ARTICLE 12
EVALUATION

This article applies to tenured and non-tenured unit members. Additional evaluation procedures for non-tenured unit members are covered in Article 13, Tenure.

The central purpose of evaluating faculty is to improve instruction. The following criteria and procedures have been established in accordance with the guidelines set forth by the Board of Governors of the California Community Colleges.
I. EVALUATION OF ALL FACULTY

1. In accordance with education code 87663, tenured faculty will be evaluated at least once every three years.

2. In the fall of the year in which a unit member is to be evaluated, the Chief Instructional Officer will notify the unit member and the unit member's division chair of the evaluation and will provide them with appropriate instructions and forms. This will be done by the end of the first week of September.

3. The unit member will prepare the following materials and submit them to the Chief Instructional Officer by the end of the first week of November.
   c. A completed form summarizing the unit member's professional duties, with point values, that were performed since the last evaluation. Points are to be enumerated on the faculty professional services grid or similar grid.

   Faculty members who are Division Chairs, Academic Senate President or Union President need not serve on any additional committees other than those assigned by those positions. Union negotiation team members need not serve in any additional professional duties' capacity during negotiations. The Faculty Accreditation Coordinator (if a unit member) need not serve in any additional professional duties during the accreditation process.

4. The evaluatee's division chair will select two faculty members to perform the peer evaluation. One may be the faculty member closest to the unit member's discipline. The unit member may ask to have one of the selected peers replaced. The Chief Instructional Officer must approve the final peer committee. The composition of the peer evaluation committee for non-tenured faculty is described in 13.D.1.

5. The faculty member shall be evaluated by a peer committee between the 9th week of the Fall semester and the end of November. The evaluation panel shall review the self-evaluation materials and the instructional/non-instructional materials provided by the evaluatee. The panel will write its summary by the end of the first week in December and submit it to the Instruction Office.

6. The faculty member shall be evaluated by students in all of his/her classes, between the 9th and 12th week of the Fall semester, or at a similar point in a 9 week, 6 week or shorter course.

7. For faculty who supervise classified staff, the Chief Instructional Officer will solicit feedback from the classified staff in a systematic manner and summarize the feedback as appropriate in the administrative evaluation.

8. The Chief Instructional Officer will receive all of the evaluation materials described above by the end of the second week of December. The Chief Instructional Officer will then review all of the materials
and may determine if an evaluation step needs to be redone, additional evaluation needs to be conducted or if corrective action is needed. If the evaluation is satisfactory, the Chief Instructional Officer will prepare a summary report that will be reviewed with, and signed by, the evaluatee. The summary report will become part of the unit member's personnel record and will be completed by April 15.

The unit member may respond to their evaluation within ten (10) working days of receiving the CIO’s summary report. The original response is to be filed with the Human Resources Office and a copy of the response is to be filed with the Instruction Office. The response will become part of the unit member’s personnel file.

9. If the Chief Instructional Officer has information that indicates that there are problems with the unit member’s performance that warrant a “needs improvement” or “unsatisfactory” evaluation, the Chief Instructional Officer will convene a committee consisting of the unit member’s division chair, the union president and the director of human resources. After consultation with the committee the Chief Instructional Officer will determine whether to assign a satisfactory, a needs improvement, or an unsatisfactory evaluation. If the evaluatee is a division chair or union president, the Chief Instructional Officer will select a member of the Council on Instruction or another union officer to assume the evaluation responsibilities.

i. “Needs Improvement” Evaluation

a. In the case of a needs improvement evaluation, a corrective action plan will be written, triggering a second formal evaluation to be completed one year later. The committee will meet with the evaluatee and review the plan to ensure that the evaluatee understands the deficiencies and is given an opportunity to address them. The unit member will participate in periodic (to be decided at the corrective action review meeting) reviews of performance to ensure the corrective action plan is being met. If the unit member does not address the deficiencies in one year, the evaluation will be considered unsatisfactory and will follow the sequence outlined below, except in the case of non-tenured unit members for which an unsatisfactory evaluation may be considered cause for non-renewal of the member’s contract. For tenured unit members, a satisfactory evaluation will cause the member to return to the three-year evaluation cycle. For non-tenured unit members, a satisfactory evaluation will cause the member to proceed on the tenure track without a corrective action plan.

ii. “Unsatisfactory” Evaluation

a. In the case of an unsatisfactory evaluation, a corrective action plan will be written and a second formal evaluation will be required within one year following the corrective action plan meeting. Once a unit member receives a satisfactory evaluation, s/he will return to the three-year evaluation cycle.

b. A second unsatisfactory evaluation will result in further remediation and the loss of any step increase on the salary scale for the next year, except in the case of non-tenured unit members for which a second unsatisfactory evaluation may result in a non-renewal of the member’s contract. If the unit member is at the top of a column s/he shall retreat back one step. Compensation, according to state law cannot be less than the previous year, therefore members shall only retreat one step if there is an additional COLA or % raise in compensation. A third consecutive unsatisfactory evaluation will result in termination.
10. Unit members in a corrective action status may not teach overload or have any extra duty assignments, e.g. Division Chair, Academic Senate President, Staff Development Coordinator, Union President, or other duties listed in the Appendix.

11. To accommodate unit members who desire more frequent, or extensive feedback regarding their teaching, the instruction office will make student evaluation questionnaires available upon request and will secure the completed forms until after grades are posted for the class. Substitutes will be provided to allow for additional peer evaluation visits. The results of these informal off cycle student and peer evaluations will be for the unit member's personal use and will not be part of the formal evaluation process.

12. The supervisor of all of the following faculty members is:
   a. Teaching Faculty: Chief Instructional Officer
   b. Library Director: Chief Instructional Officer
   c. Inst. Resource Center Director: Chief Instructional Officer
   d. Counselors: Chief Student Services Officer
   e. Intercollegiate Coaches: Dir. of Athletic Operations and Events
   f. Coaches (teaching): Chief Instructional Officer
   g. If other faculty members are hired, or have their positions redesigned in any way, they will be assigned a supervisor.

II. EVALUATION OF TEACHING FACULTY

1. The unit member will prepare the following materials and submit them to the Chief Instructional Officer by the end of the first week of November.
   a. A self-evaluation report listing accomplishments and goals for improvement since the previous evaluation.
   b. A collection of instructional materials used in the three-year evaluation period including syllabi, handouts, exams, SLO assessment, etc.

2. The peer evaluators will consult with the evaluatee and will visit at least two different classes taught by the evaluatee in the fall semester. The peer evaluators will complete the peer evaluation forms provided by the instruction office. The peers will then prepare a summary report of their evaluations and will submit the summary to the Chief Instructional Officer by the end of the first week of December.

3. Tenured Faculty will select a student in two different classes (preferably the classes visited by peers) to be responsible for the student evaluation (Non-Tenured Faculty will have all classes evaluated). The student will collect the student evaluation forms from the instruction office and will instruct the class in filling out the evaluations. The student will seal the completed evaluation forms in an envelope and will deliver it to the instruction office. The student evaluation process needs to be completed by the end of the 12th week of the semester.
4. The evaluation documents for teaching faculty consist of a Self-Evaluation, a Peer Evaluation, an Administrator Evaluation, and a Student Evaluation. These are listed in the Appendix and are available in the instruction office.

III. EVALUATION OF NON-TEACHING FACULTY

The evaluation procedures for non-teaching faculty are to be consistent with the evaluation of teaching faculty and shall include a professional duties evaluation.

1. The evaluatee will prepare the following materials and submit them to the Chief Instructional Officer by the end of the first week of November.

   a. A Self-Evaluation form for Library Director, and Instructional Resource Center Director must be completed and returned to the CIO.
   
   b. A collection of non-instructional and instructional materials, as applicable used in the three-year evaluation period related to the operation of their facility, including procedures, policies, and record keeping.
   
   c. Non-teaching positions with grant management responsibilities are required to provide grant compliance and performance information.

2. Center-specific evaluation forms will be made available and will follow the student evaluation process above. If two “classes” are not available for review, the evaluatee will identify two groups of students. Students are not to be individually selected. The identified groups will be presented to the Chief Instructional Officer for review and approval.

3. Remaining steps in the evaluation process follow the faculty process listed above.

4. The evaluation documents for non-teaching faculty consist of a Self-Evaluation, a Peer Evaluation, an Administrator Evaluation, and a Student Evaluation for the Library Director and for the Learning Center Director.

IV. EVALUATION OF COUNSELORS

The evaluation procedure for Counselors is to be consistent with the evaluation of teaching faculty and shall include a professional duties evaluation.

1. In the fall of the year in which a unit member is to be evaluated, the Chief Student Services Officer will notify the unit member and the unit member’s division chair of the evaluation and will provide them with appropriate instructions and forms. This will be done by the end of the first week of September.

2. The evaluatee will prepare the following materials and submit them to the Chief Student Services Officer by the end of the first week of November.
a. Self-Evaluation Form for Counselor.

b. A collection of non-instructional and instructional materials, as applicable used in the three-year evaluation period related to their counseling duties, including procedures, policies, and record keeping.

