He noted that the teachers got into the holiday spirit and decorated all the locker doors since decorating classroom doors has become a fire hazard. He noted that the first week after the holidays had been a short week with teachers having a hard time getting the students motivated to start back up! This week things were picking up with StuCo holding their first meeting. Band and Chorus are fundraising for their trip to Florida in March.

Dr. Brunelle shared with the Committee that Mr. Fahey will be serving as the District's representative on the Town's "Municipal Vulnerability Preparedness (MVP) Grant Team." The Town is seeking grant funding which provides support for cities and towns for resiliency and to implement key climate

change adaptation action for resiliency. Invitations will be sent to 40 citizens who will be invited to take part in the work of 4 separate teams: understanding ongoing issues, hazards, local planning and defining top hazards; identify and map vulnerabilities and strengths of infrastructure and social and environmental risks in our town; develop and prioritize actions that reduce vulnerabilities and reinforce strengths for our community; and identify opportunities to advance actions that further reduce the impact of hazards and increase resilience in our community. Four AHS students will assist in this day-long event on February 28th. Dr. Brunelle thanked Mr. Fahey for his willingness to serve in this capacity and thanked the four students: Julie Zona; Niccola Zona; Shea Brown and Angie Davis for their commitment to this important work.

Mark Maass, Emergency Management Director, has notified the Town that work on the plan needs to be completed over the next couple of months. Dr. Brunelle noted the first meeting was scheduled for Thursday, January 10th and she would keep the Committee apprised of the Team's work.

#### Rescind Authorization for Balance of AMS Project

Dr. Brunelle reminded the Committee members that the MSBA required the Town of Auburn to authorize the full value of the Auburn Middle School project, as well as the MSBA Accelerated Repair

Projects, even though the Town was only responsible for its share of the eligible costs.
