FEATHER RIVER COMMUNITY COLLEGE DISTRICT

Statement of Mission

Feather River College provides high-quality, comprehensive student education as well as opportunities for learning, workforce preparation, and achievement in a small college environment. The College provides general education, associate and bachelor's degrees, certificates, transfer programs, and life-long learning for a diverse student population by serving local, regional, national and international students through traditional face-to-face instruction as well as distance education. The College also serves as a cultural and economic leader for all communities that lie within the District and embraces the opportunities afforded by its natural setting.

Statement of Vision

Feather River College cultivates engaged citizens striving for a resilient, solution-based society. As a campus community, we aim to foster the values of education, service, and stewardship in our students, staff, and community. We will continue to develop our educational and co-curricular offerings to support our students' pursuit of sustainable, fulfilling, and dynamic lives.
Feather River College Strategic Plan
Strategic Plan

President’s Message
This strategic plan was developed as the overarching plan for the growth and sustainability of Feather River College over the next 4 years from 2016-2020. This plan is different in that it incorporates input from existing committees, accreditation planning, other college goals, and the program review process. The purpose of this Strategic Plan is to provide the basis for all college planning – both in terms of yearly goals and long term goals for the betterment and growth of Feather River College. This is not a standalone plan; it is a dynamic document that will change with new information and provide the basis for long term stability and to ensure alignment with ACCJC accreditation standards. The Strategic Plan provides the measurable outcomes in support of the FRC Mission. The Educational Plan, Strategic Technology Plan, Facilities Master Plan and others exist to support the overall Strategic Plan.

Major objectives:

- FRC will continue to offer quality educational programs for students in support of the FRC Mission.
- FRC will maintain 100% apportionment level funding from earned FTES.
- FRC will improve in the California Community College Student Success Scorecard measurable outcomes.
- Student Services will meet or exceed requirements for the Student Support Services Programs, Basic Skills Initiative, and Student Equity Plan.
- FRC will continue to sponsor and support, in keeping with its Mission, liberal arts and sciences. (Including general education and transfer), vocational education and developmental education
- Enrollment in general education will continue to increase, because of increased number of fulltime students.
- FRC will continue to offer intercollegiate sports. A majority of students participating in intercollegiate sports will take college-level transferable classes.
- There will be an ongoing demand for distance education, noncredit courses, Incarcerated Students Program, and other instructional service agreements.
- FRC will offer one bachelor’s degree in Equine and Ranch Management.

Structure and Philosophy of the Plan
Feather River College has many levels to its institutional planning. Annual program reviews (APRs) are submitted by each program and department to provide yearly planning goals, SLO integration, and budget development in support of program goals. Comprehensive Program Reviews (CPRs) occur every four years and is designed to provide a more in-depth analysis of data and SLO achievement information. In addition, an action plan was included with the recent ACCJC institutional self-evaluation that provided a planning agenda for recommendations from the site visit and noted self-improvement list of objectives. Finally, existing committees have been charged with developing yearly goals in support of the objectives from the Strategic Plan.
The overall goals for the Feather River College 2015-2019 Strategic Plan are organized under the four ACCJC accreditation standards and provide a foundation for integrated planning.

Feather River College uses its mission and other philosophical statements as the overarching goals for the district. Strategic Direction I assures that the college will work to improve institutional effectiveness through the execution of the mission, effective communication, quality assurance, and measuring institutional effectiveness. Strategic Direction II ensures high-quality educational programs and student support services for all students. Standard III provides for the analysis and planning of resources that support the FRC mission, including personnel, facilities, technology and providing fiscal support while maintaining fiscal stability. Strategic Direction IV defines and measures the roles of decision-making processes and ensures that the college has a sufficient structure to support the mission.

FRC allocates resources to programs to effectively support the student learning identified in the mission while maintaining fiscal stability. Program leaders will link program plans (comprehensive and annual program reviews) to strategic directions. One of the criteria for funding programs will be the degree to which proposed objectives further Feather River College’s mission and strategic directions. Committees, programs, and employees of the district (through their regular duties) will work toward the execution of the mission.