3. The Chief Student Services Officer will select one faculty member and the Chief Instructional Officer will select one classified employee familiar with the counseling operation to complete the Peer Evaluation of Counselor-Director/Coordinator form. The counselor may reject one of the peer evaluators. The Chief Student Services Officer will select a replacement. These forms will be delivered to the Chief Student Services Officer by the end of the first week of December.

4. The student evaluation forms will be made available to students and will be collected by a student named by the unit member. Completed forms will not be made available to the unit member. They will be sealed by the selected student and delivered to the Chief Student Services Officer. The student evaluation process needs to be completed by the end of the second week of November.

5. The Chief Student Services Officer will receive all of the evaluation materials described above by the end of the second week of November. The Chief Student Services Officer will follow the process outlined in the faculty section above (substituting CSSO for CIO).

6. The evaluation documents for Counselors consist of a Self-Evaluation, a Peer Evaluation, an Administrator Evaluation, and a Student Evaluation, and are available in the instruction office.

V. EVALUATION OF HEAD COACHES

1. In the fall of the year in which a unit member is to be evaluated, the Chief Instructional Officer and the Dir. of Athletic Operations and Events will notify the unit member and the unit member’s division chair of the evaluation, and will provide them with the appropriate instructions and forms. This will be done by the end of the first week of September.

2. The Chief Instructional Officer will evaluate the coach’s teaching duties (see article 16) in the same manner as used for teaching faculty. The same requirements, forms, procedures and deadlines will be used, except that the peer evaluation will be reported using the Peer Evaluation of Head Coach form.

3. The Dir. of Athletic Operations and Events (DAOE) will evaluate the Head Coaches on their intercollegiate coaching duties (see article 16) using the Administrative Evaluation of Head Coach form. The DAOE will solicit feedback from the assistant coaches in a systematic manner and summarize the feedback as appropriate in the administrative evaluation. Additionally, the CIO may also solicit feedback from assistant coaches as needed to gather information about the coach’s instructional performance with the team.

4. The CIO/DAOE will receive all of the evaluation materials described above by the end of the second week of December. The CIO & DAOE will meet and review all of the materials and may determine if an evaluation step needs to be redone, additional evaluation needs to be conducted, and/or if corrective action is needed. If the evaluation is satisfactory, the CIO & DAOE will prepare a summary report that will be
reviewed with, and signed by, the evaluatee. The summary report will become part of the unit member's personnel record.

If the CIO & DAOE decide that there is a problem with the evaluation, they will follow the same procedure of remediation described in the evaluation of teaching faculty.

5. The evaluation documents for Head Coaches consist of a Self-Evaluation, a Peer Evaluation, an Administrator Evaluations, and a Student Evaluation are available in the instruction office.

6. Head Coaches also must have a Teaching Faculty Evaluation as described in 12.II.

VI. EVALUATION FORMS

All evaluation forms are listed in Appendix C and are available in the instruction office.

ARTICLE 13
TENURE

I. TENURE PROCESS

Evaluation and then the Tenure Evaluation consist of the following separate elements or steps:

A. Evaluation Process
   1. The following Evaluations are required to be completed in the evaluation process
      a. Self-Evaluation (as defined in II G below and Article 12 – Evaluation)
      b. Student Evaluation (as defined in II F)
      c. Peer evaluation, classroom visit, individual evaluations (as defined in II, D, 3)
      d. Administrator evaluation (as defined in II H)

   2. Evaluation reports
      a. Peer evaluation panel looks at self-evaluation and student evaluations and drafts a panel evaluation. Panel evaluation is passed to CIO for review prior to delivery.
      b. CIO reviews panel evaluation and either asks panel to deliver only the panel evaluation or to deliver all evaluation findings or asks panel to meet with the CIO first to discuss evaluation findings and delivery.
      c. If CIO has not delegated the delivery of all evaluation findings the CIO will meet with the evaluatee and review remaining evaluations.
B. Tenure Evaluation Committee Process

1. Tenure Panel (as identified in III, D) reviews the following documents generated through the evaluation process
   a. Self-Evaluation
   b. Student Evaluation
   c. Peer evaluation
   d. Administrator evaluation

2. After reviewing the evaluation documents the Tenure Panel completes the following Tenure Evaluation reports (as identified in III E&F)
   a. Tenure Evaluation Committee formulates a response to faculty member either accepting the panel evaluation, or expand on it. The Committee will also identify opportunity areas or goals. The Committee is responsible for recommending continuation suspension or termination of Tenure to the Board.
   b. The Committee delivers their response to the faculty member.
   c. Faculty member reviews and signs the response acknowledging receipt.

II. TENURE EVALUATION

A. Evaluation for non-tenured unit members shall include the same procedures as for tenured faculty in addition to the changes or additional procedures below.

B. Non-tenured unit members shall receive a tenure evaluation once a year during the four-year tenure process. Additional evaluations may be scheduled as needed. Additional evaluations will be reviewed by the Tenure Evaluation Panel at its next tenure evaluation.

C. Unit members shall be evaluated according to the following criteria with special attention paid to:

1. Expertise in their subject matter
   a. Inspection of teaching or program material

2. Effectiveness of instruction or, in the case of non-teaching faculty, performance of their specific duties
   a. Student evaluation
   b. Classroom or worksite visitation
   c. Peer evaluation
   d. Submission of satisfactory instructional or non-instructional materials

3. Acceptance of professional responsibilities, i.e., college service, community service and professional development.
   a. College service as demonstrated by successful committee work, work with student or community program in addition to normal student-faculty relationship.
   b. Professional development by meeting all contractual obligations related to flex activities and deadlines, and engaging in demonstrable activities to keep abreast of current developments in his/her field and teaching/learning.

4. Effectiveness of communication with students, staff, and the community at large.
D. The Evaluation of non-tenured faculty members differs slightly from the regular evaluation process in the following procedures:

1. Peer Evaluation Process: The composition and selection of the panel shall be one regular faculty member selected by the evaluatee, one selected by the Chief Instructional Officer. A third member shall be selected by the faculty member's divisional chair. The evaluatee has the right to reject the first faculty member selected by the divisional chair. If this right is exercised, a second faculty member shall be chosen by the divisional chair. This selection is final. One faculty member should be the faculty member closest to the unit member's discipline and s/he should be the chairperson.

2. Panel members shall not be informed of their selection until the full composition of the panel is finalized.

3. The evaluation panel's report shall consider the faculty member's performance in meeting the responsibilities of his/her position. The panel member duties are as follows:
   a. The panel shall have a preliminary meeting and agree upon a committee chair. The panel's duties (in this article) are to be pointed out.
   b. Each panel member shall review the evaluatee's self-evaluation and instructional or non-instructional materials.
   c. Each panel member shall conduct at least one classroom or center visit and evaluate the evaluatee using the designated classroom or center evaluation form.
   d. The panel will subsequently meet to discuss the individual evaluations and to formulate a panel evaluation.
   e. The individual evaluations are to be attached to the panel evaluation and submitted to the CIO.

4. CIO reviews panel evaluation and either asks panel to deliver only the panel evaluation or to deliver all evaluation findings or asks panel to meet with the CIO first to discuss evaluation findings and delivery

5. If CIO has not delegated the delivery of all evaluation findings the CIO will meet with the evaluatee and review remaining evaluations.

6. A written report of the findings of the panel will be prepared by the panel chairperson and signed by the faculty member (Faculty member's signature acknowledges only that he/she has received and read the report.), as well as, in the case of unanimity, by each member of the panel. The completed evaluation will be returned to the Chief Instructional Officer with a copy to the faculty member and a copy to the district personnel office file.

7. Individual reports may be submitted with copies to the evaluatee if there is not a unanimous agreement by the committee members.
E. Guidelines for Evaluation by the Evaluation Committee

As you work with these guidelines, please keep in mind the following things:

1. The timelines are important to the overall process, but they are intended neither to be traps for candidates or committee members nor technicalities by which the entire process can be invalidated. Non-prejudicial procedural errors shall not serve to invalidate the recommendation of the committee.

2. The timelines are intended to be a guide to the tasks that need to be performed. They provide a recommended schedule for accomplishing those tasks. Committees may decide to complete the various steps of the process somewhat earlier than the timelines provide, and special circumstances may necessitate a later schedule. However, the committee members must be aware of the need to complete their tasks prior to the mandated deadline. The timelines established in the guidelines are an effort to allow committee members to visit the candidate, identify areas that may need improvement, schedule further visits if necessary, meet to prepare their report, and present their report to the Tenure Review Committee.

The chair of the Evaluation Committee is responsible for preparing a written schedule of committee meetings, activities and visitations. The committee shall send a copy to the probationary faculty member within five working days of the committee's first meeting with the candidate.

The timelines outlined in the guidelines apply to all members of the Evaluation Committee except the Chief Instructional Officer due to the number of Evaluation Committees (upon which the CIO serves). The Chief Instructional Officer is not required to meet with each committee on a regular basis, but may meet with each committee prior to the beginning of the evaluation process and shall meet with the committee chair or the committee at the completion of the committee recommendation process.

3. In unusual circumstances, an Evaluation Committee may determine that it is necessary to deviate from the process outlined in the guidelines. In such cases a written request should be submitted to the Chief Instructional Officer outlining the process deviations and the reasons for the request. The CIO shall provide a timely response to such requests, including notice to the candidate if the request is granted. Committees are encouraged to meet more frequently than the guidelines provide if they feel it is necessary or advisable.

