

SUMMER ENRICHMENT Scholarship Guidelines

2019

Del Norte Schools

Dear Students, Parents, Teachers and School Administrators:

In an effort to be as fair and consistent as possible in disbursing funding for summer enrichment program scholarships, the following policies have been instituted. Please read this information carefully before you fill out scholarship applications.

In order to be eligible for the summer enrichment scholarship, students must complete the application process completely. Applicants must submit the following forms. The **PARENT INFORMATION and RELEASE FORM** (to be completed by a parent or guardian) and the **STUDENT APPLICATION FORM** (to be completed by the student). A **STUDENT ESSAY** stating the purpose of the program and how/why it will be beneficial for the student to attend. Write the essay carefully; student essays will be read by a committee of people who will choose the best candidates for the scholarship. A **Recommendation Letter** completed by a teacher, guidance counselor or building principal. Students should also submit a **BROCHURE or WEB ADDRESS** for the summer program they wish to attend

Students are encouraged to apply for the scholarship yearly. However, students that have not received the award in the past will have priority over previous award winners. If a student fails to report to the program after the scholarship has been paid, the student will not be eligible to receive funds for future summer enrichment opportunities, unless there were extenuating circumstances. In the event that this occurs, the student (or parent) must submit an explanation of the circumstances in writing to the Del Norte School District within two weeks of the starting date of the program.

The parent is required to pay registration fees and associated costs in advance of scholarships being awarded, he/she will be reimbursed out of the total scholarship award after presenting the school district with the proper paperwork supporting such payments.

Before you make an application for a summer enrichment scholarships you need to spend some time searching the internet for information about summer programs that are available and determine which program you are interested in attending. (You will also need to print out a brochure for the program you are interested in, so you may want to do that before you begin the application process.)

*Please do not apply for a scholarship unless you are **certain** you will be attending the Summer Program you have chosen. Once you apply for a scholarship, decisions are being made about how to disburse the funds available for that year so if you are awarded a scholarship, then decide not to attend; you have potentially kept someone else from being able to participate.*

The school district is offering four scholarships. The scholarship panel will decide the value of the scholarship awarded based on costs of the program the student is attending.

Applications can be found on the Del Norte School District's website dnscsd.org under the "PARENTS" tab.
