Congratulations!!

A Message to our Fall 2019 and Spring 2020 Graduates

Perseverance, Resilience, Tenacity, and Strength are just a few of the characteristics that define the graduating class of 2020. On behalf of the administration, faculty, and staff, I wish to congratulate you on your accomplishment. In light of the current circumstances, you remained committed to your personal goals and achieved a college education. You represent the best of our mission and you have set a high standard for all future students!

As an alumnus of Northshore Technical Community College, you join a network of professionals making a significant impact on our world. While your educational journey with Northshore Technical Community College draws to a close, your lifelong journey of career success is just beginning. Speaking of closure, it is our goal provide our graduates a proper ceremony to confer degrees when it is safe to do so and in full compliance with CDC guidance.

Until then, we encourage all graduates and families to take pause on Monday, May 18, on what would have been our commencement ceremony and celebrate our graduates in your own unique way. When doing so, please take a moment to view the official Commencement Address from Governor John Bel Edwards below. In addition, we are pleased to share inspiring words from the President of our Louisiana Community and Technical College System, Dr. Monty Sullivan. As your Chancellor, I look forward to officially conferring your degrees in person when it is safe to do so.