4. If the evaluations of a candidate by committee members reveal that improvement will be needed in order for the committee to make a recommendation that the candidate be retained, the Chief Instructional Officer should be informed of the candidate's performance and kept updated on his or her progress.

5. The evaluation by individual committee members should be based upon the committee member's visitation(s), discussions with the candidate, review of pertinent written material, or other relevant firsthand information known or observed by the committee member.
The recommendation of the Evaluation Committee should be based on the evaluations of the individual committee members and evaluation of the candidate's overall performance with regard to his or her additional professional responsibilities, including his or her participation in the life of our professional community. The information needed to evaluate the candidate's overall performance may be provided by the Division Chair, the Chief Instructional Officer, or any other member of the committee with firsthand knowledge of the candidate's performance. Other faculty or staff members with serious concerns about a candidate's performance, based on significant personal experience, may bring those concerns to the Division Chair or the Chief Instructional Officer.

6. The chair of the Evaluation Committee should be the faculty member most closely related to the evaluatee's discipline. This assignment, however, brings with it certain responsibilities that, in the event of a committee recommendation for denial of tenure, can place a faculty member in a very difficult position. There is strong belief that providing advice and input on Evaluation Committees is an important faculty role. It is also believed by faculty that the ultimate hiring and firing recommendation belongs to the Tenure Review Committee of the College. It is however understood that the Board ultimately grants Tenure (as described in II, D below). Faculty should be allowed to serve as committee chair if they choose, but any committee member who wishes not to serve should be free to decline.

7. The Evaluation Committee will follow the tenure policy and college policies. The Evaluation Committee shall give the Tenure Review Committee of the College its recommendation after evaluation. The recommendation of the Evaluation Committee will be based primarily on:

   a. Evaluation by the faculty members of the Evaluation Committee of classroom performance, adherence to contractual obligations, and professional responsibilities;

   b. Evaluation by the students;

   c. An assessment of the faculty member's performance of his or her assigned duties, based on personal observation by the Chief Instructional Officer for teaching and non-teaching faculty, the Chief Student Services Officer for counselors, and the Dir. of Athletic Operations and Events for head coaches.

   d. In addition, the recommendation about tenure will be strongly guided by information and material the faculty member is able to present demonstrating commitment to the college and the faculty member's profession as reflected in matters including but not limited to committee or task group membership; participation in relevant state, or national professional organizations; publication of scholarly works; special contributions to the review and development of curriculum or other special service to the college or district.

F. Student Evaluation

1. Non-tenured faculty will submit the student evaluation in the first semester of employment and each anniversary semester, as follows:
   a. Teaching Faculty shall be evaluated in every class section.
b. Non-Teaching Faculty shall be evaluated by a cohort of students who have accessed the services of the non-teaching faculty member.

c. Counselors shall be evaluated by a cohort of students.

d. Head Coaches shall be evaluated by team members and as teaching faculty as well.
   (Note: Cohort is a group of at least 25 students who have accessed the services of the Counselor, center director or the non-teaching faculty member)

G. Professional Duties and Self Evaluation

1. Professional Duties are the responsibility of all teaching faculty, counselors, and non-teaching faculty. These duties consist of but not limited to: overload, shared governance activities, committee work, union work, professional development, community work, scholarship committees, selection committees, conferences, advising students, Vocational Olympics, articulation, matriculation, training, seminars, retention, recruiting, and student activities, whether or not remuneration was received. A unit member shall participate in any of these at any level based on the objective criteria in the professional services evaluation sheet or to the mutual satisfaction of his or her division chair and either the Chief Instructional Officer, the Chief Student Services Officer, or the Dir. of Athletic Operations and Events, whichever is assigned as supervisor.

2. Additional Self-evaluation material is also submitted as described in Article 12.

H. Administrative Evaluation

1. Non-tenured faculty members will submit their instructional materials including evaluation instruments (tests) to the Chief Instructional Officer including course syllabi for courses s/he is presently teaching.

2. Non-tenured faculty will also submit a list of college service and professional development activities in which the faculty member has engaged.

3. The Chief Instructional Officer may make a classroom or center visitation and evaluate the performance of a teaching and/or non-teaching faculty member. The Chief Student Services Officer may visit and observe a counselor in his or her counseling environment. The Dir. of Athletic Operations and Events may visit and observe the head coaches during his or her intercollegiate sport class. This step shall take place between the 9th and 12th week of the semester.

4. The Chief Instructional Officer, Chief Student Services Officer, or the Dir. of Athletic Operations and Events (as appropriate) and the faculty member shall meet and discuss the administration evaluation unless already presented as described above.

I. Summary

1. The Chief Instructional Officer shall write a narrative summary for Teaching Faculty, the Library Director and Learning Center Director, and Head Coaches by January 31 of each contract year. These narrative summaries shall be based on the evaluation forms found in Appendix C.
2. The Chief Student Services Officer shall write a narrative summary for each of the Counselors being evaluated by January 31 of each contract year. These narrative summaries shall be based on the evaluation forms found in Appendix C.

3. The Dir. of Athletic Operations and Events shall write a narrative summary for each of the Head Coaches being evaluated by January 31 of each contract year. These narrative summaries shall be based on the evaluation forms found in Appendix C.

4. The unit member shall acknowledge through signature that he or she has reviewed a copy of the evaluation and that it has been discussed in conference with the Chief Instructional Officer or his/her designee. The unit member may attach a written statement of exception to any or all specific portions of the final evaluation. All summary evaluation documents used in the evaluation by the unit member shall become part of the unit member's personnel file.

5. Areas in need of improvement shall be clearly identified and suggestions made by CIO as to possible resources available to aid in such improvement. Any unit member for whom a remediation plan has been established will receive priority for faculty staff development funds to implement the plan.

III. TENURE REVIEW PROCESS

A. Philosophical Principles

The period during which prospective members of the permanent Feather River College faculty are reviewed for tenure is best understood as a continuation of our District's search and selection processes. Indeed, the recommendation we make to the Board of Trustees to grant tenure is a more important recommendation than the initial decision to hire.

When tenure is granted, it is with the intention that the faculty member will become a permanent part of our community, and he or she is granted a lifetime license to practice his or her profession at Feather River College. Both community membership and such professional licensure carry special privileges and special obligations. Thus the review period for tenure becomes that crucial interval within which we create the future of our colleges, we limit or expand their vision of that future, and we enhance or diminish the quality of the educational opportunity that our enormously diverse students are provided when they enter our doors.

Feather River College's approach to this period is based on the premise that the tenure recommendation is best formed by a partnership of faculty and administrative colleagues, and students through the student evaluation process, a partnership in which the perceptions of each inform the others.

We wish to demystify this process and to make it as meticulously fair and humane as possible. But we must also acknowledge the inevitability of three facts: 1) that it is an arduous and potentially stressful time of review and evaluation at the conclusion of which a decision-sometimes a negative one-must be made; 2) that, strive as we may, we are imperfect people and so are the processes we devise for decision
making; and 3) that negative decisions, when called for, are as painful and difficult as they are necessary to the future effectiveness of our institutions.

B. Statement on Professional Ethics

The following Statement on Professional Ethics was adopted by the Council of the American Association of University Professors in April 1966 and endorsed by the 52nd annual meeting as association policy.

1. Faculty members, guided by a deep conviction of the worth and dignity of the advancement of knowledge, recognize the special responsibilities placed upon them. Their primary responsibility to their subjects is to seek and to state the truth as they see it. To this end they devote their energies to developing and improving their scholarly competence. They accept the obligation to exercise critical self-discipline and judgment in using, extending, and transmitting knowledge. They practice intellectual honesty. Although they may follow subsidiary interests, [they] must never seriously hamper or compromise their freedom of inquiry.

2. As teachers, faculty members encourage the free pursuit of learning in their students. They hold before them the best scholarly standards of their discipline. They demonstrate respect for the student as an individual, and adhere to their proper role as intellectual guides and counselors. They make every reasonable effort to foster honest academic conduct and to assure that evaluation of students reflects their true merit. They respect the confidential nature of the relationship between faculty member and student. They avoid any exploitation of students for private advantage and acknowledge significant assistance from them. They protect the academic freedom of students.

3. As colleagues, faculty members have obligations that derive from common membership in the community of scholars. They respect and defend the free inquiry of their associates. In the exchange of criticism and ideas, they show due respect for the opinions of others. They acknowledge their academic debts and strive to be objective in their professional judgment of colleagues. They accept their share of faculty responsibilities for the governance of their institution.

4. As members of their institutions, faculty members seek above all to be effective teachers and scholars. Although they observe the stated regulations of their institutions, provided the regulations do not contravene academic freedom, they maintain their right to criticize and seek revision. They determine the amount and character of the work they do outside their institution with due regard to their paramount responsibilities within it. When considering the interruption or termination of their service, they recognize the effect of their decisions upon the program of the institution and give due notice of their intentions.

