We’re pleased to offer a program that helps ensure that your horse is properly vaccinated and allows us to bring to you the best possible care to your horse—all at no additional charge.

The Equine Immunization Support Guarantee (ISG) is the most comprehensive program that reimburses you up to $5,000 if we’ve vaccinated your horse with Zoetis vaccines including WEST NILE-INNOVATOR® or FLUVAC INNOVATOR® and the horse later contracts one of the corresponding diseases:

- West Nile
- Equine Influenza
- Equine Herpesvirus 1 and 4 (respiratory)
- Tetanus
- Eastern Equine Encephalitis
- Western Equine Encephalitis
- Venezuelan Equine Encephalitis

Benefits of having our veterinarian involved in vaccinations:

- Knowledge of up-to-date information on disease prevalence in your area and we can determine which vaccines your horse should receive
- Help ensure your horse’s overall health
- Work with and involve you in the care and treatment of your horse
- Keep record of your horses’ vaccinations
- Provide reimbursement up to $5,000 for treatment and diagnostic costs should your horse contract a disease for which they have been vaccinated
