			SECTION 1: ENRO	LLMENT, RETENTIC	ON, AND COMPLETIO	N				

	SECTION 1: ENROLLMENT, RETENTION, AND COMPLETION						
АУ		# STUDENTS ENROLLED		DISCUSS ENROLLMENT HISTORY AND ENROLLMENT FOR PROGRAM SUSTAINABILITY (IF INCREASED, INCLUDE EVIDENCE OF CONTRIBUTING FACTORS/IF DECREASED, DISCUSS RATIONALE AND IMPLEMENTATION PLANS FOR IMPACT)			
2021-2022		23	-65% (from baseline)				
2020-2021		43	-34% (from baseline)				
2019-2020		65	Baseline				

DISCUSS ENROLLMENT TRENDS

The Drafting & Design Technology program experienced a 65% change decrease in enrollment from year one to year three. Since the last program review, curriculum changes were made based on industry requests. The program was reduced from a three semester to a two semester program. It is assumed that these changes as well as challenges related to advising are contributing to decreases in enrollment. The College is aware of challenges related to program enrollment and completion and are currently in the process of taking steps to remedy.

Recruitment initiatives include NTCC attendance at college fairs targeted at high school students and the general public, utilization of Recruit software to communicate with prospective students, hosting on-campus open house events that highlight our various programming, supplementing recruitment efforts with the use of social media as well as other forms of media and advertisement. Additionally, college-wide admissions and recruitment efforts are overseen by our Director of Admission. Lastly, NTCC's strategic plan focuses on realizing institutional goals and objectives directly related to program expansion and student achievement. Taken together, these efforts are expected to positively impact program enrollment.

Source: IPEDS 12 Month Unduplicated Enrollment; Summer semester leading

Note: Students may change majors throughout the academic year. To account for this, students' major (as coded in Banner) as of their term last enrolled was used.

	ENTER GRADUATES BY AWARD TYPE									
AY	Associate	Diploma	Certificate	CTC (A2)	"Pre" programs	Total (unduplicated) Completers				
2021-2022	-	-	2	-		2				
2020-2021	-	-	20	-	N/A	20				
2019-2020	-	3	29	-		32				

	TOTAL CREDENTIALS AWARDED**							
AY	Associate	Diploma	Certificate	СТС	Total Awards			
2021-2022	-	-	2	-	2			
2020-2021	-	-	20	-	20			
2019-2020	-	3	31	-	34			

DISCUSS COMPLETION TRENDS

Listed below is the total number of unduplicated completers/graduates per academic year, across all award types:

AY 2021-2022: 2 AY 2020-2021: 20 AY 2019-2020: 32

The total unduplicated, number of program completers each academic year has declined. Over the specified three-year period, the program has completed an average of 18 students annually.

**Total Credentials Awarded indicates the total number of program credentials awarded within a given academic year. This number is duplicated; meaning that a student may have been awarded more than one credential within a given program within an academic year.

^{*}Completer/Graduate number is unduplicated by highest credential earned, meaning that each student is counted once, regardless of the number of credentials earned within a given year.

FALL TO SPRING RETENTION							
AY	% OF STUDENTS RETAINED						
Fall 2021 to Spring 2022	3 (out of 3)	100%					
Fall 2020 to Spring 2021	5 (out of 10)	50%					
Fall 2019 to Spring 2020	10 (out of 14)	71%					
Three-year average:		74%					
co year are age.		74%					

Source: State Operational Plan

Note: Data represent the percentage of first-time, full-time, degree seeking students enrolled during a given fall semester who returned to the College in the following spring semester. Students who transferred in the Spring semester were excluded from retention calculations.

		AVERAGE TOTAL COST OF ATTENDANCE FOR STUDENTS IN PROGRAM
2021-2022	Associate	-
2022 2022	Diploma	-
	Certificate	\$4,203.04

Program cost of attendance is based on completion of the program at the indicated exit level by a full-time student enrolled in 12-15 credit hours per semester. Tuition & Fees for students enrolled in 12-15 credit hours = \$2,101.52.

AVERAGE MONTHS TO COMPLETION BY AWARD TYPE

5.	Thomas Pump	DRFT	Х	Х			Х			
6.	Greenleaf Lawson Architects	DRFT	Х	Х			Х			

SECTION 5: PROGRAM ASSESSMENT

List program goals for enrollment, completion, and retention for the next 3 years.

- 1. Enrollment Goal: 30% change increase in enrollment
 - a. From 23 students enrolled in 2021-2022 to 30 students enrolled by 2024-2025
- 2. Completion Goal: Increase number of unduplicated completers.
 - a. From 2 completers in 2021-2022 to 15 completers by 2024-2025
- 3. Retention Goal: Maintain fall to spring retention
 - a. From 100% retained in 2021-2022 to 100% retained by 2024-2025

Discuss Program Learning Outcomes (PLOs) and address what are they, how are they measured (final capstone course, standardized exam, etc..) and the process for re-evaluation (frequency of assessment). Please indicate which national standard (if any) you are using to establish program learning outcomes.

- 1. Program Learning Outcomes (PLOs):
 - Construct free-hand sketches of images based on evaluation of three-dimensional objects.
 - Prepare residential architecture drawings through application of diverse AutoCAD operations.
 - Assemble complete drawings compiling multiple geometric axioms while producing graphics of medium-to-high technical complexity.
 - Create animated three-dimensional models showing moving parts, assemblies, and machinery supported by mechanical design principles.
 - Generate pipe system drawings through the use of three-dimensional software with appropriate design considerations (materials, standards, technologies, and operations).
- 2. Indicate how you are measuring PLOs:
 - NTCC faculty members and Associate Provosts develop program-level operational outcomes and student learning outcomes
 for each educational program offered by the college. Programs of study at NTCC have a minimum of five program-level
 student learning outcomes. Multiple measures are adopted for each program-level student learning outcome, one of which
 must be a direct measure of learning (i.e. as the results of an exam).
- 3. PLO Frequency of assessment:
 - Assessment is conducted over a two-year period. A formative report is submitted after the conclusion of the first year within
 a cycle to document progress related to student achievement. At the conclusion of the two-year cycle, a summative report is
 submitted for each program which analyzes assessment findings as well as documents results and evidence. Upon the close
 of a cycle, faculty develop and implement action plans that seek to improve teaching and learning within the program
 related to achievement of each program-level student learning outcome.
- 4. Indicate National Standard used to establish PLOs (if applicable)

Part B: Program Recommendations

CHANCELLOR / DIRECTOR RECOMMENDATION ON PROGRAM CONTINUE MODIFY, TERMINATE, OR EXPAND INCLUDE MOST RECENT PROGRAM HEALTH INDEX REPORT WITH RECOMMENDATIONS (IF RECOMMENDATIONS WERE MADE) N/A; no recommendations were made. PROVIDE A SHORT NARRATIVE THAT INCLUDES THE PROGRAM'S PLAN FOR ADDRESSING EACH RECOMMENDATION (IF APPLICABLE)
