from the prior year.)

<p>Objective 1: Provide support services to students and staff.</p>	<p>Action Plan (include who is responsible): The proposed plan is to maintain consistent and convenient operating hours thus providing students with accessibility in providing parking issues, payroll, adequate insurance coverage, and supplies. The management of the Business Services program is the responsibility of the Chief Financial Officer.</p>
<p>Connection to results from assessment of student learning and/or other plans: Insure the availability of services to our students.</p>	<p>Resources/Budget Needed: The 2013-14 fiscal year will require no increase in next year’s budget requests.</p>

--

<p>Objective 2: Manage District expenditures related to budget and cash flow needs.</p>	<p>Action Plan (include who is responsible): The goal for next year is to meet the needs and protect the financial position of the District. The plan is to operate next year at the same level as the current year budget level. The management of the Business Services program is the responsibility of the Chief Financial Officer.</p>
<p>Connection to results from assessment of student learning and/or other plans: Will maintain responsible and effective management of institutional resources.</p>	<p>Resources/Budget Needed: Pending the securing of a line of credit to be used for any cash flow issues, there might be a slight increase in operational expenses related to banking and loan fees.</p>

SUMMARY UPDATE FROM COMPREHENSIVE PROGRAM REVIEW

Based on data provided:

1. Describe the current status of the Program/Depart/Service Area.

The write off of uncollectible student accounts in the 2013-14 fiscal year should not be as significant as they were in the current year. It is extremely difficult and challenging to estimate, forecast, and predict the trend on the non-discretionary expenses that have the potential to have uncontrollable increases. The issue of cash flow for the current 2012-13 year is a substantial concern and every attempt to mitigate the effects of deferrals and mid-year cuts by the State are being explored with banks and loan institutions. This cash flow issue very well could continue into the 2013-14 fiscal year.
--

2. Explain significant issues and/or changes that have occurred since the last comprehensive review.

The necessity to secure loans/lines of credit to insure adequate cash needs will require additional funds as compared to the current year unbudgeted request for similar fees.
--

3. Briefly explain significant changes expected during the upcoming year.

Having adequate cash flow to meet the operational demands of the District will probably be a challenge during the upcoming year.

ASSESSMENT OF PAST PROGRESS

Describe your progress on your previous year's objectives:

Objective 1: Provide duplicating services for the entire campus.

Summary of Progress: Providing the required copying needs for faculty and staff has been accomplished. The Duplicating area has been staffed by a temporary employee.

Connection to results from assessment of student learning and/or other plans:

Provides students with positive student learning outcomes when it is applied to providing adequate copying supplies and output to instructors and campus employees.

Resources/Budget Used: The two major areas that require funding is the paper and copier supplies as well as the equipment lease and maintenance of three black and white machines and one color copier.

Objective 2: The Switchboard provides services for temporary parking permits, answering and directing inquiries by telephone, and providing campus wide mail service.

Summary of Progress: The Switchboard was moved from the Administration area to the Duplicating Center. This has enabled the consolidation of duties and responsibilities into one position.

Connection to results from assessment of student learning and/or other plans: This objective offers support to the quality programs and services offered by the District.

Resources/Budget Used: The consolidating of positions has provided a budgeted savings associated with staffing costs.

ASSESSMENT OF PAST PROGRESS

Describe your progress on your previous year's objectives:

Objective 1: Provide food services to students that are nutritious and affordable.

Summary of Progress: In the 2011-12 fiscal year the Food Service program provided breakfast and lunch meals to our students at a reasonable cost. The overall operations of the program resulted in a financial loss but is deemed an absolutely necessary service.

Connection to results from assessment of student learning and/or other plans: The Food Services programs provides support to the quality programs and services at the Quincy campus.

Resources/Budget Used: The District hired a new Food Service Manager last year. The labor operations of the Food Services program is supplemented by students which offer student work experience and support of the District's Culinary Art program. The Food Service program exceeded budgeted cost specifically related to the cost increases to food purchases.

