

Career and Transfer Services News

From the Desk of the Director

Welcome to the Office of Career and Transfer Services. Our team of professional advisors is committed to serving our students and alumni, building relationships with business/industry leaders and employers, and collaborating with our faculty and staff. We provide services to help our students achieve their educational and career goals by creating opportunities for them to connect to potential employers and pathways for them to connect to 4-year colleges and universities.

Our services include career assessment and planning, career fairs, on-line job board, job search, mock interviews, resume development and assistance, transfer fairs, and assistance with transferring to a 4-year university.

We look forward to working with our students. Remember, the journey to career success begins with Career and Transfer Services.

Dr. Krystal N. Martin

Meet the Staff

Partnerships that Work

Pathways to Accelerated Career Education, or PACE, is a TAACCCT grant funded program that focuses on workforce pathways at SLCC. Career and Transfer Services and PACE found innovative ways to partner to provide college and career services to PACE students.

This spring we hosted a workshop series for workforce pathways students on the New Iberia Campus, provided job search information to PACE medical assistant students, and together we are in the process of creating an employer database. The PACE staff also provided invaluable assistance to us at the Spring Career Fair.

“We are fortunate to have such a great partnership between our offices and our students reap the benefits in their job searches.”
Connor Chauveaux,
TAACCCT Navigator
& Site Advisor

We look forward to working closely with one another in the upcoming semesters.

Connect with SLCC

Student Spotlight

Name: Blake Bonnette

Major: Drafting & Design Technology
Graduation: May 2015

Hometown: Patterson, LA

Plans after SLCC: To start a career in Draft & Design Technology.

What are your career goals? To get into a specific drafting field and become the "best I can be at that trade to move up."

How did you hear about Career and Transfer Services? From my college success instructor, Daniel Patterson, who brought our class there at the beginning of the semester.

How was your experience using Career and Transfer Services? I was provided helpful and straightforward assistance. I felt comfortable there. The best assistance was on how to create a resume and getting guidelines to follow on finding a job.

What was your experience at the Career Fair? Forte & Tablada, an engineering firm from Baton Rouge, called me in for an interview.

Online Job Board

Looking for a job or know someone looking for a job? Look no further!

Career and Transfer Services hosts an online job board to connect students with great careers in their field. We work closely with employers to advertise full-time and part-time positions.

The job board is updated daily, so be sure to check it every day for new posts. Visit the job board and find your new career today.
