

Feather River College

Student Employment

Job Title: Equine Health and Nutrition Student Assistant

DESCRIPTION:

Oversee care of all horses and livestock on campus.

ESSENTIAL DUTIES:

1. Distribution of hay as directed twice per day to both Feather River College and student owned horses. Perform weekly hay inventory and tally of hay used (bad vs. good bales)
2. Check water supply twice daily. Fill and clean when needed. Distribute grain and mineral supplements as directed.
3. Daily horse care, sanitation, and health including the cleaning of manure daily as assigned from FRC owned horse stalls, cement area, indoor arena, and vet area. Assist in bathing and grooming all horses as required.
4. Check stock daily for illness or injury, report any illness or injury of livestock to supervisor, care for horse according to instruction received by vet or supervisor.
5. Worming and vaccinating: Horses are to be wormed a minimum of four times per year and vaccinated as directed. Document dates horse receives vaccinations and worming.
6. Shoeing: Maintain records of horses needing farrier attention including dates when due for next shoe or trim, record who the farrier has shod or trimmed. Check horses for loose and/or missing shoes. Catch horse for farrier.
7. Breeding: Brood mares are carefully monitored and records are to be kept on heat cycles, breeding, and foaling. Help may be required during collecting of stallion, artificial insemination of mares, and foaling of mare.
8. Supervising other students regarding student horse boarding rules, regulations, and procedures. Monitor how boarders clean their stall(s), as per contract.
