Joan King Smith Memorial Scholarship

The Joan King Smith Memorial Scholarship was established by Chris and Marianne King in memory of Joan King Smith, a woman, mother, and friend who was passionate about taking care of others and spent a lifetime doing it.

Joan was always there for her family and friends during their time of need. She spent hours, days, and even weeks bedside caring for those that were sick. Her friends always told her that she missed her calling of being a nurse. Joan would always nod her head in agreement. This scholarship is established in honor of Joan King Smith, to financially assist others like Joan who are passionate about taking care of others and wish to pursue an education within Allied Health.

The Health Science programs eligible for this award are: Medical Assistant, Patient Care Technician, Pharmacy Technician, Practical Nursing, Radiological Technology, Veterinary Technology, and any NTCC health science transfer pathway.