5. As members of their community, faculty members have the rights and obligations of all citizens. They measure the urgency of these obligations in the light of their responsibilities to their subject areas, to their students, to their profession, and to their institutions. When they speak or act as private persons, they avoid creating the impression that they speak or act for their colleges or universities. As citizens engaged in a profession that depends upon freedom for its health and integrity, faculty members have a particular obligation to promote conditions of free inquiry and to further public understanding of academic freedom.

C. The Process
Representatives of the Academic Senate, the Administration, and the Union developed the Four Year Tenure Process.

This process has been developed to implement the Board of Trustees' policy on tenure review and to provide a framework within which the evaluation committees can perform the crucial task of evaluating a candidate for permanent status on our faculty.

D. Tenure Process Statement

The Tenure Review Committee of the College will be composed of:

1. Chief Instructional Officer
2. President of the Academic Senate
3. President of the Union
4. The Division Chairs
5. The chair of the evaluation committee, who should be the faculty member in the discipline or most closely related to the evaluatee's discipline.

The Tenure Review Committee Chair shall be the Chief Instructional Officer.

In the first, second, and third years of the non-tenured faculty member's tenure process the Tenure Review Committee of the College will review all tenure recommendations coming from Evaluation Committees and will make a recommendation to the Academic Senate in each of the first three years. The Academic Senate shall in turn make a recommendation to the President, who will make a recommendation to the Board of Trustees. If the President does not make the same recommendation as the committee to the Board of Trustees, the President will explain in writing to the Academic Senate President and to the Chair of the Tenure Review Committee, stating his or her reasons, before making a recommendation to the Board of Trustees.

In the fourth year the Tenure Review Committee of the College will review all tenure recommendations coming from Evaluation Committees as well as all recommendations coming from previous Tenure Review Committees and will make a final recommendation to the Academic Senate, who shall in turn make a final recommendation to the President, who will make a recommendation to the Board of Trustees. If the President does not make the same recommendation as the committee to the Board of Trustees, the President will explain in writing to the Academic Senate President and to the Chair of the Tenure Review Committee, stating his or her reasons, before making a recommendation to the Board of Trustees.

E. Criteria for Evaluation of Faculty for Tenure

In addition, the following criteria are intended to further delineate common areas of performance to be evaluated during the Tenure Review process. The list is not all-inclusive and is not intended to eliminate from consideration additional standards of performance common to the profession.

1. Excellent performance in classroom teaching or in carrying out other primary responsibilities specifically listed in the employment job description including, but not limited to:
   a. Currency and depth of knowledge of teaching field or job duties;
b. Proficiency in written and oral English enabling clear, effective communication to students and colleagues;

c. Use of teaching methods and materials challenging to the student and appropriate to the subject matter, responsive to the needs of the students, and consistent with departmental practices; this is not intended to discourage within a department a variety of successful pedagogical approaches to learning;

d. Careful attention to effective organizational skills in the classroom or work site; and

e. Consistent responsibility in fulfilling official college requirements as well as departmental agreements.

2. Respect for students' rights and needs by demonstrating:

   a. Patience, fairness, and promptness in the evaluation and discussion of student work;
   b. Sensitivity and responsiveness to the needs of individual students and their special circumstances, when appropriate;
   c. Maintenance of contractual obligation to regular and timely office hours; and
   d. Sensitivity to the diverse ways students learn.

3. Respect for colleagues and the teaching profession by:

   a. Acknowledging and defending the free inquiry of their associates in the exchange of criticism and ideas;
   b. Recognizing the opinions of others;
   c. Acknowledging academic debts;
   d. Striving to be objective in their professional judgment of colleagues;
   e. Acting in accordance with the ethics of the profession (see Statement below) and with a sense of personal integrity; and
   f. Working in a spirit of cooperation to develop and maintain a collegial atmosphere among faculty and staff.

The following standard is illustrative of the performance expected of permanent faculty. Probationary faculty after their first probationary year are expected to show increasing participation in such professional growth activities.

4. Continued professional growth demonstrated by:

   a. Increasing participation in self-initiated professional activities such as course work, attendance at workshops, seminars, and professional meetings;
   b. Participation in publications, conference presentation, artistic exhibit, classroom research, development of new curriculum, and community involvement specifically to academic area; and
   c. Other appropriate activities as enumerated in the professional services grid or similar grid.
   d. The Tenure Review Committee will scrutinize each year's professional services activities and will consider the cumulative reports.

F. Guidelines for Evaluation by the Tenure Review Committee
1. The timelines are intended to be a guide to the tasks that need to be performed. They provide a recommended schedule for accomplishing these tasks. Special circumstances may necessitate a later schedule; however, the Tenure Review Committee members must comply with legally mandated guidelines.

The chair of the Tenure Review Committee is responsible for preparing a written schedule of committee meetings and activities with a copy to the probationary or contract faculty member within five working days of the committee's first meeting with the candidate.

2. The timelines are important to the overall process, but they are intended neither to be traps for candidates nor technicalities which the entire process can be invalidated. Non-prejudicial procedural errors shall not serve to invalidate the recommendations of the committee.

3. In unusual circumstances, an Evaluation Committee may determine that it is necessary to deviate from the process outlined in the guidelines. In such cases, a written request should be submitted to the Chief Instructional Officer outlining the process deviations and the reasons for the request. The CIO shall respond to such requests within two working days, including notice to the candidate if the request is granted.

4. The tenure review by individual committee members should be based upon:

   a. Each year's evaluation by the Evaluation Committee including:
      i. Self-evaluations
      ii. Peer evaluations
      iii. Professional services evaluations
      iv. Administrative evaluations
      v. Student evaluations
      vi. Classroom, center or work site evaluations
      vii. Classified evaluations

   b. Each year's evaluation by the Tenure Review Committee

   c. Any remediation processes

5. The Tenure Review Committee, however, brings with it certain responsibilities that, in the event of a committee recommendation for denial of tenure, can place faculty members in a very difficult position. There is strong belief that providing advice and input on Evaluation or Tenure Review Committees is an important faculty role. It is also believed by faculty that the ultimate hiring and firing recommendation belongs to the Tenure Review Committee of the College. It is however understood that the Board ultimately grants Tenure (as described in II, D above).

G. Timelines (Years One-Four) Evaluation Process

   August
   Employment begins for candidates.

   September
   The Chief Instructional Officer (CIO) or his/her designee shall notify each faculty member who is subject to evaluation no later than September 15.
In consultation with the division chairs, the CIO will establish evaluation committees and select committee chairs. If an issue arises in which a committee chair objects to their assignment, the CIO will work with the division chairs to select an appropriate alternate.

Between the 10th and 11th weeks of classes, the faculty member being evaluated will receive the student evaluation packet in their mailboxes. The evaluatee will appoint a student to distribute the forms in class. Once the forms have been completed, they are to be returned in the sealed envelope to the Office of Instruction mailbox/office by the student. Student evaluations will be completed by the end of the 12th week of classes.

Evaluation Committees meet and establish work schedules.

Peer visitations will be conducted between the 9th and 13th week of the semester.

Candidate furnishes committee members with written self-evaluation materials appropriate for evaluation by the last working day in October.

Committee chair will ensure that the evaluation committee meets with candidate by the sixteenth week of the fall semester to discuss findings.

CIO meets with candidate for the administrative evaluation.

Evaluation Committee members meet to review peer, student, and administrative evaluations and complete the panel evaluation form.

The Tenure Review Committee meets with the candidate who will receive copies of the panel evaluation, the administrative evaluation, and the student evaluation. Areas in need of improvement shall be clearly identified and suggestions made as to possible resources available to aid in such improvement.

The faculty member may respond to the evaluation.

If necessary, the Tenure Review Committee may reconvene to review faculty response to their evaluation. If necessary the Tenure Review Committee will approve a remediation plan to ensure faculty improvement.

The CIO will make the recommendation of the Tenure Review Committee to the Academic Senate which in turn makes its recommendation to the Superintendent/President who submits her/his recommendation to the Board of Trustees. If the President does not make the same recommendation as the committee's to the Board of Trustees, s/he will explain in writing her/his
reasons why to the Academic Senate President and to the Tenure Review Committee before making her/his recommendation to the Board of Trustees.

March 15

The Board of Trustees gives written notice of its decision to the employee by registered or certified mail to the most recent address on file with the Personnel Office.

1 In this instance, the Academic Senate President may determine that the Academic Senate Executive Committee acts on behalf of the Senate. If any action taken, the Academic Senate will maintain confidentiality of proceedings and honor the provisions of California’s current open meeting laws and public record laws. The Academic Senate President may seek the advice of counsel through the Superintendent/President.

A copy of the decision rendered by the first level manager shall be attached to the grievance.    4. A listing of the specific remedies requested by the grievant;

   5. A request for a conference with the appropriate manager, if desired.

   **Step 3**
   If the grievant is not satisfied with the disposition of the grievance at Step 2, he/she may file for a Step 3 hearing, before the Superintendent/President. The appeal shall include a statement of the reasons why the Step 2 resolution is unacceptable to the grievant.
Such filing shall be on the form supplied by the District. It shall have attached to it copies of the written Step 2 grievance, and, where applicable, the Step 1 written resolution and the Step 2 written decision.