CURRENT YEAR PROGRESS AND OBJECTIVES

What objectives and tasks are you working on this year? (You may continue objectives from the prior year.) Will your allocated resources be sufficient given your objectives?

Objective 1: Provide food services to students that are nutritious and affordable.

Action Plan (include who is responsible): The goal of this year is to maintain the same level of services without any additional requests for resources. Food Services has provided concession for athletic events as well as catered services for meetings. The goal of not increasing the prices to our students and having alternate affordable choices. The management of the Food Services program is the responsibility of the Chief Financial Officer.

Connection to results from assessment of student learning and/or other plans: The Food Services programs provides support to the quality programs and services at the Quincy campus.

Unbudgeted Resources Needed: Currently there are no unbudgeted resources needed.

NEXT YEAR'S NEW OBJECTIVES (FISCAL YEAR 2013-14)

What objectives and tasks will you take on for next year? (You may continue objectives from the prior year.)

Objective 1: Provide food services to students that are nutritious and affordable.

Action Plan (include who is responsible):
The proposed plan is to operate at the same level and continue to take advantage of any cost savings in food purchases. The management of the Food Services program is the responsibility of the Chief Financial Officer.

Connection to results from assessment of student learning and/or other plans: The Food Services programs provides support to the quality programs and services at the Quincy campus.

SUMMARY UPDATE FROM COMPREHENSIVE PROGRAM REVIEW

Based on data provided:

1. Describe the current status of the Program/Depart/Service Area.

The District has annually contributed the \$58,965 considered the Child Care Match. If any portion of these funds are not used in the current year, then the remaining unused amount is carried over to the subsequent year. This contribution amount by the District has not been substantiated by a copy of any written agreement.

2. Explain significant issues and/or changes that have occurred since the last comprehensive review.

N/A

3. Briefly explain significant changes expected during the upcoming year.

No significant changes are expected.

ASSESSMENT OF PAST PROGRESS

Describe your progress on your previous year's objectives:

Objective 1: Provide the essential services to the campus related to specific utilities such as propane, electricity, sewer, and garbage.

Connection to results from assessment of student learning and/or other plans: The utilities that are consumed by the District provide essential services for effective instruction to our students and staff.

Summary of Progress: In the 2011-12 fiscal year there uncontrollable costs increase for electricity, propane, and sewer cost that were unbudgeted. Currently providing adequate and necessary utility services to the Feather River College campus.

Resources/Budget Used: The District participates in a state wide consortium for the purchase of electricity in controlling and stabilizing costs. Other utilities are subject to uncontrollable cost increases. Other Business Services account savings were used to offset the majority of the increases.

CURRENT YEAR PROGRESS AND OBJECTIVES

What objectives and tasks are you working on this year? (You may continue objectives from the prior year.) Will your allocated resources be sufficient given your objectives?

Objective 1: Provide the essential services to the campus related to specific utilities such as propane, electricity, sewer, and garbage.

Connection to results from assessment of student learning and/or other plans: The

Action Plan (include who is responsible): The goal of this year is to maintain the same level of services without any additional requests for resources. The responsibility for District utilities is managed by the Business Office. Currently providing adequate and necessary utility services to the Feather River College campus. The severity of the winter significantly impacts the costs of utility services.

NEXT YEAR’S NEW OBJECTIVES (FISCAL YEAR 2013-14)

What objectives and tasks will you take on for next year? (You may continue objectives from the prior year.)

Objective 1: Provide the essential services to the campus related to specific utilities such as propane, electricity, sewer, and garbage.

Action Plan (include who is responsible):
The proposed plan for next year will be to provide the same services and manage the cost of those services similar to the current year. The management of the Utilities program is the responsibility of the Chief Financial Officer.

Connection to results from assessment of student learning and/or other plans: The utilities that are consumed by the District provide essential services for effective instruction to our students and staff.

Resources/Budget Needed: The required resources for the fiscal year 2013-14 will increase slightly based on projected cost increases for all utilities.

