a world of possibility

March 11, 2020

Tukwila School District Superintendent Flip Herndon

Tukwila School District is committed to promoting the health and safety of our students, staff, and community. With the recent developments related to COVID-19, we want to provide you with updates on the status of our school district and our efforts to ensure the well-being of our community.

King County

The King County Board of Health declared a public health emergency on March 11, 2020. The county has reported 26 COVID-19 cases as of March 11. These cases have been reported in cities across the county, including Tukwila.

COVID-19 cases have been confirmed in King County, including 26 cases and 1 death as of March 11. The county has issued a public health emergency and is implementing measures to control the spread of the virus.

Our School District

The Tukwila School District is currently in session, but we are providing remote learning options for students who are unable to attend school due to health concerns. We are working closely with our schools and local health authorities to ensure that our students have access to quality education and support during this challenging time.

We encourage our community to continue to follow public health guidelines, including wearing masks, practicing social distancing, and washing hands regularly. We also encourage our community to support local businesses and community organizations that are providing essential services during this time.

We will continue to provide updates as more information becomes available. Thank you for your support and cooperation.

Flip Herndon, Superintendent
Tukwila School District