A grievant who files for a Step 3 hearing shall do so within twenty (20) days of his/her receipt of the Step 2 written decision. A grievant not complying with this time requirement will be deemed to have waived his/her right to a Step 3 hearing. **Step 4 - Advisory Arbitration - Dispute Resolution**

2. The arbitrator's expenses, including any per diem fees, actual and necessary travel and subsistence expenses, and other fees and expenses, including a court reporter, shall be shared equally by the parties. Other expenses shall be borne by the parties incurring them. Neither party shall be responsible for the expense of witnesses called by the other.

   a. Notwithstanding the above paragraph, where an arbitrator's recommendation is in favor of the grievant, and the Board reverses such recommendation, the District agrees to pay the full cost of the arbitrator's fees and expenses. Conversely, where an arbitrator's decision is in favor of the District
and the Federation appeals the affirmed decision to the courts, the Federation agrees to pay the full costs of the arbitrator's fees and expenses.

3. Advisory arbitration awards shall be in writing and furnished each party to the hearing.

Step 5 - Board of Trustees

1. With Advisory Arbitration:

   a. The Board shall consider the arbitrator's decision in public or closed session at the mutual consent of the grievant and the Board, at its next regular meeting, after receipt, provided a minimum seven (7) days elapse from receipt until the Board meeting. If mutual consent cannot be reached the meeting shall be in closed session.

   b. The Board may implement the recommendations, may not implement the recommendations in any way, may meet with the Federation to discuss other alternatives, or may take other actions at its sole discretion. The Board may meet with the Federation in public or closed session at the mutual agreement of both parties. If the Board and Grievant do not agree, the meeting will take place in closed session.

   c. The Board shall, within twenty (20) days thereafter, submit its decision, in writing, to the Federation.

   d. The decision rendered shall be final as to the District except to appeal a court decision in favor of the Federation. The Federation reserves its full legal remedies including recourse to court action.

2. Without Advisory Arbitration:

   a. The Board shall consider the appeal in public or closed session, at the mutual consent of the grievant and the board, at its next regular meeting after receipt, provided a minimum fifteen (15) days elapse from receipt until the board meeting. N. Release Time
Authorized Federation representatives and the grievant shall be released from their regular work duties, without loss of pay or benefits, when grievance resolution meetings are scheduled during their regular working hours.

ARTICLE 21
NEW FACULTY JOB DESCRIPTIONS AND SALARY PLACEMENT

In the interest of preventing unintentional errors and to limit future misunderstandings, the Federation and District have agreed to consult on new faculty job descriptions and to review for accuracy the salary placement of new faculty members.

The Federation understands that the legal right to describe the work to be done by employees (faculty job descriptions) and decisions regarding salary placement reside with the employer (the District). The District does not “give up” or diminish its legal rights to make such decisions in these areas by agreeing in this article to consult and receive advice from the Federation on these two District responsibilities. The District recognizes that such decisions need to conform to the District-Federation agreement where applicable. In the event of a disagreement or unresolved concern, the District will make the final decision. The District decisions related to this article are subject to the grievance process.

ARTICLE 22
SALARY

A. Academic Faculty

1. The District and the Federation are committed to the goal of the “Small College Average”. This average is to include the average of five small colleges (Barstow, Lake Tahoe, Lassen, Palo Verde, and Siskiyou). The average is to be calculated at the highest salary level for a Master’s Degree, including longevity. This calculation is to be done on the most recent salary schedule for each college, for a completed paid year, at the beginning of a contract period.

2. It is further agreed if funding decreases and a fiscal emergency exists that an MOU will be proposed in order to alleviate the fiscal crisis. The MOU will be for the “fiscal crisis” only and salaries shall increase to the “small college average” through agreement thereafter.

3. Effective July 1, 2019, the District will place 1.24% on the salary schedule plus Cost of Living Adjustment (COLA) provided, if any.

4. For the 2020-2021 Cost of Living Adjustment (COLA) will be provided, if any.

5. For the 2021-2022 Cost of Living Adjustment (COLA) will be provided, if any.

6. The District and the Federation agree that a 1.24% salary increase effective July 1, 2019 is meant to reach the small college average as agreed upon.
7. All extra service assignments shall be compensated as set forth in the overload salary schedule shown in the appendix.

8. When a unit member whose compensation is based upon the regular salary schedule is absent for reasons that do not justify the use of any of the forms of authorized leave with pay, a fraction of the employee's annual salary will be deducted. The fraction will be the number of days absent divided by the number of service days in the academic year. This cannot be considered unauthorized leave with the potential for disciplinary action and due process is not waived.

9.

10. Academic Personnel shall have the substitute rate of pay deducted for absence for any other cause not specified in any of the forms of authorized leave with pay, if such absence is approved in advance by the Chief Instructional Offer.

11. Pay periods will be by the calendar month for each month employed with warrants issued according to the District payroll calendar.

12. Tenured faculty members who serve in district administrative assignments shall be credited with each year of administrative service on the faculty salary schedule when returning as a faculty member.

13. In accordance with California Education Code, educational administrators who are qualified and able to retreat into faculty vacancies will be placed upon the faculty salary schedule in accordance with the initial salary placement procedures.

B. **Compensation Adjustment in Case of a Fiscal Crisis**

1. A fiscal crisis is defined as a fiscal year during which the District’s revenues decrease through the funding mechanisms and formulas of state or federal government. This includes only the unrestricted General Fund. Fund balances and reserves shall be used to alleviate any fiscal crisis to the extent agreed upon.

2. The District and the Federation agree to the following values (un-prioritized)
   a. Avoid layoffs.
   b. Maintain FTES and capture all growth funds possible.
   c. Hire no new positions (Grant/Categorical positions are exception; however, there can be no general fund backfill except for the CDC Program and the Bookstore).
   d. It is recognized that the purpose of concessions (if agreed to) is to balance the budget.
   e. Verification of figures is to be validated in the CCFS 311 documents.
   f. Verification of figures in the 50% Law document – by independent audit.
   g. Cut discretionary funding.
   h. Line by line budget review if necessary.
   i. Accurate revenue and expenditures shall be presented through the shared governance process, via the Budget Committee, and shall be presented to the Federation Negotiation Team at regular intervals.
j. Any revenue increases go to compensation on a per constituency basis. Priority will be given to uncontrollable expenses; i.e.: utilities, fringe benefits, and insurance (it is understood that priority will also be given to annual step increases and longevity).

k. Agreed upon use of District reserves, including ending and beginning fund balances and Rural Schools fund set-asides.

l. The District’s cash reserve (currently 5%) will be maintained in accordance with Chancellor’s Office regulations.

m. Disclosure of General Fund amounts that are allocated to the dorms and the fitness center. Monies not allocated shall revert back to restoration; additional amounts spent shall come from the set-aside reserves.

n. STRS and PERS implications are to be recognized, including possible backfills.

o. Any adjustments will be shared on a pro rata basis.

p. Faculty members will be offered Overload, when available, equal to 3 units or more.

3. All options for any type of compensation adjustment are to be considered on a per employee (permanent faculty member) basis and any concessions are to be equitable among said members on a percentage basis. The following options are available on an individual basis. Records shall also be kept on an individual basis to ensure proper restoration.

   a. Furloughs.
   b. Base Salary reduction.
   c. Unpaid Overload
   d. Change in health benefit premium payments.
   e. All 11/12 month faculty may take a percentage cut of their additional month.
   f. Stipends may be reduced (e.g.: Division chairs, Program Coordinators, etc.). Essential duties shall still be performed.
   g. Longevity or step increases may be delayed; however, they will be restored with all yearly increases.
   h. Reduction to part-time load (RWP) shall be recognized as a compensation reduction. (If RWP credit exceeds the member’s % salary concession, the balance will be applied to the whole unit).

4. A Memorandum of Understanding will be drafted in the event of a “fiscal crisis”. The letter will include the start and end date of the fiscal crisis, the percentage of concession required from the Federation, as well as a timeline for implementing stated reductions.

ARTICLE 23
HEALTH AND WELFARE BENEFITS.

A. The parties agree that health and welfare benefits include medical and basic life (offered as part of medical through JPA), life, dental, psychological and vision insurance, (here after referenced as “health and welfare”). The District will offer health and welfare open enrollment which allows members to choose their plan from any medical plan offered the District’s JPA.

B. The parties agree that the District will fully fund the health and welfare plan up to a maximum of the following, per year, per employee: 2019-2020 = $11,471; 2020-2021 = $11,585; 2021-2022 = $11,701.
Health and welfare costs which exceed the above annual amounts will be shared by the District and the employee based on the following schedule. In the event of a fiscal crisis per article 22, the District cap will not increase and the amount in effect at the time of the fiscal crisis shall remain the same.

a. Standard Plan amount minus District contribution See B above plus 50% of the difference between the district contribution and the standard plan. Employee will pay the remaining (50%) difference of the health and welfare plan.

b. Basic Plan amount minus District contribution See B above plus 50% of the difference to the Standard Plan. (Note: District contribution over the plan amount will not be credited to the employee).

c. Premier Plan amount minus District contribution See B above plus 50% of the difference between the district contribution and the standard plan. Employee will pay the remaining 50% to the standard plan plus any additional costs associated with “buying up” to the Premier health and welfare plan.

d. Premier Plus Plan amount minus District contribution See B above plus 50% of the difference between the district contribution and the standard plan. Employee will pay the remaining 50% to the standard plan plus any additional costs associated with “buying up” to the Premier Plus health and welfare plan.

e. Consumer Driver Health Plan, the amount of the plan minus District contribution See B above plus 50% of the difference to the Standard Plan. (Note: District contribution over the plan amount will be credited to the employee’s Health Savings Account up to the allowable IRS limit provided District contribution exceeds IRS limit).