SUMMARY UPDATE FROM COMPREHENSIVE PROGRAM REVIEW

Based on data provided:

1. Describe the current status of the Program/Depart/Service Area.

Electricity are negotiated and agreed upon by our participation in an electrical consortium of other twenty plus other Districts in the State. The District has changed vendors related to propane, anticipating a savings in the cost of that commodity.

2. Explain significant issues and/or changes that have occurred since the last comprehensive review.

NA

3. Briefly explain significant changes expected during the upcoming year.

Utilities are considered an uncontrollable cost which are impacted by weather, energy cost increases, and consumption. With no cost of living adjustments being provided by the State for the past five years, it becomes challenging to provide the utilities which are essential services to the campus.

SUMMARY UPDATE FROM COMPREHENSIVE PROGRAM REVIEW

Based on data provided:

1. Describe the current status of the Program/Depart/Service Area.

We have now completed our second full year supporting the Dorms and the FRF and are getting a good grip on the real facility support needs of each facility. The LRC has now been brought online and we are adjusting our cleaning staff to cover the cleaning needs of this additional square footage. There is still another year of “finish” work that will needed to completely finish the LRC. Including – shelving, carpeting, installed corner guards, landscaping. Next summer our primary projects will be replacing the wooden sidewalk above the 600’s and exterior painting of the Campus and the Dorms. We will also be focusing on catching up on the deferred maintenance of our athletic fields including top dressing etc.

2. Explain significant issues and/or changes that have occurred since the last comprehensive review.

We have experienced staffing reductions that are significantly affecting our ability to respond to normal service requests, event support and finishing capital improvement projects. We have added 21,000 square feet of space that now needs to be cleaned nightly and maintained with less staff. There is also tremendous Campus pressure to remodel the Vacated Library Space and re-locate existing programs into this space with reduced staffing. Simply moving existing programs requires significant staff resources and planning. There has been a tendency for staff to expect the level of service that were accustomed to receiving before our staff was reduced. I have been on the ugly end of a lot of frustration and unrealistic expectations from staff members. The motor pool rate need to be increased to cover the increasing costs of maintaining an aging motor pool fleet and the motor pool budget needs to become a restricted account to allow the replacement revenue that is collected from motor pool usage to purchase new fleet vehicles. The motor pool rate has not been adjusted since 2009. Operational costs have increased between 30- 45% and our fleet maintenance is starting to suffer.

3. Briefly explain significant changes expected during the upcoming year.

We have added the Rodeo Classroom (2 offices, 2 bathrooms, 1 classroom) to our cleaning routine in addition to the re-purposed Vacated Library Space. We currently have 2.6 FTE custodians and it is clear that we physically cannot cover the Campus’ nightly cleaning needs at our current staffing levels. **Starting July 1, 2013 we will need 3 custodians to provide the minimum custodial coverage for the Campus and the FRF.**

SUMMARY UPDATE FROM COMPREHENSIVE PROGRAM REVIEW

Based on data provided:

1. Describe the current status of the Program/Depart/Service Area.

The College has been successfully managing the Dorms for over two years, both student life and physical conditions have significantly improved at the dorms. We had good summer utilization with camps, equine students and the High Sierra Festival. Rent collection is running very smoothly through student accounts and we are making the 1.2 bond obligation and the Foundation is reimbursing the College for the management labor costs at the Dorms. We are continuing our efforts to reduce the operational costs including installing our own security camera systems, adding thermostat covers, and we changed propane companies. All rooms except one, are now online and rented.

2. Explain significant issues and/or changes that have occurred since the last comprehensive review.

During the budget development process this spring it became very apparent that even with the cost savings measures that are being implemented the Dorms cannot fully support itself without increasing the rent. The decision was made by the Foundation Business Management Committee to accurately include this shortfall and include an \$80,000.00 budget line item as subsidization from the College.

