Learning at Home

Let's work together to reduce the number of hours kids spend watching videos, TV or playing video games. Here are some ideas to get them actively learning:

- Students can:
  - Read a book.
  - Go to the public library.
  - Help make a meal.
  - Play a math game in the car or store.
  - Write down the grocery list.
  - Build something with boxes.
  - Play a game or play at the park.

Here are some learning programs. All students have access to the first three resources.

iReady - www.clever.com

Click Log in as a student. Use your child's log in card or