C. Unit members working less than one-hundred percent (100%) of a full-time load (excluding those working a reduced workload under article – 28) are entitled to premium payments pro-rated at the same ratio as their work load bears to full-time service, with the balance due insurance carriers to be paid by the unit member by payroll deduction. Unit members shall be individually responsible for making payment for such monthly amounts as, when added to the amount paid by the District, will equal the total monthly premium required for coverage. Payments of such monthly amounts shall be made by way of payroll deduction. In the event of a premium increase for the plan coverage herein, or for equivalent coverage under a different plan description, the District is authorized to cover such by way of payroll deduction, in order that unit members’ insurance coverage not be jeopardized.

D. The District may change an insurance carrier or administrator or may join in a JPA or a consortium or become self-insured after consultation with the Federation so long as the same level of benefits is maintained as agreed upon per this article or succeeding agreement.

either (a) a decrease in general fund revenue compared to previous year general fund revenue funding, or (b) a mid-year reduction in general fund revenue, the District and Federation agree to meet and discuss options to
alleviate and resolve the aforementioned increased District's health benefit contributions in a collegial, systematic, and campus-wide manner using the criteria described in Article 22.

ARTICLE 24
SENIORITY LIST

A. The District is required to maintain a list reflecting the order of employment of all permanent contract or regular employees in the manner prescribed by Education Code, and to keep a roster of same as a public record. The intent of these statutes is to provide permanent contract and regular employees with their respective order of employment (seniority standing) in the District. (Appendix C-2).

B. Records showing date of employment shall be accessible, on demand, to any academic employee of the District or to his/her designated representative.

C. In the absence of records as to the determination of the first date of rendered paid service in a probationary or permanent contract position, the District, in accordance with evidence presented, shall determine the order of employment after giving employees a reasonable opportunity to present such evidence.

D. Corrections on Seniority List
   The Board shall have the power and it shall be its duty to correct any errors discovered from time to time in its records showing the order of employment. Any faculty member may submit documents for review, which may correct his/her first date of rendered paid service in a probationary or permanent contract position. The President of the Feather River Federation of Teachers shall be notified in writing whenever a change or a correction is made to the seniority list.

E. The first method to determine seniority would be the date the employment contract is signed.

F. Same Employee Contract Signature Date of Paid Service in a Probationary or Contract Position
   Every permanent contract or regular employee who first rendered paid service on the same date in a probationary or permanent contract position shall participate in a single drawing to determine the order of employment.

   1. A drawing shall take place at the District Human Resources Office.

   2. The President and Secretary of the Feather River Federation of Teachers will be notified of the drawing to take place along with affected employees.

   3. Employees who cannot be present or who refuse to participate in the drawing will not be omitted. The employees will be given the opportunity to designate a representative to act in his/her place. This proxy shall be in writing and provided to the office of Human Resources prior to the drawing.

   4. The "drawing date" shall be mutually agreed upon with the President of the Feather River Federation of Teachers.
5. Each person will draw twice.

   a. The first drawing will be according to alphabetical order and will determine the order of
drawing for seniority.
   b. The second drawing will determine actual seniority placement.

6. Whenever the District discovers that an employee has been given an incorrect first date of rendered paid
service in a probationary or permanent contract position, or whenever it is ordered by a court to change
an employee's first date of rendered paid service in a probationary or permanent contract position, it
shall make the appropriate corrections. If the correction results in the employee having a first date of
rendered paid service in a probationary or permanent contract position, it shall make the appropriate
corrections. If the correction results in the employee having a first date of rendered paid service in a
probationary or permanent contract position, the same as one or more employees, the employee's
seniority ranking within this group of employees shall be determined as follows:

   a. The first drawing will be according to alphabetical order and will determine the order of
drawing for seniority.
   b. The second drawing will determine actual seniority placement.
   c. The total number of slips for the drawing shall be the total number of employees with the same
      first date of rendered paid service in a probationary or permanent contract position, including
      those employee(s) to be added to the sequence.
   d. The number drawn shall rank the added employee in the group following the employee's name
      with the same number of the sequence for that first date of rendered paid service in a
      probationary or permanent contract position. (Example: When #2 is drawn, the employee shall
      be placed after the second employee's name on the seniority list with the same first date of
      rendered paid service in a probationary or permanent contract position.)

7. Any determination of an employee's order of employment pursuant to "breaking ties" shall be made
within thirty (30) days of the date service was first rendered by the employee, or thirty (30) days from
the receipt of a judicial order compelling the District to comply.

F. The District shall update the Seniority/Faculty Service Area list each fiscal year by October 1 of each year.

ARTICLE 25
LAYOFFS

The district will utilize the provisions of Section 87740 and 87743 of the Education Code to lay off unit
members for any of the reasons permitted therein. Any dispute over compliance with the requirements of
Sections 87740 and 87743 must be resolved through the statutory layoff appeal procedure and not through the
contract grievance procedure.

ARTICLE 26
DISCIPLINE

The parties hereto agree that the discipline of unit members and appeals shall be pursuant to the provisions of
Education Code Sections 87600, et seq., 87660 et seq.
ARTICLE 27
LEAVES

I. Leave of Absence

A. Effect of Leaves on Faculty Status

1. Faculty members on paid leave shall be granted credit for regular service for the purpose of advancement on the salary schedule. Except as otherwise provided in this Agreement, faculty members on approved leave without pay shall be granted the opportunity of continuing benefits available to other faculty members on a self-pay basis if allowed by the insurer.

2. Faculty members who avail themselves of unpaid leave in this section may be allowed advancement on the salary schedule. Faculty members requesting advancement under this section shall submit such request to the Superintendent/President no later than August 15, and advancement, if granted, shall occur the following academic year. Denial of such advancement shall not be subject to the grievance procedure.

B. Reinstatement

Upon return to service a unit member shall be reinstated in the position held at the time leave was granted, or in a faculty position.

C. Family Medical Leave Act (FMLA)

The parties recognize that Federal and State laws exist that provide certain specified leave benefits to employees. The parties understand and agree that when Federal or State law provides such leave rights, any applicable leaves granted under this agreement are counted concurrently with the Federal and State mandated leave and not counted sequentially.

A. Purpose

The District must grant up to 12 workweeks of unpaid leave during any 12 month period for one or more of the following reasons:

- For the birth and care of the newborn child of the employee or employee’s spouse;
- For the placement with the employee of a son or daughter for adoption or foster care;
- To care for an immediately family member (spouse, child, or parent) with a serious health condition;
- To take medical leave when the employee is unable to work because of a serious health condition.

B. Eligibility

An eligible employee is one who has worked with the District for 12 months (not required to be consecutive) and worked at least 1,250 hours in the 12 months preceding the commencement of the leave.

C. Process
An eligible employee must provide his/her supervisor with 30 days advance notice when the leave is foreseeable. If 30 days’ notice is not practical, due to lack of knowledge or medical emergency, an employee must notify their supervisor as soon as possible. In some circumstances, a supervisor or administrator may determine an employee’s need for FMLA.

All requests for FMLA must be accompanied by medical certification. An employee must provide medical certification, from a licensed physician, supporting a request for leave.

At the time of request, the employee must complete a “Leave Request Form” (Available in the Human Resources office). Once FMLA is requested or designated by the District, the employee will receive an information packet containing the necessary forms, right and duties of the FMLA for both the employee and the District, and a copy of the “FMLA Request Form” confirming their leave status.

Health and Welfare benefits will continue during the FMLA status, provided that they employee make his/her regular, monthly contributions to the plan. Failure to pay premiums will result in a loss of health and welfare benefit coverage.

An employee is required to use, concurrently with FMLA leave, the following paid leaves in the order listed: (1) sick leave available for use.

Employees returning from FMLA status within the 12 week period will be restored to their original position, or to an equivalent position with equivalent pay and benefits.

Employees returning from a medical FMLA status may be required to present medical certification of fitness of duty. Failure to provide a medical certificate of fitness for duty may result in a denial of job reinstatement until medical release is provided.

FMLA may be taken in increments as small as one hour.

FMLA will always begin with paid time off, through the use of Sick Leave, until all available paid time is used.

The medical certification of Health Care Provider serves as a "doctor note" to certify the reason and expected duration of the extended medical leave in writing. All requests for medical leaves must be accompanied by a doctor’s statement verifying your total disability and your estimated date of return to work. Further, the District requires written medical verification of your ability to resume work and a list of restrictions that would directly relate to your ability to perform your job.

Taking of leave may be denied if request and medical certification requirement are not met.
II. Types of Leaves

A. Sick Leave

1. Full-time faculty members shall earn ten (10) days of sick leave for each contract year, to be credited at the first day of the fall semester or quarter of each academic year.