3. Briefly explain significant changes expected during the upcoming year.

ASSESSMENT OF PAST PROGRESS

Describe your progress on your previous year's objectives:

Objective 1: Ensure compliance with mandated Sexual Harassment Training (AB 1825)	Summary of Progress: Ongoing. As of October 2012 10 of 43 have expired and require recertification.
Connection to results from assessment of student learning and/or other plans: SP Goal 3.1	Resources/Budget Used: Time/effort
Objective 2: Equal Employment Opportunity Plan	Summary of Progress: Completed February 2012
Connection to results from assessment of student learning and/or other plans: SP Objective 3.1.1, 3.1.3	Resources/Budget Used: Time/Effort
Objective 3: Equal Employment Opportunity Training	Summary of Progress: Completed.
Connection to results from assessment of student learning and/or other plans: SP Direction I, II, III, and IV	Resources/Budget Used: Time/Effort
Objective 4: New Employee Handbook	Summary of Progress: Incomplete. Currently compiling documents to include into a new employee orientation
Connection to results from assessment of student learning and/or other plans: SP Objective 3.1.1, 3.1.3	Resources/Budget Used: Time/Effort

CURRENT YEAR PROGRESS AND OBJECTIVES (FISCAL YEAR 2012-2013)

What objectives and tasks are you working on this year? (You may continue objectives from the prior year.) Will your allocated resources be sufficient given your objectives?

Objective 1: Management/Supervisor Training	Action Plan (HR Director is responsible): Continue participation in Liebert Cassidy Whitmore (LCW) Northern Consortium. LCW provides training opportunities for faculty/staff and management along with free legal calls via the Northern Consortium. In addition to LCW training opportunities Manager/Supervisor training can be provided in-house.
Connection to results from assessment of student learning and/or other plans: Objective 3.4.1	Unbudgeted Resources Needed: +\$1500

Objective 2: Increase HR Technician position to 100%	Action Plan (HR Director is responsible): The HR Tech Position was reduced to 90% during the 2009-2010 year without a corresponding reduction in workload. This resulted in earning 148.5 hours of compensation time for the 11-12 year for a corresponding loss of productivity of \$3,295.
Connection to results from assessment of student learning and/or other plans: SD III	Unbudgeted Resources Needed: \$7,145

Objective 3: Implement Online Employment Application System	Action Plan (HR Director is responsible): Currently employment applications are received by any method possible. This is cumbersome, wasteful, and time consuming. The District expends thousands of pieces of paper in this process. This does not take into account the amount of time each piece of paper is handled by HR personnel and selection committee members. In addition, productivity time is lost by committee members having to go to a central location to review these employment applications.
Connection to results from assessment of student learning and/or other plans: Goal 3.5	Unbudgeted Resources Needed: +\$8,925 first year +\$3,924 thereafter

NEXT YEAR'S NEW OBJECTIVES (FISCAL YEAR 2013-14)

What objectives and tasks will you take on for next year? (You may continue objectives from the prior year.)

<p>Objective 1: Implement Banner Self Service leave time entry</p>	<p>Action Plan (HR Director is responsible): Train employees to enter their leave time requests into Banner for supervisory approval. This will reduce the need for paper tracking and backlog on entering employee leave requests.</p>
<p>Connection to results from assessment of student learning and/or other plans: Goal 3.3</p>	<p>Resources/Budget Needed: Time and effort</p>

<p>Objective 2: Ensure that District salaries are accurately assessed and competitive.</p>	<p>Action Plan (HR Director is responsible): Continued from fiscal year 2011-12 and 2010-11. The goal is to research comprehensive compensation</p>
<p>Connection to results from assessment of student learning and/or other plans: SP Goal 3.1, Goal 3.2</p>	<p>Resources/Budget Needed: +\$30,000</p>

NEW RESOURCE REQUESTS FOR NEXT YEAR

If completing your program's objectives will require resources from **IT, Facilities, Professional Development, or Additional Staff** please include your request bellow. This section is for a **future need (next fiscal year)**. If you have an immediate need, (i.e. your computer is broken) contact the appropriate committee or administrator.