Mission Statement

Feather River College provides high-quality, comprehensive student education and opportunities for learning, workforce preparation, and achievement in a small college environment. The College provides general education, associate’s degrees, bachelor’s degrees, certificates, transfer programs, and life-long learning for a diverse student population by serving local, regional, national and international students through traditional face-to-face instruction as well as distance education. The College also serves as a cultural, and economic leader for all communities that lie within the District and embraces the opportunities afforded by its natural setting.
Strategic Direction I

Institutional Effectiveness: College policies and processes ensure the effectiveness of the teaching/learning culture, quality assurance and mission appropriateness while also improving communication and outreach efforts.

A. The President’s Office will collegially develop ways to measure how the college fulfills the College Mission Statement and communicate these quality assurance measures to the campus, community, and Board of Trustees. This will be measured by the development and reporting of metrics that are directly related to measuring the mission. (Identified in Accreditation Planning Agenda)

B. The SLOAC Committee will ensure that student learning improvement is a visible priority in practices and decision-making across the College. This will be demonstrated by (1) establishing SLO improvement as a criterion in APR prioritization, (2) developing a mini-grant process tied to comprehensive program review to fund one-time costs, and (3) finalizing and publicizing an Assessment Plan. (Identified by COI, SLOAC, Curriculum, Academic Policies)

C. The Office of Research and Planning will publish standard reports that demonstrate the decisions and changes brought about by the SLOAC and Planning Process that improved institutional effectiveness. This will be evidenced by yearly reports that highlight activities and decisions which demonstrate improved institutional effectiveness. (Identified in Accreditation Planning Agenda)

D. The Office of Research and Planning will collegially develop a structured process for evaluating the College’s shared decision-making and committee recommendations. This will be evidenced by the development and implementation of an appropriate survey along with presentations regarding the results to the campus community. (Identified in Accreditation Planning Agenda and Accreditation Standards)

E. The President’s Office will transition the College to a new website and ensure up-to-date College publications. This will be evidenced by results from surveys and focus groups regarding the effectiveness of the website. (Identified in Accreditation Planning Agenda)

Support Plans
College governance committee planning and working documents interlink with this strategic goal. Through the execution of these plans, the college will meet the expectations of Strategic Direction I. These plans include: Comprehensive Program Reviews; Annual Program Reviews; Accreditation Self Evaluation Report Planning Agenda Items; The Strategic Technology Plan.

Committee Support

Strategic Direction II

Student Learning: The College offers high-quality educational programs and support services that support student learning. This includes prioritizing student success initiatives, instructional programs, student services and library support to support the overall goals of student access, retention, student equity, active student life, and strong academic programs.

A. The Strategic Enrollment Management Committee will develop a model to predict and track overall FTES and headcount by instructional delivery method defined as follows: 1) students who attend FRC primarily on campus and through distance education, 2) students enrolled in Instructional Service Agreement courses, and 3) students enrolled in the Incarcerated Student Program. FTES and headcount reports will be developed by instructional method for each term. Once implemented, the prediction model will be reviewed to determine its effectiveness and accuracy. (Identified in Accreditation Planning Agenda, Strategic Enrollment Committee)

B. The Council on Instruction and Academic Senate will guide the development of experiences that promote skills development, improved student course choices, and a sense of community at all levels. This will be demonstrated by (1) establishing a book in common program or similar supplemental programs, (2) improving clarity of course requisite expectations and adherence, (3) implementing more culminating projects or portfolios, and (4) improved graduation and retention rates. (Identified by COI, Academic Senate, Curriculum Academic Policies)

C. The Strategic Enrollment Management Committee will determine through data analysis and discussion with all areas an FTES/headcount goal for each instructional delivery method. The Committee will recommend strategies for growth in all delivery areas with an emphasis on on-campus students in anticipation of funding by the state of California. These recommendations will be based on facilities, personnel, and overall costs. (Identified by Strategic Enrollment Committee, Accreditation Planning Agenda)

D. The Council on Instruction and Curriculum Committee will maintain and develop academic programs that allow the College to competitively market itself to prospective students by:
1. Marketing FRC as a solid Liberal Arts educational institution while maintaining its strength in unique and career/technical programs, as measured by the increased availability of transfer degrees and their associated enrollment.
2. Creating, marketing, and delivering distance education offerings that allow the College to better serve local and regional students as shown by an improved DE presence on the College website, better integration with the California Virtual Campus, established quality-assurance procedures for DE courses, and approval of DE programs and support services by the ACCJC.

