Job Summary:

The Director of Advanced Manufacturing, Supply Chain, and Safety is responsible for achieving the management, recruiting and curriculum goals of various projects in academic and outreach programs within the Strategic Initiatives Division. The successful candidate will work directly to achieve the goals of NTCC’s DOL grant: The Evolution of Apprenticeships in Mechatronics to Workforce Opportunities and Regional Collaboration, or TEAMWORC. They will provide critical educational opportunities and career pathways for residents in the five-parish service area of Northshore Technical Community College. Must manage project budgets and ensure all aspects of the projects are compatible and flowing smoothly. She or he will supervise the Assistant Director of Advanced Manufacturing, Supply Chain, and Safety as well as other program personnel.

QUALIFICATIONS:

Minimum Qualifications:

- Master’s degree in one of the related disciplines from a regionally accredited institution
- Experience in higher education
- Ability to work effectively with a diverse employee and student population
- Ability to travel to off-site meetings, events and conferences
- Demonstrated ability to present and facilitate professional development
- Ability to instruct and train in online course programs such as Canvas
- Driven to achieve goals
Preferred qualifications:
- Master’s degree in an Advanced Manufacturing, Mechatronics, Supply Chain & Logistics, Safety, or related discipline from a regionally accredited institution
- Experience in higher education
- Five or more years of experience in higher education
- Experience in college setting and/or working with business and industry partners
- Familiarity with PM software, collaboration and time management tools
- Experience with process improvement; KPIs; and metrics
- PMP Certification or willingness to pursue certification
- Advanced time management and analytical skills
- Excellent client-facing communication skills
- Prior supervision experience
- Demonstrated understanding of NTCC’s mission and goals
- Attention to detail
- Ability to embrace change in a dynamic higher education setting

RESPONSIBILITIES:
1. Provide leadership for all major programs and activities designed to advance the TEAMWORC grant initiative.
2. Develop new credit programs in three critical occupational clusters (Advanced Manufacturing/Mechatronics, Supply Chain Management and Logistics, and Industrial Safety)
3. Meet with community college partners and industry partners to take detailed ordering briefs and clarify specific requirements of each workforce project.
4. Track project performance, specifically to analyze the successful completion of short- and long-term goals.
5. Meet budgetary objectives and adjust project constraints based on financial analysis.
6. Develop comprehensive project plans to be shared with clients as well as other staff members.
7. Use and continually develop leadership skills.
8. Lead on all activities related to the TEAMWORC grant including both recruiting and curriculum development.
9. Responsible for utilizing grant funds to provide the best possible candidates for industry partners.
10. Working with community training programs to identify potential opportunities.
11. Responsible for assisting college in faculty retention and recruiting efforts.
12. In charge of getting student involvement in project-based work, internships, pilot programs and other activities.
13. Responsible for including other campus sites in Advanced Manufacturing/Mechatronics activities.
14. Work collaboratively within the system and with institutions in the state to share resources, ideas and best practices.
15. Expected to provide creative and innovative solutions to reach the recruitment and other goals of the TEAMWORC Grant and other programs.
16. Provide leadership on all college-wide TEAMWORC related education outreach programs, such as:
   - Facilitate faculty and staff learning communities and workshops
   - Develop and support programming that contributes to an inclusive learning environment
   - Design, build, sustain, support and assess educational development initiatives, especially those focused on TEAMWORC grant initiatives
   - Build key relationships across campus and within the community
• Work with the Strategic Initiatives Division to develop, manage, and maintain newsletters, websites, and social media that will help us share information about the TEAMWORC initiative.
• Research and develop new courses and programs
• Monitor and implement statewide curriculum initiatives
• Recruit prospective students
• Conduct training for faculty members in implementing the TEAMWORC project
• Grants development and management
• Creates, plans, coordinates, promotes, and oversees NTCC's camp programs