Need:	Resource Type	Rationale (include connection to other plans):
Manager/Supervisor training	Professional Development	See current year objective 1
HR Technician at 100%	Additional Staff time	See current year objective 2

SUMMARY UPDATE FROM COMPREHENSIVE PROGRAM REVIEW

Based on data provided:

1. Describe the current status of the Program/Depart/Service Area.

Adequate space and technological resources are provided in order to accomplish the HR function.

2. Explain significant issues and/or changes that have occurred since the last comprehensive review.

Since the last CPR the HR Technician position was reduced to 90% due to budget cuts without a corresponding reduction in workload.

3. Briefly explain significant changes expected during the upcoming year.

By implementing an online employment application system the campus would see a significant reduction in paper and time spent by employees reviewing employment applications.

SUMMARY UPDATE FROM COMPREHENSIVE PROGRAM REVIEW

Based on data provided:

1. Describe the current status of the Program/Depart/Service Area.

The IT Department is physically relocated in to the LRC and is allowing for a more productive environment. We are working on developing more efficient processes and implementing tools to better serve staff and student network and computing needs. The Strategic Technology Committee is now meeting on a regular basis providing critical guidance and input from Campus constituent groups.

2. Explain significant issues and/or changes that have occurred since the last comprehensive review.

Our staffing levels have been restored resulting in a significant increase in service request completion and responsiveness. We are in the process of developing our Technology Plan that will become one of our department’s primary guiding documents. We are now moving forward with deploying SharePoint that will poise us to be in an excellent position when we migrate from Office 2010 as we implement Office 365.

3. Briefly explain significant changes expected during the upcoming year.

We are working on performing to schedule Banner patches a year (October/April) but are still plagued with installing Hot Patches for HR and Financial Aid prior to these scheduled times. We will be deploying around 40 new Virtual Desktops this year that will require more desktop support. SharePoint deployment, TouchNet support, is all additional products that we will deploy and support this year. To improve efficiency, consolidate and to follow the direction from the Technology Plan the ISD will start to budget for the replacement and the maintenance for all staff members. We are also planning to upgrade the AV equipment in the classrooms, most overhead projectors and screens are approaching 20 years old. The blade servers (13 total @ \$6,700.00 each) that were purchased for the Banner deployment are approaching End –of –Life and need to be refreshed starting this year.

ASSESSMENT OF PAST PROGRESS

Describe your progress on your previous year's objectives:

Objective 1:

Decision-making bodies will base recommendations and actions on data and input from internal and external sources.

Summary of Progress:

Internal sources – Data generated from internal sources continues to expand.

No funds were allocated for obtaining information from external sources

If FRC wants information generated by an external body we have to pay for it.

Connection to results from assessment of student learning and/or other plans:

Strategic Plan Objectives 1.1.5, 2.2.1, 2.2.3, 2.3.2

Resources/Budget Used:

\$0 budget beyond staff time and effort

Objective 2:

Implement SharePoint

Summary of Progress:

SharePoint is running on a test bed and will be transferred off-site in the spring. Faculty and staff have begun setting up sites. I hope to have committee utilization in place within the next 3 months

CURRENT YEAR PROGRESS AND OBJECTIVES

What objectives and tasks are you working on this year? (You may continue objectives from the prior year.) Will your allocated resources be sufficient given your objectives?

<p>Objective 1: Continuation of above objectives</p>	<p>Action Plan (include who is responsible): The Coordinator of Research and Planning will continue to improve data availability and assist with strategic planning on campus</p>
<p>Connection to results from assessment of student learning and/or other plans:</p>	<p>Unbudgeted Resources Needed:</p>

<p>Objective 2: Implement more responsive campus planning</p>	<p>Action Plan (include who is responsible): The Coordinator of Research and Planning is working through SPC and President’s Staff to change the planning structure of the college to be more responsive to our operational environment, while taking advantage of shared governance.</p>

NEXT YEAR’S NEW OBJECTIVES (FISCAL YEAR 2013-14)

What objectives and tasks will you take on for next year? (You may continue objectives from the prior year.)