2. Unused portions of sick leave days shall be cumulative on a year to year basis, indefinitely without limit.

3. Sick leave shall be available to each contract or regular faculty member from the first day the member reports for work in each contract period.

4. The District shall provide each faculty member once a year, or upon request of a member, a written statement of the accrued sick leave benefits to which entitled. Such statement shall be provided no later than July of each year. A written statement will be provided to each faculty member, as part of the monthly paycheck summary, the total number of sick leave days he or she has accrued as of the date of the pay disbursement.

5. Any employee who is on paid status while on sick leave, or other paid leave shall continue to earn all employee sick leave benefits to which entitled. An employee who is on leave of absence without pay shall retain all accumulated sick leave benefits, but shall not accrue any additional sick leave benefits during such periods of absence.

6. Sick leave credit received by transfer from the previous employer of a new employee shall be accepted pursuant to the provisions and limitations provided in the Education Code.

7. It shall be the responsibility of the employee to notify the personnel office, in writing, of the name and address of the district by whom he/she was employed, and request credit for the accumulated leave of absence for illness or injury to which he/she is, or was, entitled at the time of separation. Accumulated sick leave shall be transferred to a subsequent employing District, upon written request pursuant to the provisions of the Education Code (Section 87782).

8. Any person utilizing sick leave benefits under provisions of the Article may be required to provide the District with a signed "Certificate of Illness" and, if absent more than five (5) consecutive duty days, or if the District has reasonable belief that such leave is being misused or abused, may be required to provide the college, upon return, with a statement from a physician verifying the nature of the illness or injury, and verifying the employee's fitness to return to duty or probable date of return.

9. All sick leave rights or accumulations shall be canceled when an employee terminates employment with the district. Accumulated sick leave shall be transferred to a subsequent employing District, upon written request pursuant to the provisions of the Education Code (Section 22719).

10. Except in cases of emergency, the employee shall notify the college designated office prior to scheduled duty time on the workday in order to qualify for payment of accrued sick leave and to ensure an authorized leave of absence.
B. Donated Leave

Donated leave is paid leave of absence due to any condition making a unit member eligible for FMLA or verifiable illness, injury or other disabling condition of the employee, the employee’s spouse, parent, child or any person permanently residing in the employee’s household.

Employees who have successfully completed six (6) months in paid status shall be eligible for consideration of donated leave.

When a request for donated leave is necessitated by a verifiable illness, injury or other disabling condition of the employee, the employee shall exhaust leave in the following manner; members with more than 20 days or more of sick leave shall first consume 75% of their accumulated sick leave balance. Those members with less than 20 days shall first consume down to a balance of 5 days of sick leave before being eligible for consideration of donated sick leave.

When a request for donated leave is necessitated by a verifiable illness, injury or other disabling condition of the employee’s spouse, parent, child or any person permanently residing in the employee’s household, the employee shall exhaust leave in the same manner as in the above paragraph.

Employee’s donating leave to another employee must have a leave balance of at least 10 days after donating sick leave. Requests for donated leave must be made by or on behalf of the employee, by submitting a completed Request for Donated Leave form (see Appendix) to the Director of Human Resources/EEO, who will process all requests approved by the Donated Leave Committee pursuant to this agreement. In addition the applicant will be required to submit a medical verification of the need for this leave. The Director of Human Resources/EEO will forward the applicant’s form to the Donated Leave Committee.

Requests for donated leave shall be made by the Director of Human Resources/EEO through a district wide notice.

Unit members may donate sick leave in increments of whole days (6 hours) to a specific eligible employee, by completing and submitting an Offer to Donate form (see Appendix) to the Director of Human Resources/EEO. Donors will be notified of the utilization of their donated leave. Potential donors may wish to verify with STRS/PERS whether their contribution will impact their retirement credit.

C. Bereavement Leave

D. Use of Sick Leave for Personal Necessity

1. A unit member may be granted a maximum of seven (7) days leave of absence in any fiscal year without loss of pay in cases of personal necessity, upon approval of the Dean of Instruction or Dean of Students and confirmation of the decision of the Dean by the Human Resource Director. Three (3) days will be granted as privacy days in which the unit member may take personal necessity days as listed in paragraph 2 but does not have to indicate the reason on the approved District form. Four (4) days will be granted as personal necessity days but the reason must be indicated. All seven (7) days will be deducted from the member's accumulated sick leave.

The Human Resources Director shall have the authority to approve personal necessity leave for reasons not stated in paragraph 2 or when personal necessity leave is required beyond seven (7) days. These extra days shall not exceed fourteen (14) days in two consecutive fiscal years, whether using the preceding year of the following year in the two year calculation. In any one year, only three (3) of the days can be used as privacy days.

2. An unmarried child will be considered an eligible dependent beyond the age specified above if on the date of attainment he/she is incapable of self-sustaining employment because of mental retardation or physical handicap and is principally dependent on the unit member for support and maintenance.

c. A "child" is the unit member's natural born or legally adopted child. An adopted child shall be considered a "child" from the moment the child is placed in the custody of the adoptive parents for adoption; or the unit member's stepchild who resides in the unit member's household in a regular parent-child relationship and is principally dependent on the unit member for his support and maintenance.

5. This leave specially shall not be used to extend holiday or break periods and does not include any recreational use nor any use related to union activity. Such leave as applied for, used, and/or granted must be on matters which cannot be accomplished other than during the unit member's regular working hours, or deferred to a more convenient date or time to accommodate the regular work schedule.

6. Advance notification on the approved District form is required before personal necessity leave may be taken except in emergency cases of death, serious illness or accident, in which cases, the notification shall be as soon as reasonably possible.

E. Industrial Accident and Illness Leave

1. A certificated employee (except temporary and substitute employees) absent from duty because of illness or injury resulting from an accident or condition incurred on duty which qualifies under worker's compensation insurance shall be granted an industrial disability leave for each such accident. The number of days for such allowable leave or leaves shall be for not more than sixty (60) working days in any one academic year.

2. Industrial disability leave shall be granted from first day of disability.

3. Only absences which are supported by a doctor's certificate and have been verified by the district's industrial insurance carrier to be the result of a duty connected injury or illness can be paid under industrial disability leave. Any absence that cannot be so verified shall be charged against the employee's sick leave or other appropriate leaves.

4. Should the employee's absence due to an industrial injury or illness extend beyond sixty (60) days, the employee shall be permitted to use accrued sick leave until temporary disability payments cease, until he/she returns to duty, or until sick leave accrual has been used up, however, in no case to exceed a total of five (5) school months.
5. During any period an employee is receiving his/her regular salary from the District, he/she is required to endorse over to the District all temporary disability payments received from the District's industrial insurance carrier in accordance with Section 87787 of Education Code. Charges to the employee's sick leave balance shall be as follows:

R. Retraining Leave

1. Purpose of Retraining Leave

The District may provide a retraining leave to a unit member. The District may direct a faculty member to undertake such a training leave because of low enrollment in his/her current discipline. Such direction may be refused by the faculty member. In this case the faculty member shall not be subject to Sections 3, 4, 5 below; however such refusal may cause the District to invoke action under Article 23 hereof.

The faculty member receiving such a retraining leave will be required to enroll in an accredited four-year college or university, or other specific program acceptable to the District, which will qualify the individual to teach per California requirements in the authorized subject matter area approved by the District.

In the case of a faculty member who retrains within a program or agency conducted by a private business enterprise or other non-academic agency acceptable to the District, the District shall pay the difference between his/her FRC salary and the salary of the non-academic institution, not to exceed 100% salary. Pursuant to STRS regulations, faculty members will not be eligible for full-time (1.0)
service credits.  While on retraining leave, the certificated faculty member shall not be assigned an extra service assignment.

Four-year college or university units only, earned while on retraining leave, shall count toward advancement on the salary schedule upon receipt of the official transcripts from an accredited institution.

October 15 of each year is the final date for submission of official transcripts for payments in the same academic year if applicable.

9. Service Obligation

Recipients shall contract to serve the District for a period equal to twice the length of the leave after completion of a retraining leave.  The grantee shall indemnify the District against loss in the event of failure to render such a period of service after return from retraining leave by furnishing suitable bond, or by executing a contract in the form approved by the Board of Trustees binding the faculty member to return for at least the above period.

It is the faculty member’s responsibility to identify a qualified substitute for all classes missed.

3. In considering a faculty member’s request, the District will evaluate the future benefit to the campus as a whole. A granted request for Special Wellness/ Educational Leave will be non-precedent setting. In addition, the District is under no obligation to repeat the approval for a similar request.

4. The District may require the faculty member to share knowledge gained on such a leave as apart of a subsequent professional development activity.

T. **Unauthorized Absence from Duty**

It is the responsibility of a unit member to maintain and post their schedule, pursuant to Article 16, Section A, 5. An unauthorized leave of absence is defined as failure to report to work as scheduled, without proper notification. Proper notification is defined in Section B above: except in case of emergency, the unit member shall notify the college designated office prior to scheduled duty time on the workday of any leave of absence.

The parties agree that an unauthorized leave of absence, one which exceeds two (2) working days beyond any approved leaves granted pursuant to this agreement, may lead to disciplinary action. Any unauthorized leave of absence that exceeds five working days will constitute “abandonment of position” and may lead to further disciplinary action, up to and including, termination.

