Items Reviewed and Discussed: Items to Review/Discuss:

- a. Check in on start of semester – going pretty good, some wifi issues at the dorms with everyone doing online classes, some challenges with Canvas have been shared. The instructors use it differently so it's a lot for students to adjust to. There have also been challenges with smoke and air quality but overall feels like there is more compliance than complaints and students have seemed happier this week, especially athletes getting to practice. Would like to see some more events. Students want to see other students. It was suggested to consider offering some outside or socially distanced events.
Bama shared that there was an activities meeting a couple days ago and plans are in the works for a Fall Fest in October and we have a big inflatable screen coming and will be able to show some outdoor movies on the green.
- b. Club Reports – Officers were unsure of the level of involvement from advisors, but there is interest in keeping the Social Justice Journalism club going.
Taneesha Porter expressed interest in BSU and is talking with Keshawn as a potential Advisor. Angelina shared that PTK is working on an Honor's project in collaboration with Social Justice.

- c. Upcoming Events – Fall Fest, movies on the green starting soon. Interest in doing something for Halloween.
- d. Goals and Objectives / Projects for School Year – Carlie shared that Dr. Trutna asked if ASFRC would be interested in spearheading organizing a time capsule in honor of the recent 50th Anniversary of the college. Everyone was interested and would like to talk more. Interest was also expressed in continuing to look at a student fee for gym membership and the group would like to sell or get FRC hoodies.
- e. Fall Meeting Schedule – Friday works well for everyone and 10:00 was also good time for everyone. The next meeting will be on 10/23 at 10:00 AM.

Adjournment: 10:34 AM
