

Career and Transfer Services News

From the Desk of the Advisors

Career and Transfer Services is here to guide you through the all steps of the transfer process. From deciding on a major and choosing a school, to applying for admissions and searching for scholarships, the advisors in Career and Transfer Services are eager to be a part of your transfer journey every step of the way.

We have multiple opportunities throughout this semester to meet one-on-one with representatives from 4-year schools from all over the Southern region. Be sure to visit our website to be in the know on all the upcoming transfer events!

See you soon!

Health Professions Fair

During the Fall 2015 semester, Career and Transfer Services hosted SLCC's first Health Professions Fair. Career and Transfer Services worked directly with SLCC's Allied Health Department to provide students with the opportunity to network with healthcare professionals.

We invited representatives from leading healthcare companies and 4-year schools' allied health programs to visit SLCC and discuss the opportunities they have available for our students.

The fair was a great success, and many of the companies extended interviews and job offers to our students.

"It was a great experience. We have had several students that have already been employed by these companies while they are still in school."