<p>Objective 1: Move to computerized APR process</p>	<p>Action Plan (include who is responsible): The Coordinator of Research and Planning will develop forms for use through SharePoint to streamline APR process.</p>
<p>Connection to results from assessment of student learning and/or other plans: <i>Strategic Plan</i> Objectives 1.1.5, 2.2.1, 2.2.3, 2.3.2</p>	<p>Resources/Budget Needed: None</p>

<p>Objective 2: Training through Lynda.com</p>	<p>Action Plan (include who is responsible): FRC’s workers wear many different hats and need to be experts across multiple fields. Unfortunately, while there is need for expertise beyond our level of understanding, it is difficult to find resources to gain knowledge. I suggest that the campus invests in a training program through Lynda.com. Doing so will allow the college to get more from less.</p>
<p>Connection to results from assessment of student learning and/or other plans:</p>	<p>Resources/Budget Needed: \$1,750 for five floating licenses</p>

Objective 3: Implement CRIP freshmen survey or other survey package to gain further insight into student choices and benchmark ourselves against other community colleges.	Action Plan (include who is responsible): If funding is approved, The Coordinator of Research and Planning will coordinate effort with UCLAs HERI.
Connection to results from assessment of student learning and/or other plans:	Resources/Budget Needed: \$3,400

Objective 4: Maintain a statistical package. Two years ago the Chancellor's Office stopped providing a license for SAS. By being a UNR student, the Coordinator of Research and Planning was able to maintain a license. Once the Coordinator graduates, the college will no longer have access to a statistical package unless it incurs the cost.	Action Plan (include who is responsible): If funding is approved, The Coordinator of Research and Planning will coordinate an effort with IT to install the program.
Connection to results from assessment of student learning and/or other plans:	Resources/Budget Needed: \$1,200

SUMMARY UPDATE FROM COMPREHENSIVE PROGRAM REVIEW

Based on data provided:

1. Describe the current status of the Program/Depart/Service Area.

The IRPO is meeting its mission. The impact of filling The Coordinator of Research and Planning position has been broad and immediate. FRC received a commendation regarding its annual planning process from the ACCJC. FRC has implemented an intranet (the college paid for Luminous for years but failed to implement). Out-of-state students have been seen as an opportunity for increasing revenue and in fact, revenue has doubled while out of state fees have decreased. The Coordinator is attempting to shift the culture of FRC from a bureaucracy oriented structure to an action based structure. He hopes to improve collaboration and give committees more power to act.

Since increased staffing will not be realized, The Coordinator of Research and Planning is attempting to streamline and automate where possible to free up time for increased project load. If successful, he hopes to help other areas of the college benefit from automation.

2. Explain significant issues and/or changes that have occurred since the last comprehensive review.

Progress is being made on two fronts. First, FRC has greater access to institutional data than it has had in the past. This data is being used to inform decision making processes. Examples include the data that is available to program managers for APR's and CPR's. The data is harmonized and in general, viewed as reliable. Implementation of SharePoint has empowered end users to have greater flexibility in generating reports to fit their needs.

The second front is planning. The Coordinator of Research and Planning continues to bring his knowledge of strategic planning to bear. As the college finds itself facing budget and enrollment challenges, he has focused on making planning more responsive to change. It is hoped that by being responsive the college can capitalize on opportunities as they arise while still reaping the benefits of a shared governance system.

3. Briefly explain significant changes expected during the upcoming year.

One problem facing the Office of Institutional Research and Planning is the will be the loss of access to resources offered by the University Nevada – Reno. Once Brian Murphy completes his degree in the Spring 2013, the office will no longer have access to the UNR collection of software (including development platforms, process modeling software, statistical packages, and training).

NEXT YEAR’S NEW OBJECTIVES (FISCAL YEAR 2013-14)

What objectives and tasks will you take on for next year? (You may continue objectives from the prior year.) Will your allocated resources be sufficient given your objectives?

TBD based upon hiring permanent Superintendent/President.

NEXT YEAR BUDGET CHANGE REQUESTS (FISCAL YEAR 2013-14)

Please provide rationale for budget *changes* (attach budget request sheets for entire annual budget).