The District and Federation understand that emergencies and events beyond a unit member’s control are always a possibility. Therefore, before any action may be taken regarding an unauthorized leave of absence, the District and Federation agree to do the following:

- The District will immediately contact the President of the Federation, or authorized representative, regarding an unauthorized leave of absence.

- Every possible attempt to contact a missing faculty member will be exhausted. This includes:

ARTICLE 30
EARLY RETIREMENT INCENTIVE

This article shall apply only to faculty members hired after August 20, 1990 and remain in effect only until 6/30/22 after which this article will be withdrawn.

A. A payment to the retiree based on the unit member’s on-load 10 month current salary (salary in the year notice of early retirement is given) minus the existing Column D, Step 3 rate for academic faculty will be made by the District.

Example: If a unit member’s on-load 10-month salary excluding longevity is Column E Step 18, then the retiring faculty member will receive a one time lump sum payment equal to Column E Step 18 minus Column D, Step 3 in the first year of retirement pursuant to the schedule in Section D below.

B. Notification to the Superintendent/President or his/her designee must be made by the faculty member of his/her intention to retire early by October 1 in the fiscal year of early retirement.

C. All faculty members with ten (10) or more years of service in the District are eligible to participate provided they conform to this Article and enter into a qualified retirement program (STRS/PERS). Service shall be calculated from the first day of hire to the final day of employment; and if not continual service, appropriate deductions shall be made. Termination for cause, resignation and retirement are considered breaks in service for the purpose of this Article.

D. Faculty members shall be eligible for 100% of the payment as enumerated in Section A above, if the employee is 59 years of age but not less than 55 years. Such payment shall be a one-time lump-sum payment pursuant to the following schedule:

<table>

</tr>
</tbody>

ARTICLE 31
SUMMER SESSION

A. Selection of Faculty
Summer session faculty (for traditional academic year-10 month-175 days) shall be selected by mutual consent of the instructor and the Chief Instructional Officer (CIO) on the following priority basis:

1. Contract* or regular academic employees who were employed during the preceding summer session;

2. Contract* or regular academic employees who were not employed during the preceding summer session;

4. If a faculty member is not selected in the above order, the CIO, upon request of the faculty member, shall provide a written statement to the person explaining the reason(s) for his or her nonselection.

5. Compensation for summer session faculty shall be in accordance with the Overload Academic Salary Schedule, Appendix A-2, except for 11 or 12-month employees filling their regular load. 11 or 12 month faculty members shall be paid full load for all duties within their 11 or 12 month contract.

6. Summer session faculty may be offered more than one course during a summer session.

7. The District and Federation agree to meet and confer over the potential effect(s) of an alternate calendar on faculty contract assignments.

* Contract employees in this example are Tenure Track Full Time Faculty.

ARTICLE 32
FACULTY SERVICE AREAS

A. The District agrees that Faculty Service Areas shall be used for layoff purposes only. The District will utilize the latest Minimum Qualification list provided by the State Chancellor’s Office. (Appendix C-2)

B. The District shall update the Seniority/Faculty Service Area list each fiscal year by October 1 of each year.
Article 33

PROFESSIONAL ADVANCEMENT

All activities should be reviewed by the Standards and Practices committee before a faculty member participates if the faculty member wishes to apply the professional development towards a professional advancement credit. In cases where an activity cannot be reasonably anticipated, up to 9 units may be retroactively applied over the course of employment with FRC, if the committee determines that the activities clearly and appropriately fit into one of the first three categorical activity types listed below. Faculty may bank hours when they participate in activities which are determined to be equivalent to less than one unit of advancement credit. Banked hours will be accumulated until they equal 54 hours, at which time one unit of advancement credit will be applied. Salary advancement will be applied as promptly as possible, typically in the pay period following the approval of advancement provided Professional Advancement materials arrive in time to be included in the next payroll cycle. Appropriate activities to be considered for professional advancement:

1. Units after the bachelor’s degree from an accredited institution which contribute towards a faculty member’s improved depth or breadth of knowledge in the field in which they teach. (Units means semester units)
2. Professionally pertinent training that leads to certification, re-certification, or licensure related to the field in which a faculty member teaches. Fifty-four hours of training is equivalent to one unit towards professional advancement. Participants are responsible for clearly documenting hours of participation.
3. Faculty members may submit proposals for other activities that will contribute towards expanding their depth and breadth within their field. In this case, fifty-four hours of participation is equivalent to one unit towards professional advancement. Participants are responsible for clearly documenting hours of participation. These proposals must be submitted, reviewed, and accepted by the Standards and Practices Committee before they occur.

ARTICLE 34

PAST PRACTICE

It is understood and agreed that the specific provisions contained in this Agreement shall prevail over District practices and procedures and over state laws to the extent permitted by state law, and that in the absence of specific provision of this Agreement, such practice and procedures which are outside the scope of mandatory bargaining are discretionary with the District.

ARTICLE 35

COMPLETION OF NEGOTIATIONS

A. This Agreement shall constitute the full and complete commitment between both parties. This Agreement may be altered, changed, added to, deleted from, or modified only through the voluntary mutual consent of the parties in a written and signed amendment to this Agreement.
B. During the term of this Agreement, the Board and FRFT expressly waive and relinquish the right to bargain collectively on any matter:

1. Whether or not specifically referred to or covered in this Agreement;

2. Even though not within the knowledge or contemplation of either party at the time of negotiations;

3. Even though during negotiations the matters were proposed and later withdrawn;

4. This Article is intended to be a clear and unmistakable waiver of the right of either party to force the other to negotiate during the term of this Agreement on subjects covered or not covered by the Agreement. Either party may rely on this Article as a shield against demands to bargain by the other.

5. This Article does not preclude bargaining collectively for subsequent, new collective bargaining agreements or reopeners during the term of this Agreement.

ARTICLE 36
DURATION

A. This Agreement shall be effective on the date of ratification by the parties and shall continue in full force and effect through June 30, 2022.

B. No later than one hundred and twenty (120) days prior to the expiration of this Agreement, the Governing Board, upon request by FRCT, agrees to begin negotiations on a successor agreement.

C. The provisions of this Agreement shall remain in effect pending negotiation of a successor agreement.

IN WITNESS WHEREOF, the District has approved this Agreement and has caused it to be signed by the President of the Board and the Superintendent/President of the District, and FRCT has approved this Agreement and caused it to be signed by its officers.

CONTRACT AND REGULAR FACULTY

ADVANCEMENT ON THE SALARY SCHEDULE

Column Advancement
1. October 15 is the final date for filing official transcripts from an accredited institution bearing the impress seal of the institution; or the original signature of the registrar, transcript clerk, or recorder which would result in upgrading. After having worked under a particular credential upon reassignment, an instructor will not be paid a lower rate or held at a designated step on the schedule other that that which he would normally hold.

2. Although it is the policy of the District to employ only those instructors who meet, as a minimum, the requirements of Column A, instructors who may be employed under exceptional circumstances who do not meet such requirements may not move to Column B until all requirements for that column are satisfied.

Step Advancement
Feather River Community College District shall advance one (1) step in the schedule after original placement, for each college year of employment in which they teach at least seventy-five (75) percent of the days which schools are in session each year. An instructor teaching half-time or more will be incremented on the regular salary schedule, provided that in the previous year’s service he has performed seventy-five percent (75%) of the days called for in his part-time assignment. In the event that a temporary part-time instructor assumes a probationary contract position with the college, he will be credited on the salary schedule for the total of his past experience with the District, pro-rated for part-time experience.

Vocational Course Credit
Non-academic salary advancement may be granted to vocational faculty for training courses sponsored by recognized business and industrial firms or professional organizations subject to the following provision:

1. Approval may be granted by the Vocational Training Committee, consisting of the College President, Director of Human Resources, Equal Employment Officer, and a FRCFT designated vocational faculty member.

2. A course description or outline of the Vocational Training program must be submitted to the above committee along with the request for approval.

3. The content of the Vocational Training Program must directly relate to the faculty member’s credentialed area.

4. A written statement must be issued by the Vocational Training Committee to the faculty member in response to each request for approval, indicating number of units granted or reason for denial.

5. This article shall not be subject to the grievance procedure.
Upon completion of the above requirements and documentation of completion of the vocational training course, movement on the salary schedule shall be granted according to the following formula: Thirty-two (32) hours of training is equivalent to one (1) semester unit.

If the evaluation is an out-of-sequence evaluation or an evaluation subsequent to an unsatisfactory evaluation, it need only be filled out for the preceding and current semesters.

C. Points are to be submitted by the faculty member for each activity performed. Point values are printed on the Feather River College Professional Service form. Point value must equal a minimum of 30 points for a 6-semester evaluation period in order to obtain a satisfactory evaluation. If points or activities are in dispute the Dean of Instruction, appropriate Division Chair, faculty member, and a union representative (of the faculty member’s choice) will determine the actual point value in a consultative meeting. The faculty member shall be allowed to bring all activity documentation to the meeting. The faculty member shall be given ample time to collect this documentation and present it to the committee. The absolute deadline for all submissions shall be 5 days prior to the final evaluation deadline as per contract.