Re: Budget Strategy and APR Funding Recommendations for 2019-20

This memorandum is to update the Budget Committee on final APR funding recommendations from the Strategic Planning Committee, and to present the items that are considered for inclusion into the 2019-20 budget development. The purpose is also to highlight some unknown factors that may impact the final budget for 2019-20.

The Strategic Planning Committee met over the year to rank and discuss all APR budget requests, taking into account those higher ranked areas that could be funded from external funds with Instructional Equipment/Library Materials Block Grant, SSSP, Lottery funds, or Equity Program funding. A CAM analysis was used to prioritize areas that most follow the mission, Student Centered Funding Formula, and Guided Pathways initiatives.

Unknown factors will still influence the final budget. These include:

- Unknown impact of the Student Centered Funding Formula on 2019-20 budget
- Unknown funding from Student Centered Funding Formula take-back reduction on 2018-19 current budget
- Contract negotiations and salary adjustments

The good news is that FTES is higher than projected and we hopefully can obtain growth funding if it is included in the upcoming budget. There is also a possibility of unused statewide growth funds in the current year.

The goal is to use the APR budget process, even in times of uncertainty and tight funding, to prioritize new expenditures. Of note is that about one-third of the items submitted through the APR process were recommended to be funded this year. I want to thank the Strategic Planning Committee for their dedication to making this as fair a process as possible, and to look at the global needs in addition to departmental needs. Strategic Planning Committee members include Nick Boyd, David Burris, Chris Connell, Bryon Hughes, Agnes Koos, Derek Lerch, Will Lombardi, Carlie McCarthy, Jim Scoubes, and Katie Schmid. The committee also looked at ways to improve the process for next year, and those will be included in the APR process for the fall semester.

MEMORANDUM

May 10, 2019

TO: Chief Business Officers

FROM: Wrenna Finche, Director of Standards and Accountability
College Finance and Facilities Planning Division

RE: Fiscal Year 2019-20 Annual Appropriations (Gann) Limit

Pursuant to Article XIII-B of the State Constitution and Government Code (GC) section 7900 et seq., community college districts are required to compute an annual appropriations limit, commonly referred to as the Gann Limit. The appropriations limit is adjusted annually for changes in price index, population, and other applicable factors.

Report Requirement – Gann Limit Worksheet

GC section 7908(c) requires each community college district to report annually to the Chancellor of the California Community Colleges its appropriations limit, appropriations subject to limit, the amount of state aid apportionments and subventions included within the proceeds of taxes of the district, and amounts excluded from the appropriations subject to limit. A form for computing these four items is enclosed for your convenience. This information is to be reported on the Annual Financial and Budget Report, CCFS-311 Gann Appropriations Limit form.

Price Factor

GC section 7909 requires that the Department of Finance notify the California Community Colleges Chancellor’s Office by May 1 each year of the price factor to be used in establishing the appropriations limit. The price factor to be used is defined as the change in fourth quarter California per capita personal income. The price factor applicable to the 2018-19 appropriations limit is 3.85%:

Notification if Appropriations Limit is Exceeded

GC section 7910 requires community college districts to annually secure the approval of their local governing boards of the proposed appropriations limit. If a district anticipates exceeding its appropriations limit, the district can increase its appropriations limit by notifying the Department of Finance within 45 days of local board approval. This notification allows the Department of Finance to transfer surplus state appropriations limit authority from the state to the district per GC section.
7902.1(c). Please provide the Chancellor's Office a copy of any notification to the Department of Finance.

**Action Requested/Date Due:**

Please complete the separately attached Gann Limit Worksheet as part of the process for developing the tentative budget for 2019-20. The appropriations limit must be approved by the district's governing board in accordance with Government Code section 7910. After board approval, keep the worksheet for your files for later reference in reporting the necessary Gann Limit information on the 2018-19 CCFS-311, which is due on or before October 10, 2019.

**Contact:** If you have questions about this memorandum, or if the projected appropriations exceed the 2019-2020 Gann Limit, please contact Michael Yarber at (916) 327-6818 or myarber@cccco.edu.