Budget Request(s):		Rationale (include connection to other plans):
Amount	Account Code	
\$80000	Staffing; Instruction	Master Plan, Strategic Plan & SEM Plan implementation—see objective 1 for 2012-13
\$30000	Equipment; Perkins (GF impact?)	Master Plan, Strategic Plan & SEM Plan implementation—see objective 1 for 2012-13
\$100,000	Marketing/Recruitment; staffing & support.	Master Plan, Strategic Plan & SEM Plan implementation—see objective 5 for 2012-13
\$30,000	Community Relations/Outreach	Master Plan, Strategic Plan & SEM Plan implementation—see objective 6 for 2012-13
\$80,000	Staffing	Strategic Plan—see objective 8 for 2012-13
\$8000	1100-10200-5100-679200	Objective 9 for 2012-13: Strategic Plan & SEM Plan on marketing, recruitment & enrollment needs (SP 2.4 etc.); fiscal & legislative advocacy (SP 3.2.4).
\$4603	1100-10200-5020-679200	Objective 9 for 2012-13: Strategic Plan & SEM Plan on marketing, recruitment & enrollment needs (SP 2.4 etc.); fiscal & legislative advocacy (SP 3.2.4). —FRC <i>needs</i> additional national memberships to provide a marketing platform.

\$1000	1100-10105-5020-609000	Expect accreditation dues increase from ACCJC; if lesser, use to pay CHEA national accreditation dues (\$275) and/or offset Pres. Office cost on Ac. Senate dues.
\$11,273	1100-10105-5050-609000	Provide cost of anticipated accreditation site visit in 2012-13.
\$25,000	1100-10200-5040-679200	Legal: expected increase due to pending litigation initiated against professional services firm, and defense costs associated with litigation/arbitration anticipated into 2012-13 from prime contractors and/or their subcontractors. Possible settlement costs in personnel litigation pending.
\$17,800	1100-10200-5050-679200	Consultants & Contracts: reduce due to phasing out of Facilities Master Plan work during 2011-12 (no 2012-13 costs anticipated), but offsetting increase due to possible cost of proposed personnel audit and implementation through reclassifications, and/or reorganization study.
-\$1,000	1100-10200-6071-679200	Equipment Leases & Rentals: Copier lease--shift to Business Services
\$2,000	1100-10100-5100-66100	Travel: Board mileage costs are relatively consistent, conference cost likely with new trustees to enable attendance at CCLC new trustee workshop--thus modest increase
\$800	1100-10300-5050-679300	Consultants & Contracts: Commencement pictures and sound may require re-instatement of these services in 2012-13

SUMMARY UPDATE FROM COMPREHENSIVE PROGRAM REVIEW

Based on data provided:

1. Describe the current status of the Program/Depart/Service Area.

Progress report on 2010-11 objectives completed; accreditation Self Evaluation process completed; Strategic Plan action plans being updated for 2013-16 plan; Specific objectives for 2011-12 achieved or in progress per listing above (Assessment of Past Progress). Current shortfalls due to legal issues (Current objectives cost lines, above).

2. Explain significant issues and/or changes that have occurred since the last comprehensive review.

State budget for 2012-13 may still experience mid-year cuts, and forecast for 2013-14 may force the college to revive budget cuts worked out for 2011-12. Small-college exemption from workload reduction for 2011-12 was not be renewed for 2012-13; need to sequester additional reserves to address new cash flow needs possible in 2012-13, and new payment deferral instituted by state budget. Strategic Plan implementation still likely to call for some modest investments; legal costs escalated during 2012-13 due to LRC construction litigation and EEO complaints. Especially salient for 2012-13: demise of Good Neighbor agreement with Nevada, together with residency requirements and tuition changes for California residents, make steep demands on college recruitment of students and related marketing—expect significant additional costs related to marketing, recruitment, outreach; and new instructional program development in order to attract more students beyond athletics and Good Neighbor dynamic: faculty salary, program support costs.

3. Briefly explain significant changes expected during the upcoming year.

Included in #2 just above—significant costs noted.
