How to Recycle at FRC?

1. If you have a small blue bin in your office or classroom, you may use this to co-mingle your recyclable items.

2. Place recyclables in the large recycling bins at these locations:

Science Building; Business Office (Main) foyer; Administration foyer; outside Computer lab (rm. 600); Admissions & Records foyer; Multipurpose Building entrance.

3. The custodial crew collects recycling bins from offices & classrooms & empties them into the larger bins at least once a week.

OR

You may empty your recycling bin into these larger bins.

4. Campus recycling is picked up by Waste Management every Wednesday.

***For more information, contact Waste Management Industries
(805) 522-9400, or the FRC Facilities Department X307***
